ONTARIO

THE DIVISION OF PUBLICITY
Department of Travel and Publicity

THE PARLIAMENT BUILDINGS
MAIN SWITCHBOARD NUMBER
IS

EM. 3-1211

In view of the fact that many of the local numbers are being constantly changed, it is advisable to ask the Parliament Buildings operator for the office or person by name.

By so doing, you may avoid a wrong local and making a second call.

BUSINESS HOURS

Monday-Friday — 8.30 a.m. to 5 p.m.

Saturday — Closed

The switchboard is open 24 hours
a day, seven days a week.

From November 1st to mid-April, for information on condition of highways, 7 days a week, 24 hours a day — call EM. 8-1108.

Highway information can also be reached through main switchboard at all hours as long as that office is staffed.

Outside Toronto call your local
Department of Highways office

Lieutenant-Governor

← HON. WILLIAM MURDOCH,
Speaker of the Legislature.

MAJOR B. HANDLEY GEARY, V.C.,
Sergeant-at-Arms with the Mace.

THE LEGISLATURE IN SESSION

From the Confederation Life collection

FATHERS OF CONFEDERATION

KEY TO "FATHERS OF CONFEDERATION IN LONDON"

The representatives of the original four provinces of Canada met, under the chairmanship of Honourable John A. Macdonald, at the Westminster Palace Hotel in London in December, 1866, to shape the Act to be known as the "British North America Act". The delegates sat continuously from the 4th to the 24th December, and the above picture is said to depict the scene on Christmas Eve, 1866.

As a result of the deliberations of those who have come to be known as the "Fathers of Confederation" the Constitution of Canada took form, and Canada came into being by Royal proclamation on July 1st, 1867.

Those in the picture are as follows:

CANADA

1. Hon. John A. Macdonald, M.P.P.
2. Hon. Geo. E. Cartier, M.P.P.
3. Hon. Wm. McDougall, M.P.P.
4. Hon. W. P. Howland
5. Hon. A. T. Galt, M.P.P.
6. Hon. H. L. Langevin, M.P.P.

NOVA SCOTIA

7. Hon. Chas. Tupper, M.P.P.
8. Hon. J. McCully, M.L.C.
9. Hon. Wm. Johnson Ritchie
10. Wm. H. Henry, M.P.P.
11. Hon. A. G. Archibald, M.P.P.

NEW BRUNSWICK

12. Hon. Samuel L. Tilley
13. Hon. Peter Mitchell, M.L.C.
14. Hon. Chas. Fisher, M.P.P.
15. Hon. J. M. Johnson, M.P.P.
16. Hon. Robert D. Wilmot

17. Lord Monck, Governor-General of Canada
18. The Earl of Carnarvon, Colonial Secretary

LEGISLATIVE ASSEMBLY OFFICIALS

RODERICK LEWIS, Q.C.,
*Clerk of the Legislative Assembly and
Chief Election Officer*

H. ALLAN STEWART,
*Assistant Clerk of the Legislative Assembly
and Clerk of the Executive Council*

HON. BRYAN L. CATHCART,
Minister of Travel and Publicity

Foreword

The Directory and Guide to Services of the Ontario Government is presented in three parts.

First part is the Directory, giving the names of officials commencing with his Honour the Lieutenant-Governor, the Legislature, the Cabinet and the various departments, boards and commissions. Changes in the various departments will arise, the information being as of date of preparation, February, 1960.

The second part is The Guide, a presentation by subject of the services provided through the Departments. This presentation appears to answer a need for those dealing with the government, for communities, municipal and other officials, service clubs and all types of organizations who seek the government agency dealing with a specific subject of service.

The third part presents the publications prepared and distributed by the various departments, available as indicated.

There is also brief historical, statistical and other data on the Province.

The Division of Publicity

G. E. MOORE,
Deputy Minister

HON. BRYAN L. CATHCART,
Minister of Travel and Publicity

G. W. HOGARTH,
Director

DEPARTMENT OF AGRICULTURE

Minister: THE HONOURABLE W. A. GOODFELLOW

The Department of Agriculture is constituted, through its branches and institutions, to serve the agricultural interests of the Province, to promote the prosperity and welfare of farm people, and to develop and improve the agricultural industry of Ontario through a scientific approach to its problems and an appreciation of the needs, not only of the people of Canada, but of the whole world, for supplies of essential food.

There are four distinct phases to the activities of the Department, although they are co-related and each is dependent on the others for the success and effectiveness of the work done. These four phases are instruction, research, extension and promotion, and each of these has its place in the activities of the Department in the interests of sound agricultural development in Ontario.

BRANCHES

AGRICULTURAL AND HORTICULTURAL SOCIETIES BRANCH

This Branch gives direction and assistance to Agricultural and Horticultural Societies, Plowmen's Associations and Community Centres. It administers the grants which are provided for these organizations.

AGRICULTURAL SOCIETIES: In addition to the regular legislative grants for agricultural expenditure at fairs, as provided by the Agricultural Societies Act, special grants are paid on field crop competitions, commercial features and on capital expenditure. Judges are provided for all field crop competitions and for fairs in Northern Ontario. This Branch co-operates with the Ontario Association of Agricultural Societies in the holding of annual convention and district meetings.

HORTICULTURAL SOCIETIES: This Branch is responsible for administering grants by authority of the Horticultural Societies Act. A fieldman service is made available to the Societies and other organizations.

The Branch co-operates with the Ontario Horticultural Association in the promotion of several projects, the annual convention and district meetings.

PLOWMEN'S ASSOCIATIONS: Grants are given to the Ontario Plowmen's Association, also substantial assistance in organizing the large International Plowing Match and Farm Machinery Demonstration, held annually by the Association.

Grants are provided for County and Township Associations which hold local matches, also for junior matches, home plowing competitions and for coaching classes. Departmental judges are supplied for all matches, competitions and coaching classes.

COMMUNITY CENTRES: The Branch is responsible for the administration of grants by authority of the Community Centres Act and paid to municipalities on community halls, athletic fields, skating arenas, outdoor skating rinks and swimming pools.

DAIRY BRANCH

OFFICE OF THE DAIRY COMMISSIONER: The duty of the Dairy Commissioner is to supervise and co-ordinate the administration and enforcement of The Milk Industry Act, 1957 and the administration of the Dairy Branch. The Dairy Commissioner also acts as Chief Inspector in the enforcement of The Oleomargarine Act and The Edible Oil Products Act.

THE MILK INDUSTRY ADVISORY COMMITTEE OF ONTARIO: This Committee considers matters relating to the production and marketing of milk and milk products and makes recommendations thereon to the Minister of Agriculture or to the Dairy Commissioner.

DIRECTOR OF FLUID MILK: It is the duty of the Director of the Fluid Milk Division to carry out the administrative details with reference to the production and marketing of fluid milk under The Milk Industry Act, 1957. He is the immediate assistant to the Dairy Commissioner.

DIRECTOR OF MILK PRODUCTS: It is the duty of the Director of the Milk Products Division to carry out administrative details with reference to the production and marketing of milk products under The Milk Industry Act, 1957.

MILK INDUSTRY BOARD OF ONTARIO: This Board is responsible for the administration of Part 1 of The Milk Industry Act, 1957, dealing with the production and marketing of fluid milk and milk products. The Act makes provision for collective bargaining between producers and distributors, and producers and transporters with reference to conditions of sale for milk and cream. Agreements made by collective bargaining are filed with the Board and the Board is responsible for their enforcement.

When an agreement is not reached by collective bargaining, the Act provides for arbitration of such disputes by the making of awards.

The Board is also responsible for the inspection of all dairy plants and the licensing of such plants to operate. The Board also regulates minimum production standards for farms and the quality of milk and cream which may be sold in Ontario. The grades for milk products sold within Ontario are also established by regulation.

FIELD INSPECTION: A staff of fieldmen is employed to enforce the regulations made under the Act. These fieldmen supervise milk quality and production conditions, milk purchases, tests, records and payments made under price agreements and awards, and handle complaints of producers in connection with the sale of milk and cream. The field inspection work includes the making of audits on payments to producers, with special investigations to obtain information for the Board.

MARKETING PLANS: Provision is made for the establishment of marketing plans under the Act. The operation of such marketing plans is supervised by the Board.

EXTENSION BRANCH

The Agricultural Extension Branch is responsible for the dissemination of information to farmers and farm families and offers a number of services throughout the Province through the Agricultural Representatives' Service, the Home Economics Service, the Agricultural Engineering Service, the Fruit and Vegetable Extension Service and Tobacco Extension Service.

An officer of the Extension Branch is located at the Ontario Agricultural College to co-ordinate the extension services with the various Departments at the College. The Branch co-operates with the Kemptville Agricultural School and the Western Ontario Agricultural School, at Ridgetown.

AGRICULTURAL REPRESENTATIVES' SERVICE

There are 54 Branch offices located in the Counties and Districts throughout the Province. The Agricultural Representatives, along with the Associates and Assistants, are responsible for carrying out the policies of the Department, and render assistance to farm organizations, farm groups and individual farmers. It is the duty of the Agricultural Representative to bring the farmer the latest developments and techniques in agricultural research.

LIVE STOCK IMPROVEMENT: The Agricultural Representatives co-operate in the promotion of such live stock policies as Brucellosis Control, Warble Fly Control, Dairy Herd Improvement and other policies of the Department relating to live stock.

SOIL AND CROP IMPROVEMENT: The Service assists in the development of county soil and crop improvement programmes and the Agricultural Representative usually acts as the Secretary of the county Associations.

JUNIOR DEVELOPMENT: The Agricultural Representatives' Service is responsible for the direction of the county 4-H Club Programme and also co-operates with Junior Farmer groups in the development of a leadership programme at community, county and provincial levels. The Extension Branch also assists with the management of various types of regional and provincial competitions, as well as the organization and supervision of Short Courses, Night Schools and other educational meetings.

HOME ECONOMICS SERVICE

The Home Economics Service is organized to direct and promote a programme in Home Economics for women and girls, which is designed to promote satisfactory home life and welfare of rural communities.

EXTENSION SERVICES FOR THE HOMEMAKER: This Service and its staff plan and carry out Extension Services for the Homemaker.

Agriculture

It offers to the rural women and girls of Ontario, through the local and district institutes, courses in citizenship, clothing and textiles, health education, home management, foods and nutrition, administrative leadership, homecrafts, home furnishings and psychology for the homemaker. These courses are given by members of the staff in co-operation with the local Institutes. Courses for leaders, in the form of local leader training schools, are provided.

JUNIOR EXTENSION PROGRAMME: This Service sponsors and gives leadership to the Junior 4-H Homemaking Club programme for girls and young women, which is conducted through the Home Economics Supervisor of Junior Extension and the County Home Economists. It promotes and sponsors girls' garden clubs, conducts short courses in Home Economics and sponsors the Girls' Conference for 4-H Homemaking Club members. It gives leadership and guidance to Junior Institutes and clubs of rural young women and girls. It provides programme kits to give assistance to Junior Institutes in the planning and preparation of programmes.

LOAN LIBRARY: The Service maintains a loan library which provides material for Women's Institute members in the preparation of their local Institute programmes.

FEDERATED WOMEN'S INSTITUTES OF ONTARIO: The Home Economics Service works in close association with the Federated Women's Institutes of Ontario in promoting and carrying out the programme of the organization.

AGRICULTURAL ENGINEERING SERVICE

Assistance is provided through this Service to farmers in drainage, water conservation, farm building construction and remodelling, as well as general service with regard to farm machinery through special mechanics courses and the 4-H Tractor Maintenance programme.

FRUIT AND VEGETABLE EXTENSION SERVICE

This Service provides specialized assistance to Fruit and Vegetable growers who have problems with regard to production and marketing of their products. Through this Service is provided the Spray Service whereby timely letters are forwarded at regular intervals to growers giving recommendations for the use of insecticides and fungicides to counteract pests.

TOBACCO EXTENSION SERVICE

The Tobacco Extension Service has been recently set up to render a specialized service to those producing tobacco in Ontario. The Extension Specialist on tobacco assists growers on all phases of the culture of this crop.

FARM ECONOMICS AND STATISTICS BRANCH

The Farm Economics and Statistics Branch deals with the business aspects of Ontario Agriculture. It is concerned with Farm Management and the net earnings of farm operators; with the efficient marketing of farm products; and with the compilation of agricultural statistics. The Branch makes contribution to a more prosperous agriculture by studying all facts of farm business and by making the pooled experience of farm operators available to those who can use the information to best advantage.

FARM MANAGEMENT RESEARCH: Many hundred farm business records are gathered each year and analyzed to determine farm costs and the factors related to successful production. The reports of these studies are made available to interested growers, to farmer associations and to the general public as basic information for farm business planning. Available reports cover such farm enterprises as dairy cattle, beef cattle, hogs, many cash and feed crops as well as information on land use, farm title transfer, and many others.

AGRICULTURAL MARKETING RESEARCH: Prices, marketing costs and the movements of products from the farm to the consumer are all matters of continuing concern to producers. The Branch is continually studying these subjects and many reports have been published, particularly in the fruit, vegetable and dairy fields. These reports have been the basis of many discussions with many groups seeking improvement of their marketing procedures.

AGRICULTURAL STATISTICS: Accurate and up-to-date statistics of agricultural production are required not only by the growers and their organizations, but also by the secondary industries and business as a whole. An extensive reporting system has been developed for the collection of information on volume, yields, crop and market conditions. From this information regular reports are prepared and published, including monthly dairy reports, seasonal crop, fruit and vegetable reports and a complete annual bulletin—"Agricultural Statistics for Ontario."

The Branch Staff are continually being consulted by individuals and organizations in connection with farm business problems. Their expert knowledge of farm management, marketing and agricultural economics in general is used by extension workers, farm organizations, marketing boards and many research and other bodies interested in farm business problems.

FIELD CROPS BRANCH

This Branch is responsible for promoting crop improvement work of all types in the Province, and for the promotion and operation of projects having as their objective the improvement of crop production, both as to quantity and quality, the control of weeds throughout the Province, and the guidance of farmers as to their crop production practices.

Agriculture

Departmental assistance and promotion is designed to increase yields per acre, improve quality, and provide more economical production per acre. This is done through six main channels:

- (1) Pedigreed seed—Adequate seed supplies are maintained through 1,593 seed growers, 450 seed cleaning plants, and 37 seed shows. Exports of pedigreed seed oats and wheat have exceeded a million bushels annually. Seed Drill Surveys are conducted to check on quality of seed being used.
- (2) Introduction and use of higher yielding varieties. This is stimulated by the Soil and Crop demonstration programme and through the promotion and management of high yield competitions.
- (3) Transportation assistance by rail and truck on agricultural limestone, in co-operation with Canada Department of Agriculture.
- (4) Administration of the Weed Control Act; weed control practices including chemicals, and grants to municipalities for weed control purposes.
- (5) Promotion of improved farm practices through grants to fifty-six branches of The Ontario Soil and Crop Improvement Association, with 1,261 Officers and Directors carrying on almost 500 separate projects. Staff members act as speakers, judges and advisors.

Members of the staff are active on advisory committees dealing with weed control, pasture projects, seed cleaning, potato production, turnip production, seed treatment and general field crop improvement.

The Branch promotes special publicity on crops, seed and weeds through the medium of press releases and radio broadcasts. It gives assistance in campaigns for the eradication of barberry, buckthorn and leafy spurge where prevalent.

INFORMATION BRANCH

This Branch is responsible for preparing and distributing information of value to the producers and consumers of Ontario farm products. This information is drawn from all branches and institutions of the Department. All mass media—press, radio, television, publications—are used.

The Branch is also responsible for providing information dealing with Department policy, regulations, operations, services, and activities.

LIVE STOCK BRANCH

The Live Stock Branch is responsible for promoting the improvement and general development of the live stock industry of the Province. At the same time it gives financial assistance to live stock organizations formed by the breeders for the purpose of improving the industry.

Agriculture

The Branch administers the Dog Tax and the Cattle, Sheep and Poultry Protection Act, and is responsible for the recording of all brands under the Branding of Live Stock Act.

HORSES: The Branch is responsible for the administration of the Stallions Act. It also provides financial grants to horse shows throughout the Province.

CATTLE: The Branch administers the legislation respecting artificial insemination of cattle, and the payment of grants for the establishment and operation of artificial insemination centres.

The Branch administers regulations made under the Live Stock and Live Stock Products Act. This work includes the issuing of licenses to wool warehousemen and wool collectors.

The administration of the Warble Fly Control Act and the Bull Premium Policy also comes under the Branch. In the former case, the Branch provides leadership in organizing control programmes in those municipalities wishing to operate under the Act. Under the Bull Premium Policy, financial assistance is made available to purchasers of approved sires at consignment sales sponsored by Breeder Clubs and at the Ontario Bull Sale. Other financial grants are provided for special cattle shows.

In accordance with regulations made under the Health of Live Stock Act, the Branch, under the direction of the Provincial Live Stock Commissioner, is empowered to exercise control over the operation of community sales. No person may operate such a sale without a license. Licenses are issued only when the operator has equipped his premises in a satisfactory manner. All live stock consigned to such sales as inspected by a veterinarian employed by the branch.

The Commissioner is also responsible for the administration of the Brucellosis Act. Under this Act all female calves in supervised areas must be vaccinated in accordance with the regulations.

In addition the Branch co-operates with other Branches in administering the Advanced Registry Policy for Beef Cattle and the Beef-Pasture Project.

SWINE: The Branch is responsible for administering the bacon hog club policy of the Department, through which pure-bred boars are leased to organized bacon hog clubs.

Financial grants are made for auction sales and special breed shows of swine.

SHEEP: Financial assistance is given by the Branch in the conduct of auction sales of purebred sheep, regional sheep shows, and lamb fairs.

MARKETS BRANCH

The activities of the Markets Branch are devoted to administering The Farm Products Marketing Act under the jurisdiction of the Farm Products Marketing Board; The Ontario Food Terminal Act under the jurisdiction of the Ontario Food Terminal Board; The Co-operative Loans Act under the jurisdiction of the Co-operative Loans Board; The Farm Products Grades and Sales Act; The Plant Diseases Act, and The Farm Products Containers Act.

FARM PRODUCTS MARKETING ACT: The Farm Products Marketing Board is vested with authority to recommend the approval of marketing plans under the Act, and if approved by the Minister of Agriculture, to establish and supervise the operation of local boards to administer the plans. The Board has authority to approve of all minimum price agreements reached by negotiation or arbitration under the provision of the Farm Products Marketing Act.

ONTARIO FOOD TERMINAL ACT: Seven members of the Board administering this Act are appointed by the Lieutenant-Governor in Council. The Board operates and maintains the 50-acre \$5¼ million wholesale fruit and produce Terminal Market located on the westerly outskirts of the City of Toronto, where the wholesale fruit and produce trade formerly located in the St. Lawrence Market district of the city now carry on their operations, and where as well, a large Farmers' Market selling direct to the retail trade and a large public cold storage plant are also located.

CO-OPERATIVE MARKETING LOANS ACT: Under this Act loans may be recommended by the Co-operative Loans Board, up to a maximum of \$100,000.00 secured by a first mortgage, to agricultural co-operative organizations to assist them in financing capital expenditures necessary to provide facilities for the grading, cleaning, packing, storing, drying, processing or marketing farm products.

FARM PRODUCTS GRADES AND SALES ACT: The Branch is responsible for administration and enforcement of regulations under this Act. These include regulations for the licensing of truckers and for the inspection of fruits, vegetables and honey as to the grading, packaging and proper marking. Government graders determine grades of tomatoes and carrots grown and sold for processing. In addition to having a force of inspectors available for this work, the Branch operates fruit inspection stations at strategic points in the fruit and vegetable areas of the Province.

PLANT DISEASES ACT: The Branch is responsible for administration and enforcement of regulations under this Act, for surveys to determine the prevalence of plant diseases and insect pests, and for campaigns for the

Agriculture

control of such diseases and pests. It is responsible for enforcement of the regulations respecting nurseries where fruit trees and ornamentals are produced, for control of bacterial ring rot disease in potatoes, and for investigation into such diseases as the sugar beet nematode.

FARM PRODUCTS CONTAINERS ACT: The purpose of this Act is to provide a means of levying a license fee on containers used in the packaging of fruit, vegetables or honey with the moneys raised therefrom being paid directly to The Ontario Fruit and Vegetable Growers' Association and The Ontario Beekeepers' Association to enable these organizations to finance their work in improving the marketing of these crops for their members.

AGRICULTURAL INSTITUTIONS

ONTARIO AGRICULTURAL COLLEGE

GUELPH, ONTARIO

The Ontario Agricultural College at Guelph is the chief centre for advanced agricultural education in the Province of Ontario. It carries on the three functions of instruction, research and extension.

INSTRUCTION: A four year course in scientific agriculture is offered, leading to the degree of Bachelor of Science in Agriculture of the University of Toronto, with which the College is affiliated.

A two year course in practical agriculture, specially planned to meet the needs of young men who have adopted agriculture as a vocation, is offered. Opportunities for graduate study leading to the degree of Master of Science in Agriculture are offered to qualified students by the College, conjointly with the University of Toronto School of Graduate Studies.

During the winter months, short courses are offered in such subjects as live stock and crops, soil management, horticulture, farm economics, poultry husbandry and community programmes. There is a three months' course each winter in dairy practices.

RESEARCH: Research work on all types of problems related to agriculture is carried on in all departments of the College, which include agricultural economics, agricultural engineering, animal husbandry, animal nutrition, apiculture, bacteriology, botany, chemistry, dairying, entomology and zoology, field husbandry, horticulture, physics, poultry husbandry, and soils. Problems arising on the farms of the Province are referred to the College for scientific investigation and research. Other research projects are initiated within the College itself as the needs of the agricultural industry for scientific help become apparent.

Agriculture

EXTENSION: Through extension activities, the results of research and investigation are made available to farmers of the Province. Staff members are available to address meetings of farmers and to give advice to farm groups on specific matters within the scope of the various departments.

The Department of Public Relations is a medium for the dissemination of information, of providing visual aids for extension purposes, and of making arrangements for the use of the accommodation and facilities of the College for many types of conferences, meetings and field days of agricultural organizations and other bodies related to agriculture.

ONTARIO VETERINARY COLLEGE

The Ontario Veterinary College is the only College for English-speaking veterinary students in Canada. It carries on the functions of instruction, research and extension.

INSTRUCTION: The College provides a degree course leading to the degree of Doctor of Veterinary Medicine of the University of Toronto, with which it is affiliated.

The College provides short courses in several phases of veterinary work as the need arises.

RESEARCH: Research work into all types of animal diseases and parasites is carried on at the College. This includes investigation into special problems arising on farms throughout the Province, and also specific research projects directed at eliminating or controlling animal diseases such as brucellosis and mastitis in cattle, rhinitis in swine and diseases of horses and poultry.

EXTENSION: The Extension Department of the College makes available to Ontario farmers a diagnostic service on various diseases of animals. On behalf of the Federal Department of Agriculture, it distributes vaccine for the prevention of brucellosis through its policy of calfhood vaccination. It conducts blood tests for this disease, and also examines and reports upon samples of milk from animals suspected of mastitis. It distributes biological products for the prevention of poultry infection.

The services of members of the staff are available for consultations with individual farmers, for addressing farm organization meetings, and for taking part in the curricula of short courses held at the O.A.C. and in the counties of the Province.

MACDONALD INSTITUTE

Macdonald Institute offers a four year degree course in Home Economics and also a one year course for homemakers.

Main departments of work at Macdonald Institute are six in number—Foods and Nutrition, Clothing and Textiles, Home Management and Equipment, Art and Home Planning, Social Science, and Physical Education. Other courses in Science and Agriculture, English and Economics, are taught by members of Ontario Agricultural College departments.

KEMPTVILLE AGRICULTURAL SCHOOL

The Kemptville Agricultural School is the centre for advanced agricultural education in eastern Ontario.

INSTRUCTION: This school offers a two year practical course in agriculture, a special course in dairying, and for girls one and two year courses in home economics.

DEMONSTRATION AND EXPERIMENTAL WORK: The school undertakes special projects in demonstration and experimental work, and particularly in the testing of varieties of crops as to their suitability for eastern Ontario conditions, in soil testing, and the testing of fertilizers, insecticides and fungicides.

EXTENSION: Extension services are provided for eastern Ontario farmers on various subjects related to agriculture, including farm drainage surveys, soil tests, information on field crops, horticulture, entomology, live stock, home planning and other practical problems. Members of the staff are available for consultations and for addressing farm organization meetings, and the facilities of the school are made available to many organizations for meetings and conferences.

HORTICULTURAL EXPERIMENT STATION, VINELAND

The Horticultural Experiment Station at Vineland, Ontario, is operated to carry on research work and plant breeding with fruits and vegetables; and to give extension service to the fruit and vegetable growers of the Province. The research and breeding work includes various types of projects.

PLANT BREEDING: Plant breeding work is carried on with a view to originating new and improved varieties of fruits and vegetables, in which work the station has had marked success. Station selections, prior to naming and introducing, are sent out to growers to secure additional information as to their commercial possibilities.

Agriculture

PROPAGATION MATERIAL: A substantial service is given to nurseries and fruit growers in the distribution of true-to-name propagating material of many varieties of fruits.

PRODUCTION STUDIES: Studies and investigations on many phases of fruit and vegetable production are carried on at the station, to develop information and knowledge of value to commercial growers.

MARKETING STUDIES: Tests and investigations of methods of marketing and shipping fruits and vegetables are conducted, to assist in the development of new and improved types of packages and proper classification of products.

RESEARCH IN PROCESSING: In 1950 a Horticultural Products Laboratory was opened at the Station. Studies and investigations on various phases of processing of fruits and vegetables are being carried out in this laboratory.

EXTENSION SERVICES: The Station assists in preparing and distributing spray service circulars to fruit and vegetable growers. Many technical bulletins are written by members of the Station staff.

Members of the staff are available for addressing meetings and conducting discussions for fruit and vegetable growers' associations, farm forums, service clubs, horticultural societies, county short courses and Women's Institutes.

WESTERN ONTARIO AGRICULTURAL SCHOOL AND EXPERIMENTAL FARM, RIDGETOWN

The Western Ontario Agricultural School and Experimental Farm serves a dual purpose. The School, opened in the fall of 1951, serves as a centre for advanced agricultural education in southwestern Ontario. The Experimental Farm on which the School is located was established some years ago to conduct experimental and demonstration work in connection with the special crops and agricultural problems encountered in that section of Ontario.

INSTRUCTION: The School offers a two-year practical course in agriculture.

Farmers' Week is held in January each year, when the work of the farm is reviewed for the farmers of southwestern Ontario. Each winter a two-weeks' short course for Junior Farmers is conducted. Other special short courses are arranged as the need arises.

Agriculture

LIVE STOCK: Live stock are maintained at the farm for experimental and demonstration purposes, to demonstrate management and feeding methods in a cash crop area where there are a great many by-products of cash crops available. An annual sale is held in order to distribute high quality pure-bred live stock among the farms of the district.

FIELD CROPS: Experimental work to determine the most productive varieties of hybrid corn, white beans, soybeans and other cash crops for the area is conducted.

Experimental plots of winter wheat varieties are grown to establish the relative values of the different varieties for that area of the Province.

Experiments are conducted to determine the relative value of different methods and frequencies of cultivation of row crops.

Tests are also made of different types of fertilizers, insecticides, fungicides and weed killers.

EXTENSION: One of the main extension activities is the supplying of seed for beans, soybeans, winter wheat, winter barley and oats. The supplying of swine for breeding purposes is also carried out, and cockerels and eggs for hatching of poultry are distributed.

Lectures, demonstrations and conferences are held at the farm, educational exhibits provided for fairs in western Ontario, and staff members are available to address meetings. Some valuable extension work is done with groups of farmers who visit the farm, bringing their special problems to the staff for discussion.

DEMONSTRATION FARM, NEW LISKEARD

The Demonstration Farm, at New Liskeard, gives leadership to agricultural development in Northern Ontario.

Proper cultural methods for the district as well as testing varieties of field crops are demonstrated to determine those most suited to the district. In addition, it serves as a medium for introducing good live stock as well as demonstrating the proper care and management of all types of live stock in that area. The Farm provides to a limited extent, a source of good breeding stock and seed for farmers in the district.

STRATHCLAIR DEMONSTRATION FARM, SAULT STE. MARIE

During the summer of 1956 the government entered into an agreement with Alexander Boyd Sinclair, the owner of Strathclair Farm, under which the property was transferred to the government to be operated by the Department of Agriculture in the interests of education and research. At

present, in co-operation with other branches of the Department, a programme related to the feeding and growth of beef cattle is under way. It is felt that the study will be of great value to beef producers, particularly in the northern sections of the Province. Other projects will be undertaken as development of the property continues.

ONTARIO TELEPHONE AUTHORITY

The Ontario Telephone Authority is composed of a Chairman, a Vice-Chairman, two members, and the requisite technical, stenographic and clerical staff.

The main function of the Telephone Authority is the administration of The Telephone Act which governs the activities of municipal and privately owned systems in Ontario and provides procedural, engineering and technical advice to telephone systems.

ONTARIO JUNIOR FARMER LOAN BRANCH

The Ontario Junior Farmer Loan Branch was established in November 1956 when the administration of the Junior Farmer Establishment Act 1952 was transferred from the Provincial Treasurer to the Minister of Agriculture. The Branch provides the staff to operate the Junior Farmer Establishment Loan Corporation, a crown company having as its objective the making of loans to assist young farmers in the establishment, development and operation of their farms.

Attorney-General

DEPARTMENT OF THE ATTORNEY-GENERAL

Attorney-General

THE HONOURABLE A. KELSO ROBERTS, Q.C.

The Department of the Attorney-General has under its jurisdiction the administration of the criminal law and law enforcement generally. It acts as legal adviser to the Government and the Attorney-General is the representative of the Crown in Court in actions by and against the Crown.

It has, however, its limitations in the administration of justice in that it cannot advise private individuals regarding legal matters respecting their civil rights nor can it review the decisions of the courts in either civil or criminal cases. In such matters the Crown is in the same position as any private citizen and when it is of the opinion that a court decision is wrong it must appeal to a court of appeal.

MAIN OFFICE

Room 213—Parliament Buildings

Under the direction of the Attorney-General the Deputy Attorney-General is responsible for the administration of the department and in this he is assisted by the Director of Public Prosecutions who deals with criminal matters and the Senior Solicitor who deals with civil matters involving the Crown.

BRANCHES

LEGISLATIVE COUNSEL

Room 328—Parliament Buildings

The Legislative Counsel is responsible for the drafting of all legislative measures introduced in the Ontario Legislature and acts as adviser to the Government and the legislature in all matters of a legislative nature.

REGISTRAR OF REGULATIONS

Room 343—Parliament Buildings

All regulations of a legislative nature passed under the authority of Ontario statutes must be filed with the Registrar of Regulations. It is the Registrar's duty to ensure that the regulations are properly drafted, made by competent authority and published in the Ontario Gazette.

REGISTRAR OF THE SUPREME COURT OF ONTARIO

Room 109—Osgoode Hall

This office is the central administrative branch of the Supreme Court of Ontario. All Supreme Court proceedings in the County of York are instituted here, court processes issued and permanent custody kept of

Attorney-General

documents and records. A branch of the Registrar's office handles the documents, records and proceedings in connection with all criminal and civil appeals to the Court of Appeal for Ontario. Another branch is a central clearing point for the various surrogate courts, retaining records of all applications for and grants of Probate, Administration or Guardianship wherever made in Ontario.

Judgments and Orders pronounced at Toronto are settled and signed in this office and permanently recorded there.

PUBLIC TRUSTEE

145 Queen Street W., Toronto

The Public Trustee is responsible for the care and management of various trusts including intestate estates, estates of patients in Ontario Hospitals, special trusts, cemetery trusts and company trusts. He is the representative before the Courts of charitable interests and is charged with the responsibility of ensuring that trustees for unnamed charities carry out their duties in accordance with the law. Further, he deals with all property which passes to the Crown by way of escheat.

OFFICIAL GUARDIAN

145 Queen Street W., Toronto

The Official Guardian in certain matters before the Courts is a guardian ad litem or public defender of the rights of infants. He is the guardian of their estates not their persons.

FIRE MARSHAL

210 Huron Street, Toronto

The Fire Marshal co-operates with and advises local authorities in connection with fire prevention, including the suppression of arson. His staff inspects public and other buildings to ensure that undue fire hazards are removed.

INSPECTOR OF LEGAL OFFICES

Room 321—Parliament Buildings

The Inspector has the responsibility of administering the various court offices in the County and District Jurisdictions throughout the Province including those of Sheriffs, Crown Attorneys and Clerks of the Peace, Local Registrars of the Supreme Court of Ontario, County and District Court Clerks, Surrogate Court Registrars of Deeds and Local Masters of Titles, Juvenile Court Judges, Magistrates, Division Court Clerks and Bailiffs and to a certain extent the County and District Court Judges where the Judge concerned is Local Master of the Supreme Court.

Attorney-General

He maintains records of all Coroners, Justices of the Peace, Notaries Public and Commissioners for Taking Affidavits and makes recommendations as to appointments to these offices.

ONTARIO PROVINCIAL POLICE

The Commissioner of Police for Ontario with headquarters at 125 Fleet St. E., Toronto, administers and directs the operations of the Ontario Provincial Police Force. The force is primarily responsible for all law enforcement for all parts of rural Ontario not policed by Municipal police.

ONTARIO SECURITIES COMMISSION

145 Queen Street W., Toronto

The Commission is responsible for the administration of the Securities Act, including the registration of all brokers and salesmen of securities operating within the Province and the investigation of offences involving the sale of securities. The Security Sales business generally is kept under constant supervision.

SUPERINTENDENT OF INSURANCE

145 Queen Street W., Toronto

The Superintendent administers the Insurance Act, the Loan and Trust Corporations Act, the Real Estate and Business Brokers Act, the Collection Agencies Act and The Credit Unions Act. He issues licenses to persons engaged in the Insurance Business, approves certain policy forms, compiles statistics and considers complaints by policy holders. He also issues licenses to persons engaged in the Real Estate or Collection Agency business.

DEPARTMENT OF ECONOMICS

Minister: THE HONOURABLE JAMES N. ALLAN

The functions of the Department of Economics are to study, analyze, make recommendations and advise upon matters pertaining to:

- (a) economic and financial conditions and trends;
- (b) economic and financial policies;
- (c) the fiscal relations between the Federal and Provincial Governments and between the Provincial and Municipal Governments; and
- (d) other related matters.

GENERAL ECONOMICS BRANCH

Under the Deputy Minister, the General Economics Branch is responsible for studying and analyzing economic conditions and trends and for undertaking special studies of Ontario's manufacturing, natural resource and construction industries.

FINANCE BRANCH

The Finance Branch prepares reports and memoranda on matters related to the government's fiscal policy. It maintains a continuing review of the financial standing of the Province with special emphasis on the revenue, expenditure and debt positions. Special studies of a fiscal nature are also undertaken.

INTER-GOVERNMENTAL RELATIONS BRANCH

The Inter-governmental Relations Branch prepares studies on the economic and fiscal relations among the three levels of government—federal, provincial and municipal, as well as special studies on provincial finances.

ECONOMIC STATISTICS BRANCH

The Economic Statistics Branch compiles economic, finance and taxation statistics, maintains liaison with the Dominion Bureau of Statistics and edits various departmental publications. It publishes the annual "Economic Survey of Ontario" and is also preparing a series of studies on the regions of Ontario. Special statistical and economic projects are also undertaken.

DEPARTMENT OF EDUCATION

Minister: THE HONOURABLE JOHN P. ROBARTS, Q.C., B.A.

The Department of Education is responsible for the administration and enforcement of the statutes and regulations respecting all types of schools which are supported in whole or in part by public funds. The scope of its activities has widened to meet the cultural and recreational needs of community life in the province.

The Minister responsible for the Department is assisted by a Chief Director who acts as his adviser in matters of policy and by two Deputy Ministers who are his executive officers. Under their direction the various branches and divisions carry on the work of the Department.

ADMINISTRATIVE OFFICES

Located in the North Wing of the Parliament Buildings.

Chief Director.....	Room 217
Deputy Ministers.....	Room 215

Correspondence should be directed to the Deputy Minister of Education, Parliament Buildings, Toronto.

BRANCHES

BUSINESS ADMINISTRATION

ACCOUNTING: Checks accounts payable and submits requisitions to Treasury for payment. Prepares staff payrolls. Maintains ledger records for control of expenditures. Reviews branch records. Prepares claims under agreements with the Government of Canada. Accounts for all revenue.

BUDGETARY CONTROL: Prepares annual estimates of the Department. Reviews monthly expenditures against estimates. Verifies Department records by monthly check with Treasury and Audit records.

GRANTS: Calculates legislative grants to School Boards and prepares requisitions for payment by Treasury.

Education

PERSONNEL: Handles matters concerning staff such as appointments, classification, salaries, attendance records, group insurance, superannuation, etc.

SCHOOL BOARD FINANCES: Reviews, as required, pension funds, sick leave plans, reserve funds, etc.

SUPPLIES: Orders equipment and supplies for the Department.

CURRICULUM AND TEXT-BOOKS

Gives guidance in revision of Courses of Study; prepares pamphlets dealing with revision of curriculum; prepares Courses of Study for experimental use; co-operates with local committees in curriculum planning and revision of courses; prepares and revises Courses of Study in Senior Division.

Edits circulars, pamphlets, and announcements.

Arranges for examination of text-books submitted for approval for use in elementary and secondary schools; consults with and gives guidance to authors, illustrators, and publishers offering text-books for elementary and secondary schools; examines manuscripts of proposed books as required.

ELEMENTARY EDUCATION

ADMINISTRATION: Administers operation of elementary schools in the province.

INSPECTION: Inspects all public and separate schools; assists principals and teachers in organization and methods of instruction.

SUPERVISION: Advises school officials and boards regarding regulations, courses of study, text-books, accommodation, equipment, legislative grants, transportation, and all other matters pertaining to operation of elementary schools. Local inspector acts as departmental representative in the field.

FORMATION OF NEW SECTIONS: Assists in forming new sections in territorial districts and on crown lands.

CONSTRUCTION OF SCHOOLS: Advises boards regarding construction of new buildings and additions to present buildings.

CO-OPERATION WITH TEACHER EDUCATION BRANCH: Consults with Teacher Education Branch regarding training and certification of teachers for elementary schools.

CORRESPONDENCE COURSES: Conducts (a) Courses for Children in all subjects of Grade I to VIII both for English speaking and for French speaking children. (b) Courses for Adults in Arithmetic, English and Social Studies of the senior grades in the elementary schools. These courses are provided for persons unable to attend school.

Education

RAILWAY SCHOOL CARS: Co-operates with the Canadian National, Canadian Pacific and the Ontario Northland Railways to provide education for children in isolated areas in territorial districts.

TOWNSHIP AREAS: Assists municipal councils and school boards in establishing larger units of administration for public schools.

TRANSPORTATION OF ELEMENTARY AND SECONDARY SCHOOL PUPILS: Assists in planning transportation facilities for some pupils attending secondary schools and for elementary school pupils in rural areas where schools have been closed or where distance from school is great; approves contracts for grant purposes subject to licensing by the Ontario Department of Transport.

SECONDARY EDUCATION

ADMINISTRATION: Administers operation of secondary schools in the province.

INSPECTION: Inspects all collegiate institutes, vocational schools, and high and continuation schools. Assists principals and teachers in organization and methods of instruction.

SUPERVISION: Advises school officials and boards regarding regulations, courses of study, text-books, accommodations, equipment, legislative grants, transportation, and all other matters pertaining to operation of academic and vocational secondary schools.

CONSTRUCTION OF SCHOOLS: Advises boards regarding construction of new buildings and additions to present buildings.

CO-OPERATION WITH ONTARIO COLLEGE OF EDUCATION: Consults with Dean of College of Education regarding training and certification of teachers for secondary schools.

LARGER HIGH SCHOOL DISTRICTS: Assists county councils, municipal councils, and school boards in establishing larger units of secondary school administration.

INSPECTION OF PRIVATE SCHOOLS: Inspects Grades XI and XII classes in private schools on request of school concerned and on payment of fee according to graded schedule.

STUDENT-AID PROGRAMME: Administers the award of Ontario scholarships, bursaries and loans to students continuing education in Canadian universities, in teacher-education institutions, in the Ontario College of Art, in the Osgoode Hall Law School, in the Provincial Technical Institutes and in the final year of each of the courses of secondary schools. Awards of bursaries and loans are granted on the basis of financial need with due regard to a minimum academic standing.

Education

TRANSPORTATION: Assists secondary school boards in planning bus routes for the transportation of secondary school pupils. Approves contracts for grant purposes subject to licensing by the Ontario Department of Transport.

CO-OPERATION WITH CORRESPONDENCE COURSES BRANCH: Assists in preparation of courses for Grades IX to XIII, and Vocational Trade Courses.

REGISTRAR OF TRADE SCHOOLS

SUPERVISION: Administers Trade Schools Regulation Act designed to regulate activities of privately operated trade schools including business schools and colleges.

INSPECTION: Inspects trade schools with respect to methods of operation, fees, and the value of courses offered in relation to requirements of trade or industry served.

TECHNICAL INSTITUTES

RYERSON INSTITUTE OF TECHNOLOGY, TORONTO

This Polytechnical Institute, established by Order-in-Council dated September 16, 1948, opened classes in a wide range of courses on September 21, 1948. The regular diploma courses include instruction in Aeronautical Technology, Architectural Technology, Chemical Technology, Civil Technology, Electrical Technology, Electronic Technology, Gas Technology, Instrument Technology, Mechanical Technology, Metallurgical Technology, Business Administration, Secretarial Science, Journalism, Printing Management, Home Economics Option, Fashion Option, Pre-School Education Option, Furniture and Interior Design, Medical Laboratory Technology, Photographic Arts, and Radio and Television Arts.

HAMILTON INSTITUTE OF TECHNOLOGY

The Provincial Institute of Textiles, Hamilton, was established in 1946 to offer a course in Textile Technology. The scope of this Institute was expanded in September, 1956, to include courses in Electronics Technology and Mechanical Technology and the name was changed to The Hamilton Institute of Technology.

LAKEHEAD TECHNICAL INSTITUTE, PORT ARTHUR

On the 1st of August, 1957, this Institute was replaced by the Lakehead College of Arts, Science and Technology, a private corporation.

Education

EASTERN ONTARIO INSTITUTE OF TECHNOLOGY, OTTAWA

This Institute was authorized by Order-in-Council of March 28, 1957, and was established on September 1, 1957, to provide advanced technical courses beyond the Secondary School level.

PROVINCIAL INSTITUTE OF MINING, HAILEYBURY

This Institute opened for courses in mining in September, 1945. A regular two-year technical course in mining is provided for applicants with Grade XII standing in English, History, Mathematics and Science.

PROVINCIAL INSTITUTE OF TRADES

This Institute co-operates with the Provincial and Federal Departments of Labour in giving trade courses to apprentices and other classes under Dominion-Provincial agreement.

WESTERN ONTARIO INSTITUTE OF TECHNOLOGY, WINDSOR

This Institute was established on April 1, 1958, in accordance with Order-in-Council of April 24, 1958, to provide advanced technical courses beyond the secondary school level.

TEACHER EDUCATION

ADMINISTRATION: Administers operation of Provincial Teachers' Colleges.

SUPERVISION AND INSPECTION: Directs allocation of students to various Teachers' Colleges; recommends regarding regulations and courses of study for Teachers' Colleges; supervises selection of public and separate schools for practice teaching; inspects Teachers' Colleges; consults with principals and staff regarding courses and methods.

PROVINCIAL TEACHERS' COLLEGES

(Lakeshore, New Toronto)

PROVINCIAL TEACHERS' COLLEGES: Nine in number, are located in Hamilton, Lakeshore (New Toronto), London, North Bay, Ottawa, Peterborough, Stratford and Toronto. (The ninth College is the University of Ottawa Teachers' College for the preparation of teachers for those schools in which French is a subject of instruction with the approval of the Minister of Education.)

COURSES: One-year and two-year courses leading to an Interim Elementary School Teachers' Certificate, valid in the elementary schools of Ontario, are offered in the Teachers' College. A Primary School

Education

Specialist course leading to a teaching certificate valid in junior and senior kindergartens and in Grades I and II is also offered at the Toronto Teachers' College.

ADMISSION REQUIREMENTS: The academic requirements for admissions are:

One-year Course: Standing in eight Grade XIII papers, one of which shall be English Literature or English Composition;

Two-year Course: Secondary School Graduation Diploma of the General Course, with at least four options.

DIVISIONS

The following divisions serve under each of the Elementary, Secondary, and Teacher Education Branches.

AGRICULTURE

INSPECTION: Inspects schools and departments in elementary and secondary schools. Assists teachers in organizing home projects. Confers with local inspectors, principals, and boards. Advises regarding establishment of agriculture departments in secondary schools.

SUPERVISION: Supervises preparation and revision of courses of study. Visits Teachers' Colleges. Assists in instruction in College of Education. Confers with groups of teachers of agriculture.

CO-OPERATION WITH ONTARIO DEPARTMENT OF AGRICULTURE: In co-operation with agricultural representatives encourages calf, swine, poultry, grain, potato, and home garden clubs. Suggests organization of junior section of local fall fair. Encourages establishment of short courses in agriculture and farm mechanics. Assists in school ground improvement programme.

ART

INSPECTION: Visits classes in elementary and secondary schools. Visits Teachers' Colleges. Assists teachers in organization and methods.

SUPERVISION: Supervises preparation and revision of courses. Confers with local inspectors and school officials. Gives leadership to the subject. Prepares bulletins for use of teachers.

AUDIO-VISUAL AIDS

SUPERVISION: Supervises purchase of educational films for elementary and secondary schools. Demonstrates visual aid techniques.

FILM LIBRARY SERVICE: Directs film library service for schools from stock of over 1,100 film titles.

Education

BROADCASTING: Acts as liaison between Department of Education and Canadian Broadcasting Corporation. Co-operates with other provinces in this service to present during school hours music programmes and dramatized stories as well as other topics related to the curriculum from kindergarten to Grade XIII.

FRENCH INSTRUCTION

SUPERVISION: Supervises the instruction in French language and literature in schools in which French is a subject of instruction with the approval of the Minister.

HOME ECONOMICS AND INDUSTRIAL ARTS

INSPECTION: Inspects classes in elementary and secondary schools. Assists teachers in organization and methods.

SUPERVISION: Supervises preparation and revision of courses. Visits Teachers' Colleges. Confers with local inspectors. Assists boards in establishing departments.

MUSIC

INSPECTION: Visits classes in elementary and secondary schools and Teachers' Colleges. Assists teachers in methods. Confers with boards.

SUPERVISION: Supervises organization of musical festivals. Plans musical radio programmes. Prepares courses of study and bulletins. Assists in presenting educational radio broadcasts. Organizes extra-mural courses of study. Arranges concert tours to smaller communities.

PHYSICAL AND HEALTH EDUCATION

INSPECTION: Inspects classes in elementary and secondary schools. Assists teachers in organization and administration of curricular and extra-curricular programmes.

SUPERVISION: Supervises preparation and revision of courses. Assists department heads and supervisors with in-service training courses and work conferences. Confers with local inspectors and school officials. Visits Teachers' Colleges and College of Education. Acts as a liaison between Education and Army headquarters at Central Command. Maintains liaison with Department of Health in the area of Health Instruction, Health Services and Safety Education.

SUMMER CAMPS: Administers a leadership programme for secondary school boys and girls at the Ontario Athletic Leadership Camp. Administers a leadership training programme for camp counsellors for non-profit camping organizations at the Ontario Camp Leadership Centre. Visits non-profit camps during July and August.

Education

ATHLETICS: Co-operates with the Ontario Federation of School Athletic Associations in providing leadership and guidance for inter-school competition.

SCHOOL BUILDINGS

ANALYSIS OF BUILDING PROPOSALS: Suggests the size and number of rooms required and estimated cost of a building programme to meet the needs which have been determined by the local school boards.

APPROVAL OF SKETCH AND FINAL PLANS: All plans are analyzed and changes suggested to increase the efficiency of the building.

ADMINISTRATION: Administers the operations of the following services and schools.

SPECIAL EDUCATIONAL SERVICES

Auxiliary Education

INSPECTION: Visits classes for academically and physically handicapped children. Discusses organization and methods with local inspectors.

SUPERVISION: Assists in survey work, prepares informative booklets to help teachers understand and meet the needs of physically handicapped, mentally handicapped and those requiring remedial help.

SPECIAL SCHOOLS: In co-operation with various associations, assists in providing instruction for persons in sanatoria, cerebral palsy centres and schools established by the Ontario Association for Retarded Children.

Guidance

SUPERVISION: Supervises with local inspectors guidance activities in elementary and secondary schools. Assists teachers and counsellors in schools. Prepares courses and bulletins.

DEVELOPMENT OF PROGRAMME: Co-operates with school authorities in improving guidance services. Explains guidance to civic and school groups. Encourages compilation and distribution of occupational and educational information.

Ontario Schools For The Blind And The Deaf

ONTARIO SCHOOL FOR THE BLIND, BRANTFORD;
ONTARIO SCHOOL FOR THE DEAF, BELLEVILLE: Residential schools for blind and deaf children of the province. Instruction is based upon regular courses of study, including vocational training, and proceeds to the secondary school level.

Education

School Attendance

RECORD OF ATTENDANCE: Supervises recording of all school attendance. Confers with local inspectors.

COMPULSORY SCHOOL ATTENDANCE: Superintends enforcement of Part I of The Schools Administration Act, 1954, and the regulations pertaining thereto. Co-operates with school officials and social agencies to improve attendance.

Statistics

FUNCTIONS: Compiles numerical data on organization of administrative units, school buildings, courses, teaching staffs, and finances.

Assembles information on enrolments, attendance, promotions, certificates, etc.

Studies the relationships of the various type of data compiled and assembled.

PROFESSIONAL DEVELOPMENT

SUMMER COURSES: Supervises, in co-operation with other officials of the Department, various summer schools and courses operated for Elementary School Teachers.

IN-SERVICE EDUCATION OF TEACHERS: Assists in programmes sponsored by local groups or organizations of teachers to improve the professional development of teachers. Organizes means of assisting teachers with limited experience.

REGISTRAR'S BRANCH

EXAMINATIONS: Prepares departmental examination papers. Establishes centres. Conducts examinations. Marks answer papers. Records marks. Maintains liaison between Department and Revising Board which reviews marks and considers appeals. Issues diplomas and certificates.

ADMISSION TO TEACHERS' COLLEGES: In accordance with regulations and in consultation with Teacher Education Branch.

CERTIFICATION OF TEACHERS: Registers and issues interim and permanent teaching certificates.

TEACHER EXCHANGE: Arranges interchange of Ontario teachers with other provinces and with countries within the British Commonwealth.

Education

REGULATIONS: Registrar is liaison officer with the Registrar of Regulations.

SUMMER COURSES FOR TEACHERS: Responsibility for administration of summer courses.

TRANSPORTATION ASSISTANCE FOR STUDENTS IN TERRITORIAL DISTRICTS: Provides assistance in payment of cost of transportation of students to universities and colleges in northern sections of province.

CORRESPONDENCE AND FILING: Operates Departmental mail office, and files all official correspondence of the Department.

PUBLICATIONS: Maintains stock room of Departmental publications and is responsible for distribution of publications.

COMMUNITY PROGRAMMES

GENERAL FUNCTION: Through field representatives and specialized personnel assists in the development of community programmes of adult education and recreation by working with recreation committees of municipal councils, and with various voluntary organizations. Administers the provincial grants to municipal councils and provincial organizations operating approved recreation programmes and services.

ENGLISH AND CITIZENSHIP: Is directly responsible for the programme of education in language and citizenship for non-English-speaking immigrants to Ontario and distributes books for students and teachers.

LEADERSHIP TRAINING: Advises or assists community recreation or adult education organizations to develop and maintain an effective leadership by providing assistance in leadership education and appropriate resource materials and information.

RECREATION WORKERS: Issues certificates to professional workers in municipal recreation who have completed the approved in-service training course.

LOAN SERVICES: For the convenience of community groups, maintains loan services for plays and music, films and slides, and a small library of books on recreation and adult education.

PUBLICATIONS: Prepares and provides periodicals, bulletins, handbooks and instructional materials for community adult education and recreation leaders.

LEGISLATIVE LIBRARY

A general reference and circulating library primarily for the use of the Members of the Legislative Assembly, the civil servants, and teachers of the Province. Its reference service is extended to the public, and inter-library loans are made.

PROVINCIAL LIBRARY SERVICE

ADVISORY: Seeks to raise the standards of public libraries and librarianship through field visits, recommendations, meetings, training classes, establishment of new service, and co-operation with library associations and other educational groups.

GRANTS AND LEGISLATION: Recommends provincial grants for public library boards, and advises regarding The Public Libraries Act and new legislation.

LIBRARY: Offers direct service through adult and juvenile library collections, a teachers' reference library, and liaison with small public and school libraries.

PUBLICATIONS: Edits the Ontario Library Review, and issues library statistics and other promotional material.

ONTARIO COLLEGE OF EDUCATION

PROFESSIONAL TRAINING COLLEGE: Maintained as a Faculty in the University of Toronto. Operates in co-operation with the Department of Education.

SECONDARY SCHOOL TEACHERS: Offers courses for certificates as teachers in academic and vocational secondary schools in the province.

LIBRARIANS: Offers courses for certificates as librarians in public libraries in the province.

GRADUATE COURSES: Offers graduate courses for degrees in Education and Library Science.

TEACHERS' SUPERANNUATION COMMISSION

PERSONNEL: An independent commission. Consists of nine members, four of whom are elected by contributors to the fund and five of whom, including an Actuary, are appointed by the Minister of Education.

ADMINISTRATION: Administers the Teachers' Superannuation Fund under the provisions of The Teachers' Superannuation Act.

THE DEPARTMENT OF ENERGY RESOURCES

Minister: THE HON. R. W. MACAULAY, Q.C.

The Department of Energy Resources is responsible for all those resources in Ontario which are capable of being transformed into power in its various forms.

The increasing importance of energy resources as a main-spring of economic and social progress in an industrial society pointed to the need for a separate department to co-ordinate and plan for the most effective use of these resources. It is worth noting that many other jurisdictions are following Ontario's lead in this respect.

The Minister of the Department is assisted by a Deputy Minister and the Chairman of the Ontario Fuel Board; with the following divisions—

ENERGY STUDIES BRANCH

This Branch undertakes long term thorough studies into the energy problems that currently confront and will face this Province in the years ahead, and any such other problems that might be assigned to it by the minister.

ONTARIO FUEL BOARD

Composed of a Chairman, Vice-Chairman and three board members.

The Board, amongst some of its many activities, regulates the rates of the various natural gas distribution companies in Ontario; controls and regulates the location, spacing and drilling of wells, the granting of franchises and in general regulates all phases of the natural gas industry.

DRILLING AND PRODUCTION INSPECTION BRANCH

This Branch is composed of the following:

- (a) 1 Chief Inspector
- (b) 4 Field Inspectors

The functions of this Inspection Branch include the following:

- (a) Checking and inspecting to ensure that all provisions of the Act and Regulations thereunder are complied with, including the making of statistical returns.
- (b) Checking and inspecting on well locations.
- (c) Carrying out periodic inspection during drilling.

- (d) Collecting from the drilling operators samples of well cuttings where required.
- (e) Checking and inspecting materials used and methods followed in plugging of wells.
- (f) Carrying out inspections to ensure that adequate safety precautions are being adhered to with respect to drilling operations, well completions and production of wells.

TRANSMISSION AND DISTRIBUTION INSPECTION BRANCH

This Branch is composed of the following:

- (a) 1 Chief Inspector
- (b) 2 Engineers
- (c) 4 Field Inspectors
- (d) 2 Seasonal Field Inspectors

The functions of this Inspection Branch include the following:

- (a) Inspecting to ensure that provisions of the Act and Regulations thereunder are complied with to ensure safe and adequate standards of construction design, maintenance and operation of pipe lines.
- (b) Making periodic inspections at company engineering offices to ensure that maps, designs and records are being kept and adequately maintained.
- (c) Making periodic inspections at company offices to ensure that adequate and safe operating practices are carried out including odorization, leak surveys, emergency and first aid procedure and general maintenance.
- (d) Making spot inspections of new construction and repairs to ensure adequate and safe practices are being followed by the owner and his contractor.
- (e) Inspecting and reporting on all explosions, fires and asphyxiations.
- (f) Co-operating with and assisting municipal and provincial government departments in the interpretation and enforcement of the installation in the matter of effecting the maximum public safety.

UTILIZATION BRANCH

This Branch is composed of the following:

- (a) 1 Chief Inspector
- (b) 13 Field Inspectors

Energy Resources

The functions of this Inspection Branch include the following:

- (a) Inspecting and checking all gas utilities to ensure that utilities are adequately inspecting their own installations and those made by registered contractors to standards set up under the Act and Regulations thereunder.
- (b) Carrying out spot inspections of gas and oil installations including piping and venting thereof made by gas utilities and registered contractors.
- (c) Co-operating with and assisting municipal and provincial government departments in the interpretation and enforcement of the installation codes and regulations in the matter of effecting the maximum public safety.
- (d) Carrying out such other acts and things which will provide maximum public safety with respect to use of oil and gas in homes and buildings.
- (e) Working with counterparts in other provinces towards revisions and amendments of existing codes in order to standardize and keep up to date installation requirements.
- (f) Inspecting and reporting on all explosions, fires and asphyxiations.

DEPARTMENT OF HEALTH

Minister: THE HON. MATTHEW B. DYMOND, M.D.C.M.

The history of organized public health in Ontario since the establishment of the first Provincial Board of Health in 1882 reveals year by year expansion of interest in those matters deemed a responsibility of the Government to assume.

In 1923, the growth of the work of the Board necessitated the setting up of a Department of Health with a responsible Cabinet Minister. In 1925, the Department assumed full official status with the appointment of a Deputy Minister. Since then to the present, the role of this Government service has been one of steadily increasing interest in developing a programme which, associated with the growth of public health consciousness at large, would best serve the public needs. To function in this capacity has meant an expansion of staff and an increase in budget.

Some of the services rendered to the general public by the various Branches of the Department as presently constituted are outlined under the following appropriate headings. It is hoped that by so doing a better appreciation and understanding of how the Department functions will result.

DENTAL SERVICES

The Dental Division of the Department of Health includes in its activities:

- Promotion of dental health education.
- Direction and supervision of dental services in the Ontario Mental Hospitals and the Central Dental Laboratory.
- Supervision of the operation of railway dental cars, which provide service for school children in unorganized territory in Northern Ontario.
- Administration of the grants-in-aid to local Boards of Health in organized territory, in respect to school dental services.

Every Ontario (mental) Hospital has a well equipped dental clinic (staffed by a dentist and an assistant). Patients admitted to the hospitals are given a careful dental examination, mouth conditions are charted, and a radiographic check-up is made of all cases where possible. Needed treatment is provided. A healthy mouth is a requisite to the promotion of physical and mental well-being.

A fully equipped Central Laboratory is maintained to provide service for the clinics of the Ontario (mental) Hospitals. Two full-time technicians are kept busy constructing prosthetic appliances.

Large areas of Northern Ontario are without the services of a resident dentist. To provide a service for pre-school and school-age children, the Department of Health maintains two railway dental cars, staffed by full-time dentists and assistants.

A school dental service is one means of promoting healthy mouths and good dental health habits. The Department of Health encourages the operation of school services by payment of grants-in-aid. The service may be a simple contract, with the resident dentist to supply the service in his office; or dental equipment may be installed in the schools—in one case a mobile dental clinic brings the service right to the schools. At the present time more than 100 school dental programmes are eligible for the Department grant.

Public dental health education and research in the field of prevention and control of dental diseases offer the greatest promise of raising the dental health level of the public.

The Department recognizes the value of research into these problems and is presently giving grant assistance to several such studies.

ENVIRONMENTAL SANITATION

Progress in the field of environmental sanitation has resulted in great reductions in the incidence of diseases borne by milk, food, water, sewage, insects and rodents. The improvement and expansion of this program is the objective of the Environmental Sanitation Division.

Under the Public Health Act and other legislation, the Division administers regulations and provides consultative service to local health authorities relating to food sanitation, milk and milk products, eating places, refuse and garbage disposal, swimming pools, summer camps, school sanitation, rural water supply and sewage disposal, insect and rodent control, and other aspects of environmental sanitation.

Other activities include the administration of the Cemeteries Act and the regulations under it, and the administration of the Environmental Sanitation Training Centre for the training of sanitary inspectors, including also provision of instructors for many of the courses.

Regulations administered by the Division include the Milk Pasteurization Plant Regulations, Eating Establishment Regulations (in co-operation with municipal health authorities), Frosted Food Locker Plant Regulations, Slaughter Houses and Meat Processing Plants Regulations, Summer Camp Regulations and Swimming Pool Regulations.

The Chief Public Health Veterinarian is seconded to the Division of Epidemiology where his work in the study of food poisoning outbreaks and zoonoses will be co-ordinated with those of other specialists in epidemiology.

Health

Pamphlets are supplied to the public on request dealing with such matters as the sanitation of food, milk, and water supplies, and waste disposal for the cottager or vacationist, the sanitation of wells, and the design and construction of private sewage disposal systems such as septic tanks and field tile subsurface disposal beds. Water sterilization and testing kits are supplied free for purifying drinking water from private supplies.

EPIDEMIOLOGY

The Division of Epidemiology determines the extent and relative problems of communicable disease in Ontario, through the analysis of morbidity and mortality statistics and other epidemiological data received from local Medical Officers of Health and through reports forwarded by the various Provincial Laboratories.

Weekly morbidity and mortality data on a municipal level and by county have been kept current since 1928. This information is tabulated and distributed each week to Medical Officers of Health, Dominion Bureau of Statistics, Ottawa, and adjacent provinces and states.

The Division, upon request from local Medical Officers of Health, offers consultant epidemiological service in communicable disease problems.

The distribution of free biological products to physicians and medical officers of health for the prevention and treatment of many communicable diseases is also an activity of this Division.

The distribution of free insulin to indigent persons in Ontario, compensation paid to food handlers who are carriers of Typhoid Fever, and immunization of pre-school and school children in unorganized territory are also the responsibility of the Division of Epidemiology.

At the request of other Divisions and agencies, special table, graphs and maps have been prepared from statistical information relative to selective communicable diseases.

HEALTH UNITS

In 1944, the Ontario Government made legislative provisions for the establishment of county Health Units—a far-sighted and progressive step which has proven its wisdom and worth. Provincial Department of Health assistance to Health Units includes information to interested groups and councils, help in organization and substantial financial aid.

A Health Unit is a union of urban and rural municipalities for the purpose of providing a more efficient sustained community health programme in the area. The programme is carried out by full-time qualified personnel. This union, by agreement between the interested participants,

Health

may consist of counties, districts, or groups of townships, together with their cities or separate towns. The Unit functions under the local authority of a Board of Health which appoints the Unit's personnel consisting of doctors, nurses, sanitary inspectors, and clerical staff. Larger units employ veterinarians, and some have consultants in public health education and public health dentists.

At the end of 1959 there were 33 Health Units in Ontario. Their services to the public include communicable disease control; tuberculosis and venereal disease prevention; maternal and child health; pre-school and school health services; sanitation, including the safeguarding of milk and water supplies, and the sanitary disposal of garbage and sewage; health education; mental health; and preventive dentistry.

INDUSTRIAL HYGIENE

The Division of Industrial Hygiene is primarily concerned with the well-being of that section of the population engaged in industry. In addition it provides radon seeds prepared from radium for the Cancer Clinics in Ontario and enforces certain legislation.

Long continued employment in certain industries has been known to carry with it certain specific hazards; for example, lead poisoning among scrap metal and other workers with lead, silicosis in miners and stone-cutters, and hardness of hearing in boilermakers. On the other hand, there are many misconceptions as to what constitutes an industrial hazard. The Division is interested in determining the extent to which such hazards actually exist, and in devising corrective measures.

Attempts are made to promote employer interest in providing a suitable health service in the plant; for example, dressing stations for minor cuts and abrasions, emergency service for more serious injuries and for minor illnesses. Regular medical examinations for all workers, including special diagnostic procedures when warranted, for the purpose of the early detection of those ailments commonly found in the working age group are encouraged. Prompt recognition of the chronic adult diseases makes treatment possible at a time which favours the best chance of recovery.

The introduction into industry of new methods and materials brings with it the possibility of a health hazard to the employed worker. In the laboratory of the Division of Industrial Hygiene materials are examined by specially trained chemists and physicists, for the purpose of detecting the presence of possibly toxic substances. The importance of this work can be appreciated only when the complexity of the materials used is realized. The laboratory also tests blood and other fluids submitted by industrial physicians engaged in the control of occupational diseases.

Health

The following legislation is enforced by the Division:

1. Regulations under the Public Health Act respecting camps, works and premises and the employers and workmen thereof in territorial districts without municipal organization. These regulations deal with sanitation, housing and medical care of workmen employed in such areas.
2. Regulations under the Public Health Act respecting bedding which are directed to the proper labelling of bedding materials and certain other articles in respect to the filling material used.
3. Regulations under the Pesticides Act, 1956, which deal with the use of certain chemicals for disinfestation.
4. Regulations under the Silicosis Act wherein employees exposed to silica in foundries and other industries are certified after x-ray examination.
5. The Air Pollution Control Act 1958 which is concerned with the control of atmospheric pollution.

LABORATORIES

The Division of Laboratories of the Ontario Department of Health is concerned with the laboratory examination of clinical material and all other types of specimens which may be related in any way to public health. The great bulk of this work comprises the bacteriological investigation of infectious diseases, which is performed without charge, as a service to the public through the medical profession. Bacteriological control of milk and water supplies is also an important function. All specimens for examination other than water are accepted only from Medical Officers of Health and legally qualified medical practitioners. Water samples may be submitted by any citizen of Ontario.

In addition to general and special medical microbiology, the Division of Laboratories offers examination facilities to the profession, in parallel to the service of hospital laboratories, in bio-chemistry and tissue pathology, at nominal fees.

Suitable mailing containers are supplied by the laboratories for the submission of all types of specimens. The laboratories of the Division act as depots for the distribution of all biological products, such as anti-toxins, toxoids and vaccines, necessary for the control and treatment of certain infectious diseases. These are supplied by the Ontario Department of Health as a free service to the public through the medical profession.

The staff of the Division of Laboratories includes more than 400 trained workers. Methods employed in the laboratories are under constant review and scientific advances in laboratory practice are adopted as soon as practicable. The Central Laboratory acts as a reference laboratory

for the Division in training staff and the supply of special materials, such as antigens and anti-sera. It is situated at 360 Christie Street in Toronto, and provides complete service, including training, research investigation and virus study. The number of examinations performed by the Division of Laboratories continues to increase of which 90% is done free of charge.

The Division includes 19 laboratories situated in different parts of the Province of Ontario, located suitably to afford easy access to the entire population.

In addition a mobile laboratory is available for work in other areas where on-the-spot laboratory work is required.

CENTRAL LABORATORY—360 Christie St., Toronto 4, Ont.; **REGIONAL LABORATORIES**—Fort William, Kenora, Kingston, Kirkland Lake, London, North Bay, Orillia, Ottawa, Peterborough, Sault Ste. Marie, Timmins, Windsor, Woodstock. **SUBSIDIZED LABORATORIES**—Cornwall General Hospital, Kitchener-Waterloo Hospital, St. Catharines General Hospital, Stratford General Hospital, Sarnia General Hospital.

MATERNAL AND CHILD HEALTH

The Maternal and Child Health Branch concerns itself with matters related to the health of the expectant mother and the health of infants, pre-school and school-age children. It acts in an advisory capacity to official and non-official agencies with respect to this field of interest. The ultimate objective of the programme is the reduction of maternal and infant morbidity and mortality, and the improvement and conservation of maternal and child health.

By conducting special studies, and by collecting and analyzing statistical data the Branch is continually investigating the causes of morbidity and mortality with a view to improving hospital, medical and community care.

With a view to assisting the mother toward a better understanding of the requirements of the developing infant and growing young child and helping her to better appreciate the necessity of closely following the advice of her physician, the Department publishes a book—"The Early Years"—which is much in demand throughout the Province.

Pre-school and school health services carried out by the local health departments supplement the work of the family physician in the maintenance of good health and the prevention or early detection of disease or illness. With these considerations in view, the Branch interests itself in the study of problems related to the health of children of all age groups.

The Branch maintains an advisory service to public general hospitals in matters related to nursing techniques in obstetrical units and newborn nurseries.

In co-operation with the Department of Education, direction is given to the medical examination of applicants to the teacher colleges of the Province, including summer courses, and to extra-mural candidates.

MEDICAL STATISTICS

The Division of Medical Statistics acts in an advisory and consultative capacity to all Divisions of the Department in the compilation, analysis, interpretation and application of statistical data as well as in the planning and conduct of special studies and surveys.

The Division is responsible for the collection, tabulation, and analysis of data on all cases of cancer registered at the Ontario Cancer Clinics. Each year, the Division prepares an Annual Statistical Report on Cancer. A special statistical report based on available mortality and morbidity data is also prepared each year for inclusion in the Annual Report of The Ontario Cancer Treatment and Research Foundation. Long-term and continuing analyses of cancer mortality and morbidity data have been initiated; these analyses also extend to geographic distribution and estimates of the incidence and prevalence of cancer. In addition, special analysis of cancer treatment experiences are made for presentation at clinical conferences convened by the Ontario Cancer Foundation.

The Division is responsible for the collection, tabulation and analysis of all mental health and hospital statistics and for the preparation of the Annual Report of the Mental Health Division, together with an Annual Statistical Review. A system of case reporting for psychiatric units in public hospitals is now in operation and from this system data required for administrative and clinical purposes are prepared. From a new system of monthly and annual reports submitted by the mental health clinics and outpatient departments in public hospitals, the Division prepares reports which provide essential data for medical, administrative and clinical purposes. Special compilations and analyses of mental health statistical data for clinical and administrative purposes are undertaken from time to time.

In collaboration with the Division of Industrial Hygiene, three plans have been developed for the recording, collection, tabulation and analysis of morbidity data in industry. A brochure outlining the method of recording visits to the health centre in any industrial plant for use in conjunction with the three plans has also been produced,

The Division prepares, from time to time, special compilations of morbidity and mortality data of particular interest in the public health field. Special reports on particular aspects of health statistics are prepared and released from time to time.

A report on the highlights of the current recorded mortality experience in Ontario is prepared each year for inclusion in the annual Report of the Department.

MENTAL HEALTH

The Division of Mental Health administers the Mental Hospitals Act, the Mental Health Act, the Psychiatric Hospitals Act, and the Private Sanitaria Act. The Division operates 17 mental hospitals throughout the Province for the care and treatment of the mentally ill, mentally defective, and the epileptic. These hospitals at the present time are caring for over 22,000 patients, with a full-time staff of 9,000.

The Ontario Mental Hospitals are designed for the treatment of those suffering from one of the commonest forms of serious illness. They provide the best and most modern forms of care and treatment for all patients. Upon admission, all patients receive a thorough physical and mental examination. The appropriate treatment then is prescribed. Available for suitable patients are electroshock treatment, insulin shock treatment, and the delicate surgical procedure known as leucotomy. All of the newer drugs are being constantly given clinical trials, and their widespread use adopted immediately the efficaciousness of the drug is properly established. Surgical and dental care are provided as required. On admission, and annually, all patients receive chest x-rays.

Over 4,000 patients are discharged back into the community annually, usually after a trial period of six months in their homes. An additional 965 selected convalescent patients are being cared for in private boarding homes in various communities. These patients are carefully supervised by the medical and social service staffs of the hospitals.

There are two private sanatoria in the Province for the treatment of the mentally ill, operating under the provision of The Private Sanitaria Act, with inspection being carried out as required by the Mental Health Division.

The Division of Mental Health operates throughout the Province mental health clinics which examine individuals requiring this type of service. This is a community service primarily designed to assist a person with any type of mental health problem. The clinics provide advice in regard to diagnosis and treatment, and work in conjunction with physicians and agencies in the community. Nearly 120,000 children and adults have been seen by the clinics and the provincial psychiatrists since the inauguration of the Mental Health Clinic service in June, 1930. This includes only new cases.

The Mental Health Act (1954) is intended to promote and encourage the establishment and co-ordination of facilities for the accumulation and

Health

dissemination of information relating to mental health, and advise and assist local boards, medical officers of health, public hospitals, and other persons and institutions in all matters pertaining to mental health. The setting up of psychiatric units in approved general hospitals throughout the Province is encouraged by the government by means of \$8,500 per bed grants. At the end of 1959, there were ten psychiatric units in operation which had been built in general hospitals under the provisions of the grant, and one unit which is a renovated section of an older hospital. Together, these include 351 beds. The construction of psychiatric units in three other general hospitals has been approved, and two additional units are under consideration.

Like all other forms of serious illness, adequate nursing care is an important part of the treatment of the mentally ill. In order to help meet this need, approved schools of nursing are being conducted in three Ontario Mental Hospitals. A three-year course is given which leads to nurse registration. This course includes affiliation of one year in a general hospital and three months in a children's hospital. Affiliation courses in psychiatric nursing are provided in Ontario Mental Hospitals for nurses-in-training from general hospitals.

A course for the training of Occupational Therapy Assistants for the Mental Health Service is being conducted in one of the Ontario Hospitals.

Training for Attendants and Nurse Aides is carried on in all the Ontario Hospitals, and such personnel are required to pass the examinations in this course before they can be promoted.

NURSING BRANCH

Present day nursing is provided by three types of workers—the registered nurse, many with advanced preparation; the certified nursing assistant and those without any formal training.

The Department of Health, through this Branch, administers the Nursing Act, 1951.

The Nursing Act authorizes the setting up of requirements to regulate the establishment, maintenance and conduct of approved schools of nursing for the registered nurse. Registered nurses on the staff of this Branch visit the approved schools of nursing in the Province regularly and act in the capacity of consultants. There are 61 approved schools. Each school of nursing is required to provide comfortable living accommodation for the students, adequate facilities for teaching and opportunity for suitable recreation.

Today's nurse has need of a broad professional education. It usually requires three years. Schools of nursing provide experience in the fields of medicine, surgery, paediatrics, obstetrics and psychiatry. The course is secured in the same fashion as is adopted in the preparation of those entering any other professional or semi-professional field, namely, through lectures, demonstrations, group discussions, reading and experience on the hospital wards, under the direction of a qualified teaching staff.

The minimum requirements for entrance to an approved school of nursing is the secondary school graduation diploma of the Department of Education with standing in grade 12 chemistry and either grade 12 physics or grade 13 botany or zoology, or equivalent qualifications as determined by the Minister of Education. The applicant for admission to a school of nursing is required to be 17 years of age except where the applicant holds the Secondary School Honour Graduation Diploma in addition to the educational requirements stated above. These admission requirements are stated under the Nurses' Registration Act, 1951, which is administered by the Registered Nurses' Association of Ontario.

For 12 years bursaries have been made available through national health grants to registered graduate nurses for study in nursing education at universities in Ontario. The graduate who receives the bursary undertakes to accept a teaching position in a school of nursing in Ontario for one year after the completion of the university course. More recently bursaries have been provided also for the registered nurse who wishes to take advanced preparation for positions in the administration of hospital nursing service. Application for bursaries are made to the Nursing Branch.

The Nursing Act establishes and protects the title of Certified Nursing Assistant. It also authorizes the setting up of requirements to regulate the establishment, maintenance and conduct of training courses for nursing assistants and the process of provincial registration for this group. Four thousand two hundred nursing assistants have been certified in the past 12 years.

The Certified Nursing Assistant Course is of 10 months' duration, and an evening course of 12 months' duration has been established in two centres. A programme has also been established in one technical school in the Province whereby one may qualify as a Certified Nursing Assistant and achieve high school graduation. Practical nursing predominates in these courses which are designed to train the candidate to give acceptable nursing care to the less acutely ill patient. The minimum requirement for entrance to these courses is Grade VIII.

A registered nurse on the staff of the Branch visits the 17 training centres for nursing assistants regularly, and acts as a consultant in all matters pertaining to the programme.

Health

These 17 training centres are operated by several agencies; Hospitals, the Royal Canadian Army Medical Corps, a technical high school, the Ontario Department of Health.

PUBLIC HEALTH NURSING

The chief objective of this Division is to interest and assist local boards of health in the organization and development of public health nursing services of a type and scope indicated by the particular needs of each area and in keeping with generally accepted standards. Means of carrying out this objective are:

- Regular visits by regional supervisors to existing services.
- Visits by members of staff to centres interested in developing services.
- Correspondence, interviews and conferences in the office and in the field with county and municipal officials, interested citizens, physicians, dentists and nurses.
- Co-operation with University Schools of Nursing in preparation of public health personnel (supervisors and staff) including arrangements for field practice of students.
- Assistance in securing qualified personnel for local boards of health through receiving credentials, interviewing applicants, and making known to them opportunities existing in the Province.
- The Educational Supervisor assists in the evaluation and improvement of educational methods, skills and knowledge of public health nurses, and plans special educational projects.
- Reviewing professional credentials of nurses seeking public health appointments, in terms of the qualifications required by the Provincial regulations.
- Preparation and distribution of bulletins to public health nurses.
- Addressing public meetings as requested.
- Attendance at Area Conferences.

The Division also co-operates with health, nursing and related voluntary agencies and maintains close relationship with the Departments of Education, Public Welfare and Agriculture (Institutes Branch).

Assistance is given in the organization and carrying out of the programme for medical examinations each year in the eight Provincial Teachers' Colleges and the College of Education.

Supervision of the bursary plan whereby financial assistance is given from monies now made available under the Federal Public Health Grants scheme, to enable registered nurses to pursue courses in public health

nursing at Ontario universities. The bursary plan includes experienced public health nurses enrolled in the course in Administration and Supervision in Public Health Nursing. All nurses so assisted have agreed to accept positions in Ontario for one year at least, following the completion of their respective courses.

TUBERCULOSIS PREVENTION

In Ontario there are 13 sanatoria, with a bed capacity of approximately 2,800 for the treatment of persons suffering from tuberculosis. Approximately 6,000 patients are treated in these sanatoria each year.

The Ontario Government pays the cost of maintenance of all patients in sanatoria excepting those the responsibility of other agencies, i.e., the Workmen's Compensation Board, the Department of Veterans Affairs, and the Indian Health Services.

The Government contribution for the control of tuberculosis in this province is approximately 7,500,000 annually.

The Division of Tuberculosis Prevention conducts free community and industrial mass x-ray surveys, which serve approximately three-fifths of the population of the province. The balance is covered by other agencies approximately 225,000 persons were examined in 1958 in mass surveys carried out by the Division.

Early in 1958 a pilot study was introduced, using the tuberculin test in connection with community x-ray surveys in certain selected areas. This was first limited to one survey unit. The test is now used in all our surveys.

A free diagnostic chest clinic service is provided in 283 clinics in 258 centres in the Province—50 of these being operated by the Division; in the latter a total of 42,713 people were examined in 1958. Medical supervision of those clinics not operated by the Division is provided by the sanatoria, certain municipalities, and the Gage Institute, Toronto.

The voluntary tuberculosis associations throughout the province contribute to the cost of some 215 clinics; over 114,000 persons were examined in these clinics in 1958. The purchase of Christmas seals also made it possible for the local tuberculosis associations, assisted by the Department of Health and other agencies, to give free miniature chest films to over 700,000 people in 1958 in community surveys and clinics.

Every x-ray machine in the province capable of taking miniature chest films has been inspected and equipped with a special cone adapter and other devices, thereby eliminating all unnecessary radiation.

Every general hospital in the province is co-operating in the Hospital Admission Chest X-ray Programme, 422,000 patients having received routine chest films in 1958.

The Department co-operates in arranging programmes involving routine chest films of applicants for employment in industry, residents of homes for the aged, inmates of jails and reformatories, and recipients of public assistance.

The rehabilitation of the tuberculosis ex-patient receives special attention. This service is staffed by a supervisor and five rehabilitation officers. In addition to the central rehabilitation office in Toronto, three district offices are located in the sanatoria in Fort William, London and Kingston.

Every effort is made to place ex-sanatorium patients in suitable employment following retraining, if indicated. Special attention is given to preparing the patient while in sanatorium to resume his place in society on a self-supporting basis following discharge. For the year ending November 30, 1958 a total of 607 ex-patients were either placed in training or employment secured.

In recent years Ontario has had one of the lowest tuberculosis death rates of any Canadian province. In 1958 the death rate was 3.2 per 100,000 population.

VENEREAL DISEASE CONTROL

The venereal disease rate in Ontario has been showing a decline for many years. For instance, in syphilis the rate has dropped progressively from 175 in 1943 to 80 in 1947, and reached an all time low at seven cases per 100,000 population in 1958. While the decline in the incidence of gonorrhoea has been less spectacular than the decline in syphilis rates, there nevertheless was a drop from 163 cases per 100,000 in 1943 to 37 in 1958. However, 1958 figures and preliminary figures for 1959 indicate an upward trend in the reported rate of early infectious syphilis. A continuing active programme is being maintained to prevent a serious reoccurrence of the problem.

In Ontario, the Provincial Government contributes substantially to the treatment of venereal disease by providing complete and free treatment for all indigent cases at special treatment clinics, or through the local health authorities. Therapeutic agents are provided free to physicians for the treatment of all cases of syphilis registered with the Department. Consultative clinical services are maintained by the Division of Venereal Disease Control for the physicians in the Province, as well as complete laboratory service.

Believing that one of the essential features of the control of venereal disease is education, the Department arranges for lectures to medical,

nursing and dental students and physicians and nurses doing post-graduate public health work in the Province.

In addition, films, posters, literature and other educational material on venereal disease is distributed to interested groups, including lay organizations and secondary school students.

THE ONTARIO HOSPITAL SERVICES COMMISSION

The Ontario Hospital Services Commission was established by an Act of the Legislature of Ontario in April 1956. Seven Commissioners have been appointed to the Commission to complete its full membership, one of whom is a full-time Chairman.

The Commission has two major responsibilities, the first of which is the development and administration of a plan of hospital care insurance for all residents of Ontario. This responsibility is being handled by one of the major divisions of the Commission, the Hospital Insurance Branch. The second responsibility is the development in the Province of a balanced and integrated system of hospitals and related health facilities. This responsibility is being handled through the other major division—the Hospital Services Branch.

The hospital insurance programme which came into operation on January 1, 1959, is providing a complete hospital insurance plan for approximately 92 per cent of the residents of Ontario. A staff of approximately 900 persons is required to carry on the responsibilities of the Commission. The majority of the staff has been obtained by transfer of personnel from the Blue Cross Plan for Hospital Care, which has been operated by the Ontario Hospital Association.

The Commission is directly concerned with the development of expanding hospital facilities in the Province. At the present time, 239 public general hospitals and hospitals for convalescents and the chronically ill are under the jurisdiction of the Commission. They provide a total as of December 31, 1959, of 31,497 beds. The Commission is continuing to encourage and guide the development of hospitals where required in the Province, so that suitable hospital services will be available where needed.

The Minister of Health for the Province of Ontario represents the Commission in any matter which requires consideration and decision by the Provincial Legislature, or by Executive Council of the Government of Ontario.

The Ontario Hospital Services Commission works in close co-operation with many organizations whose interests are in the health field. Among these are the Department of National Health and Welfare, the Provincial Department of Health, the Canadian Hospital Association, the Ontario Hospital Association and the Ontario Medical Association.

DEPARTMENT OF HIGHWAYS

Minister: THE HONOURABLE FRED M. CASS

The Department of Highways is responsible for the planning, construction and maintenance of all highways and secondary roads throughout the Province and for the enforcement of statutes and regulations with respect to them.

The Minister responsible for the Department is assisted by a Deputy Minister who acts as his adviser in matters of policy and administration. Under their direction the various Branches carry on the work of the Department. The Deputy Minister's staff consists of two Assistants, a Senior Solicitor, an Engineering Audit Supervisor and an Information Officer.

NEW HEADQUARTERS—DEPARTMENT OF HIGHWAYS

On February 20th, all the administrative offices of the Department of Highways were moved from their present location at Queen's Park to the new Department of Highways Administration Building at the corner of Highway 401 and Keele Street.

Although the Minister, Deputy Minister and Chief of Administration will normally be available at the new Downsview Office they will retain offices at Queen's Park for the convenience of those people finding it difficult to attend the Downsview Office. Appointments for meetings at Queen's Park must be made well in advance. Since all other Department officials will be at the new Downsview office, it will be necessary for persons or delegations to make appointments at least a week in advance and to indicate at that time the business which they wish to discuss. This is necessary so that the personnel and/or plans, etc. can be available at Queen's Park for the discussions.

The new telephone number for the Downsview office is CHerry 4-2571. Since all mail will come into the central mail office at Queen's Park and will be distributed from that point there will be no change in the mailing address to any of the branches or sections in the Department of Highways.

It will be possible to make special arrangements for transportation from Queen's Park to Downsview for those persons with appointments from out of town. If this service is required, it will be necessary to indicate the fact when making arrangements for an appointment.

ADMINISTRATIVE OFFICES

Located in the Department of Highways Building, Highway 401 at Keele Street. The following officials are also located in the East Block of the Parliament Buildings:

Minister.....	Room 1603
Deputy Minister.....	Room 1540
Chief of Administration.....	Room 1540

CHIEF ENGINEER'S BRANCH

Under the general direction of the Deputy Minister, the Chief Engineer is the final professional authority in all matters of engineering in connection with Planning and Design, Construction and Maintenance of all highways and secondary roads. Under his direction there are two Branches, namely: Planning and Design, and Operations.

PLANNING AND DESIGN BRANCH

This Branch administers the planning and design of all highways in Ontario through its two Divisions:

I. PLANNING DIVISION: Provides long-term programming of future highway construction based on traffic and economic studies; the location of planned highways in the field and the maintenance of all plans and priorities.

II. DESIGN DIVISION: Designs all highways and structures according to needs and carries out the pre-engineering field work required.

OPERATIONS BRANCH

This Branch administers the construction and maintenance of King's Highways and Secondary Roads in Ontario through the Divisions listed below and through eighteen District Offices located throughout the Province.

1. CONSTRUCTION DIVISION: Provides guidance and technical advice to District Engineers during construction. Investigates and tests soil conditions and material sources, and administers the information obtained. Administers and checks all documents and field data for the calling of tenders, awarding of contracts, progress payments and completed contracts.

2. MAINTENANCE DIVISION: Provides technical guidance and advice to the Districts on regular summer and winter maintenance of all highways; and on such specialized services as bridge inspection, landscaping, highway lighting, safety devices.

Highways

3. DISTRICT OFFICES: Each District carries out regular summer and winter maintenance operations and directly supervises all contract work in its territory.

SERVICES BRANCH

This Branch administers purchase, sale and rental of all Department properties; performs land surveys and prepares necessary plans for the acquisition or disposal of land, assumption, reversion, designation and closing of highways; administers the purchase of all Department materials and overall control of District stores of maintenance and construction materials; establishes practices in respect to purchase and maintenance of all Department vehicles and equipment; establishes practices for filing and mailing service in the Department; procures and distributes all office furniture, equipment and supplies; supervises the allocation of office space and building requirements of the Department; administers all tendering procedures within the Department.

FINANCIAL COMPTROLLER'S BRANCH

This Branch performs the service of processing payments to contractors, invoices, payrolls, etc., together with the necessary general accounting. The internal auditing of financial and non-engineering matters comes under this Branch's direction. From information submitted by all Branches, this Branch prepares and controls the Department's budget. Administers the qualification of contractors bidding on Department contracts. Studies existing office routines, developing and improving systems for other Branches. Provides financial and statistical information for other Branches and other Government Branches.

MUNICIPAL ROADS BRANCH

This Branch administers the Highway Improvement Act with respect to county and township roads and urban municipalities. Supervises the construction and development roads in sparsely settled areas.

PERSONNEL BRANCH

This Branch administers the selection and engagement of personnel, staff movements, salaries and personnel records.

Provides guidance and advice on staff placement, performance appraisals, training and organization.

DEPARTMENT OF LABOUR

Minister: THE HONOURABLE CHARLES DALEY

The Department of Labour is a service department of the Government of Ontario. Its chief duties are the administration of statutes and regulations involving safety in industry, collective bargaining and generally such Acts as have been provided for the economic protection of workers.

The Minister responsible for the Department is assisted by a Deputy Minister who is in charge of the administration of the Department.

MAIN OFFICE DIVISIONS

Administrative Assistant

ADMINISTRATION ASSISTANCE: Handles correspondence and matters of a general administrative nature including supervision of office staff in departmental district offices.

Prepares and arranges for distribution of directives from Deputy Minister to officers and staff of the Department.

Supervises purchase of equipment.

PERSONNEL: Responsible for selection, placement, and appointments of staff. Screens applications for employment and interviews applicants. Handles matters relating to classification and salaries of staff.

Maintains permanent departmental records on staff.

Acts as liaison officer with Civil Service Commission.

Cashier

ACCOUNTING: Accounts for all revenue. Deposits with Treasury Department all money collected.

SUPERVISION: Supervises and records sale of vacation-with-pay stamp books, engineering text-books, and other publications. Records statements from Province of Ontario savings offices and chartered banks of vacation-with-pay credit stamps sold and not sold. Balances monthly with the office of the Provincial Auditor current stocks of stamps held by Treasury Department.

MAIL: Collects and sends outgoing mail. Distributes incoming mail. Supervises messenger service for Department.

SERVICE: Issues receipts to remitters of money by mail and over counter.

Chief Accountant

BUDGETARY CONTROL: Prepares annual estimates of Department. Reviews expenditure requirements of each branch against estimates.

ACCOUNTING: Checks and prepares for payment by Treasury Department accounts payable. Verifies monthly with Treasury Department payment of accounts. Redeems vacation-with-pay credit stamps. Incorporates cashier's monthly totals into records. Prepares pay-rolls, calculating group insurance, income tax, superannuation, medical services, and attendance records, statements on finances of Department as required and claims under agreements made with Government of Canada.

Office, Chief Conciliation Officer

CONCILIATION AND MEDIATION: Conciliates and mediates all matters referred to the Department with respect to labour problems in industry within the control of the Ontario Legislature.

ARBITRATION: Arbitrates with the consent of the Minister matters in dispute between employers and employees as provided under union agreements.

INVESTIGATION: Investigates and reports on all labour matters coming within the scope of this division.

CONFERENCES: Conducts conferences under The Industrial Standards Act.

VOTES: Arranges votes and provides returning officers at the request of the parties concerned.

Director of Technical Services

SUPERVISION: Supervises the administration of the four technical branches of the Department to co-ordinate their activities. Directs and advises on matters relating to their operation and development.

INVESTIGATION: Investigates factors relating to technical legislation to raise standards of industrial safety and welfare. Confers with persons concerned with these matters.

Economist

SUPERVISION: Supervises the compiling of statistics on the activities of the Department. Prepares reports and analysis on matters relating to the legislation including monthly reports on the operations of the Ontario Labour Relations Board and data on conciliation services.

SERVICE: Maintains records of current information on prevailing wages in construction trades.

Library

CATALOGUING: Classifies, catalogues, and indexes newspapers, magazines, documents, records, and any other publications on labour legislation and related subjects received by Department.

SERVICE: Extends library service relative to labour publications to other government departments and to public. Compiles daily file on current labour situation outlined by press.

Statistician

EDITING: Prepares annual report of Department which involves writing and editing of report and research in respect of material for report, and edits manuscripts submitted to Department for approval.

Labour

SUPERVISION: Prepares Department advertising and publicity, and supervises publications for library use including their purchase.

REGULATIONS: Supervises printing of Acts and regulations under jurisdiction of Department in office-consolidation form. Advises on printing of other material.

SURVEYING: Assists in surveys. Provides statistics and prepares reports on Departmental activities as required.

SERVICE: Serves as source of reference for general inquiry on labour legislation.

Maintains mailing list for copy (a) new legislation and regulations coming under the jurisdiction of Department, (b) annual report and (c) other Departmental publications. Revises mailing list periodically.

Distributes Acts and regulations and other publications of Department on request.

Stores Office

SUPPLIES: Liaison between Department and Queen's Printer. Orders, records and distributes equipment, supplies, and printing, for all branches.

MAILING: Does all wrapping of vacation-with-pay stamp books and other material mailed from Department.

FORMS: Does all mimeograph work for Department.

BOARDS, BRANCHES AND COMMISSIONS

BOARD OF EXAMINERS OF OPERATING ENGINEERS

PERSONNEL: Composed of not less than three members appointed by the Lieutenant-Governor in Council, one of whom is designated as chairman.

ADMINISTRATION: Administers The Operating Engineers Act, 1953, and regulations.

EXAMINATIONS: Conducts examinations of applicants for certificates of qualification as operating engineers and operators. Recommends the issuance of certificates of qualification and provisional certificates of qualification.

CERTIFICATES OF QUALIFICATION: Fourteen classifications of certificates of qualification issued, renewable on January 1 of each year.

REGISTRATION OF PLANTS: Registers plants defined under the Act, and recommends the issuance of certificates of registration to the owners of plants.

Labour

INSPECTION: Inspects plants to ascertain compliance with the Act and regulations.

TEXT-BOOKS: Edits and publishes for sale engineering text-books.

INDUSTRY AND LABOUR BOARD

PERSONNEL: Established under The Department of Labour Act and may consist of not more than three members appointed by the Lieutenant-Governor in Council, one of whom is designated as chairman, and all of whom are officers of the Department of Labour.

ADMINISTRATION: Administers The Apprenticeship Act, The Hours of Work and Vacations with Pay Act, The Industrial Standards Act, and The Minimum Wage Act.

ACTIVITIES: Include enforcement and supervision of the enforcement of the Acts described under the headings (a) Apprenticeship Branch, (b) The Hours of Work and Vacations with Pay Act, (c) The Industrial Standards Act, and (d) Minimum Wage Branch.

CO-OPERATION WITH EMPLOYERS AND EMPLOYEES IN INDUSTRY: Consults and co-operates with employers and employees to assist in establishing equitable working conditions in industry.

Apprenticeship Branch

DIRECTOR: Is the executive officer of this branch.

ADMINISTRATION: Administers The Apprenticeship Act which provides for assistance to industry in establishing a system of training of apprentices, for the issuance of certificates of qualification in designated trades, and for the licensing of trade schools concerned with training persons for designated trades.

REGISTRATION: Provides for registration of contracts of apprenticeship and transfers of contracts, and of employers in certain designated trades.

INSPECTION: Inspects training and progress of apprentices to ascertain employers and apprentices comply with provisions of Act and regulations. Advises of any necessary adjustments in training.

SUPERVISION: Advises any designated trade on regulations or any matter relating to training of apprentices in the trade.

VOCATIONAL TRAINING: Organizes and supervises in co-operation with Department of Education a system of school training for apprentices authorized by agreement made by governments of Canada and Ontario.

Labour

EXAMINATIONS: Provides for the examination of apprentices in designated trades. Provides examinations for certificates of qualification.

PROVINCIAL ADVISORY COMMITTEES AND LOCAL APPRENTICESHIP COMMITTEES: Consults with members of provincial advisory committees and local apprenticeship committees representing employers and employees engaged in designated trades.

The Hours of Work and Vacations with Pay Act

HOURS OF WORK: Provides working hours of an employee in any industrial undertaking not to exceed 48 hours a week. An employer may, with the approval of the industry and Labour Board, provide for working hours of his employees in excess of 48 hours a week within specified limits.

VACATIONS WITH PAY: Provides every employee in an industrial undertaking to be given a vacation of at least one week with pay for each working year of his employment. An employee not completing a year of employment receives vacation-with-pay credit in the form of stamps equivalent in value to two per centum of his total earnings but, with the exception of an employee engaged in the construction industry, the employee resigning must complete 3 months of employment prior to resignation before being eligible for vacation-with-pay credit.

EXEMPTIONS: Exempts by regulations from provisions of Act and regulations certain persons engaged in specified trades and professions.

INSPECTION: Authorizes inspection and examination by the Board or any member thereof of books, pay-rolls, and any other records, of an employer where provisions of the Act are alleged to have been violated.

INQUIRIES: Provides for the Board to inquire into any partnership, association or scheme it is of the opinion is designed to defeat the purpose of the Act.

The Industrial Standards Act

CONFERENCES: Provides for conferences of employers and employees in any industry within a designated zone or zones to be convened by an Industrial Standards Officer to investigate and consider the conditions of labour and the practices prevailing in the industry. The conference may submit to the Minister of Labour in writing for his approval a schedule of wages and hours and days of labour for the industry affected. Upon the recommendation of the Minister, the Lieutenant-Governor in Council may declare the schedule to be in force during pleasure or for a period not exceeding 12 months.

Labour

INDUSTRIAL STANDARDS OFFICERS: Provides for appointment of Industrial Standards Officers to assist in carrying out the provisions of the Act, regulations, and schedules, and to conduct inquiries and investigations respecting matters coming within the scope of the Act and regulations.

ADVISORY COMMITTEES: Provides for establishment of an advisory committee for every zone or group of zones to which a schedule applies to assist in carrying out the provisions of the Act.

Minimum Wage Branch

ADMINISTRATION: Administers The Minimum Wage Act and the orders establishing minimum wages. Current orders apply to female employees only.

RECORDS: Classifies industry. Records wage returns and hours of work.

SUPERVISION: Inspects records of employers to ascertain compliance with orders. Directs necessary increases in wages. Orders payment of arrears in wages in the amount necessary to comply with requirements of orders.

HOMEWORK: Approves piece-work rates for homework.

PERMITS: Issues permits authorizing employment of handicapped workers at rates lower than minimum rates established by orders.

INVESTIGATION: Investigates complaints and violations of minimum-wage orders.

THE ONTARIO ANTI-DISCRIMINATION COMMISSION

PERSONNEL: Composed of three or more members appointed by the Lieutenant-Governor in Council, one of whom is designated as chairman.

FUNCTION: Advises the Minister of Labour in the administration of The Fair Employment Practices Act, 1951, The Female Employees Fair Remuneration Act, 1951, and The Fair Accommodation Practices Act, 1954; makes recommendations to the Minister designed to improve the administration of these Acts; develops and conducts educational programmes designed to give the public knowledge of the Acts and to promote the elimination of discriminatory practices.

ONTARIO LABOUR RELATIONS BOARD

PERSONNEL: Consists of a chairman, vice-chairman, deputy vice-chairman, and six other members who are equally representative of employers and employees.

Labour

ADMINISTRATION: Administers The Labour Relations Act with respect to (a) certification of bargaining agents, (b) termination of bargaining rights of bargaining agent, (c) granting of requests for conciliation services, (d) declarations as to successor status, (e) consent to prosecute for alleged violations of the Act, and (f) declarations that strikes or lock-outs are unlawful, among other matters.

BOILER INSPECTION BRANCH

INSPECTORS: Appointment by the Lieutenant-Governor in Council of inspectors to inspect boilers, pressure vessels, and plants, under The Boilers and Pressure Vessels Act, 1951, one of whom is designated the Chief Inspector. An inspector holds a certificate of competency. The inspectors are appointed by the Lieutenant-Governor in Council to carry out inspections also under The Operating Engineers Act, 1953.

ADMINISTRATION: Administers The Boilers and Pressure Vessels Act, 1951, and regulations.

INSPECTION: Inspects boilers and pressure vessels during their construction and installation, repair, and alteration. Inspection of used boilers and pressure vessels before they are put in operation. Inspection at least once annually of uninsured boilers and pressure vessels in operation, and inspection of the installation of plants.

Also inspects under The Operating Engineers Act, 1953, with respect to plant registration and the certification of operating engineers and operators.

CERTIFICATES: Issues certificates for the operation of boilers and pressure vessels.

EXAMINATIONS: Tests the qualifications of welding operators, and issues an identification card to every welding operator who successfully passes a qualification test.

INVESTIGATIONS: Investigates an explosion or rupture of a boiler or pressure vessel, or an accident arising out of the operation of a boiler or pressure vessel.

DESIGNS: Designs of boilers, pressure vessels, and fittings are submitted for approval and registration in the Department before construction commenced, or of plants before installation commenced.

COMPOSITE INSPECTION BRANCH

INSPECTION: Inspects industrial and commercial establishments. Supplies inspection service to branches of Department to enforce statutes under their jurisdiction.

Labour

Enforces regulations respecting protection of persons working in compressed air, tunnels, open caissons, coffer dams, crib work.

INVESTIGATION: Investigates complaints made under the Acts administered by the Department or any violations of the Acts.

ELEVATOR INSPECTION BRANCH

INSPECTORS: Appointment by the Lieutenant-Governor in Council of a chief inspector and one or more inspectors to make inspections of elevators, dumb-waiters, escalators, manlifts, and incline lifts. An inspector holds a certificate of competency.

ADMINISTRATION: Administers The Elevators and Lifts Act, 1953, and regulations.

INSPECTION: At least once annually every elevator, dumb-waiter, escalator, manlift, and incline lift is inspected by an elevator inspector of the Department or by a representative of an insurer.

Investigates accidents in respect of elevators, dumb-waiters, escalators, manlifts and incline lifts.

APPROVAL OF DRAWINGS AND SPECIFICATIONS: Drawings and specifications of all proposed new installations or major alterations of an elevator, dumb-waiter, escalator, manlift, or incline lift are submitted for approval by an engineer of the Department.

LICENCES: Issues licences for the operation of elevators, dumb-waiters, escalators, manlifts, and incline lifts. Licences renewed annually.

REGISTRATION: Registers annually contractors as defined under the Act.

FACTORY INSPECTION BRANCH

INSPECTORS: Appointment by the Lieutenant-Governor in Council of inspectors for enforcing the provisions of The Factory, Shop and Office Building Act, one of whom is designated the Chief Inspector.

ADMINISTRATION: Administers under The Factory, Shop and Office Building Act enforcement of safety and welfare measures by industry.

INSPECTION: Inspects periodically all factories, shops, bakeshops, restaurants, and office buildings in Ontario for the safety, health, and welfare of employees.

BUILDINGS: Examines drawings and specifications of industrial or commercial buildings to be constructed, reconstructed, or altered. Inspects, on request, premises to be occupied for industrial purposes, and advises of their suitability and of any alterations or installations necessary.

Labour

INVESTIGATION: Investigates industrial accidents and occupational diseases and complaints of working conditions, sanitation, guarding of machinery, exits, etc. Analyzes causes of accidents and diseases for future prevention.

CLASSIFICATION OF INDUSTRY: Classifies industry under standard groupings, and registers firms by certificate.

DIRECTOR: Is the executive officer of the Branch.

FAIR EMPLOYMENT PRACTICES BRANCH

CONCILIATION: Conciliates where an employee complains of discrimination in employment because of his race, creed, colour, nationality, ancestry or place of origin, or of discrimination in respect of remuneration because of sex where the employee is a female employee.

OFFICE OF THE ATHLETICS COMMISSIONER

INQUIRIES: Inquires into complaints made on the prescribed form.

ATHLETICS COMMISSIONER: Is the executive officer.

SUPERVISION: Supervises amateur and professional boxing and wrestling.

LICENCES: Issues licences with respect to amateur and professional boxing and wrestling, including licences to boxers, managers, and seconds, wrestlers and referees, and for holding of amateur and professional boxing and wrestling contests and exhibitions.

OFFICE, The Fair Accommodation Practices Act, 1954

OFFICER: Is the executive officer.

INQUIRIES: Inquires into complaints of discrimination against persons or classes of persons in places to which the public is customarily admitted because of their race, creed, colour, nationality, ancestry, or place of origin, or of discrimination expressed by published or displayed signs and notices against persons or classes of persons because of their race or creed.

WORKMEN'S COMPENSATION BOARD

PERSONNEL: An independent Board consisting of three members, one of whom is Chairman.

ADMINISTRATION: Administers Part I of The Workmen's Compensation Act. The Board has exclusive jurisdiction to examine into,

Labour

hear and determine all matters and questions arising under Part I. The actions of the Board are final and conclusive and are not open to question or review in any court.

ACTIVITIES: The Board collects assessments from employers in Schedule 1, which form the accident fund out of which are paid benefits to injured workmen of Schedule 1 employers (and/or their dependants) as provided by the Act. Schedule 2 and Crown employers are liable individually to pay the Board's awards.

The Board supervises and pays for the treatment of all injured workmen coming within its jurisdiction and has established a Hospital and Rehabilitation Centre for the purpose of rehabilitating seriously injured workmen.

The Board, to carry out the provisions of The Mining Act, maintains silicosis examining stations in Northern Ontario for examination of all miners.

The Board also supervises the expenditure of grants made to the various Safety Associations formed under section 115 of the Act.

All matters under the Board's jurisdiction should be addressed to the Board at 90 Harbour Street, Toronto.

DEPARTMENT OF LANDS AND FORESTS

Minister: THE HONOURABLE J. WILFRID SPOONER

The Department of Lands and Forests is charged with the administration of the Crown lands, forests, fish and wildlife of the Province, and enforcement of the various Acts and regulations in connection therewith.

The responsible Minister is assisted by a Deputy Minister, two assistant Deputy Ministers, two Regional Directors and eight Branch Chiefs responsible for different divisions of the work.

The administrative offices of the various branches, with the exception of Research and Parks are located in the second and third floors of the East Block, Parliament Buildings, and are as follows:

Deputy Minister.....	Room 2311
Assistant Deputy Ministers.....	Room 2310
Branch Chief Accounts.....	Room 2527
Branch Chief Fish and Wildlife.....	Room 3502
Branch Chief Forest Protection.....	Room 3427
Branch Chief Surveys.....	Room 2313
Branch Chief Operations.....	Room 2434
Branch Chief Parks.....	863 Bay St.
Branch Chief Research.....	Maple
Branch Chief Timber.....	Room 2402

BRANCHES

ACCOUNTS

ACCOUNTING: Maintains complete accounting system for each division.

COLLECTIONS: Collects all revenue.

PAYMENTS: Pays all expenditures.

LAND TAX: Administers Land Tax Act.

GENERAL: Prepares budget estimates, financial reports, staff pay rolls, data for public accounts, etc.

CONTROL OFFICE: Responsible for accountable warrant funds; items held in safe keeping; collateral securities; field office accounting; budget for main and field offices; receipts and disbursements.

ACCOUNTS RECEIVABLE: Maintains accounts owing the Department for: timber dues; ground rent; fire tax; land sales; rentals for leases; fees for license of occupation; water power leases; provincial land tax; permit operations; accountable advances; fish and wildlife licenses.

ISSUE OF: Fish and Wildlife Licenses.

FOREST PROTECTION

Protection Section

SUPERVISION: Responsible for forest fire protection; purchasing; maintenance and distribution of fire fighting equipment and supplies; radio communication service; fire ranging staff; forest protection in relation to insect epidemics and fungus diseases.

CONTROL: Maintains records and plans of all improvements; fire statistics; townsite clearing and fire hazard disposal.

ADMINISTRATION: Classification and approval of forest protection accounts; compilation of district budgets; provision of fire fighting personnel, equipment, supplies and transportation facilities including aircraft.

CO-OPERATION: Railway fire protection by arrangement with the Board of Transport Commissioners; forest insect and disease surveys in co-operation with Science Service, Canada; co-operation fire prevention and suppression arrangements with organized municipalities, woods operators, tourist camp operators and other forest users.

Air Service Section

CONTROL: Responsible for purchase and improvement of suitable aircraft.

SUPERVISION: Responsible for supervision of pilots, engineers and maintenance staff to assure that all flying requisitions are met as flying conditions permit.

MAINTENANCE: Responsible for seeing that planes are airworthy.

FLYING: Takes care of all Departmental requirements; special flying requirements of other Provincial Departments; handles emergency flying such as mercy flights, as requisitioned by authorized officers of the Department.

FISH AND WILDLIFE

GENERAL: Responsible for fish and wildlife management throughout the Province.

FISHERIES SECTION: Supervision of fish hatcheries and distribution of stock; recommendations on season and other regulations; fish production statistics; fisheries surveys and management projects; issue of commercial fishing licences.

STUDIES: Provincial control and study of fish diseases and parasites; biological investigation of fisheries habits.

Lands and Forests

WILDLIFE AND ENFORCEMENT SECTION: Supervision over trapline management; inventories of game, game birds and fur-bearing animals; bird farms and distribution of stock; fur farmers and fur dealers; recommendations on seasons and bag limits; administration of the Game and Fisheries Act and regulations, convictions, fines, recording and handling of seizures.

STUDIES: Prevention, control and study of animal diseases; population studies; hunter success studies; studies conducted in co-operation with other agencies.

STATISTICS: Fur farm and fur dealer records; bounties; fish production statistics; game population survey records.

LANDS AND SURVEYS

Lands Section

GENERAL: Handles selling, leasing and licensing of Crown lands for farming, recreation and all other purposes, excepting dam sites, rights of way for electric power transmission lines and telephone lines, or for hydro-electric power developments.

LAND TRANSFER: Prepares and issues patents, leases, licenses of occupation or other forms of land transfer and authorization of use of land.

RECORDS: Maintains records of patents, leases, licenses, etc.

Surveys Section

GROUND: Issues instructions for Crown surveys; checks and records surveyors' returns; checks plans of surveys of Crown Lands performed for private parties; checks returns of mining claim surveys; prepares descriptions of Crown Lands to be disposed of; deals with water power leases and plans of dams; prepares and compiles maps; publishes and distributes maps; has custody of and supplies copies of original plans and field notes of surveys; authorizes geographical names in conjunction with Geographic Board of Canada.

AIR: Responsible for preparation of contour maps for the projection of road location plans; forest types classification for timber estimating; exposure and processing of serial survey films; supplying photographic survey material to the Department of Highways and other provincial departments; compilation of maps from aerial survey photographs.

PARKS

The administration and improvement of all Provincial Parks. Study of park topography and park operations to guide future developments. Preparation of a master plan for every park.

Lands and Forests

Compilation of a long-term Provincial Park plan. Investigation of all areas having potential Provincial Park value and recommendations to the Ontario Parks Integration Board that suitable areas be acquired in sections not adequately provided with Parks. Examination and reservation of Crown lands for future parks.

Establishment of naturalist programmes and park museums with collections of flora and fauna indigene to the park.

RESEARCH

RESEARCH IN: Forest Management (regeneration, cutting, thinning and growth), Forest Tree Breeding, Reforestation, Site (soil, climate and vegetation surveys), Fish and Wildlife (studies of populations and life histories to develop management techniques), Physics (Limnology of the Great Lakes), and Mechanical Improvements.

CO-OPERATION WITH: Many other research agencies, including Canadian Government departments and universities.

OPERATION OF: Southern Research Station, South Bay Laboratory and Wildlife Station in Algonquin Park.

OPERATIONS

OFFICE MANAGEMENT: Responsible for selection, purchase and maintenance of supplies and equipment; uniform records and controls; micro-filming of permanent records; lease of premises and allocation of space; messenger service; and salvage operations.

OPERATION OF: Central Supply Warehouse for storage and shipping of supplies and equipment; printing and duplicating of all Departmental forms and many publications; binding and distribution; artwork and photo reproduction; supply of uniforms to over 800 personnel.

Supply of Hunting and Fishing licences to Licence Issuers.

CONSERVATION INFORMATION: Departmental advertisements and public appeals in all media. Editing, designing and production of Departmental publications, including SYLVA magazine. Weekly news releases and special press releases. Signs and posters. Supply of information to correspondents and special material to outside agencies. Production and supply of photos, mats and cuts to outside agencies. Production of 35 mm. slides for use by staff lecturers.

CONSERVATION EDUCATION: Preparation and control of all Departmental exhibits. Production of 16 mm. motion pictures. Supply of films and projection equipment to districts. Supervision of lectures by staff to schools, camps, clubs and other groups. Radio and television talks.

TIMBER

Timber Management Section

TIMBER SALES: Responsible for: analysis of applications; preparing conditions of sale; issuing licenses and renewals; transfers and abandonments; maintaining statistical and map records.

TIMBER CUT RETURNS: Checks returns; keeps record of quantity cut, with location; checks affidavits.

LICENSES: Licenses saw mills, pulp and paper mills, lath, shingle, veneer and other mills; handles timber; records mill locations.

SCALING: Supervises scaling; maintains training of scalers and examinations; appoints scalers.

SURVEYING: Makes surveys of forests.

EXPORT: Supervises export from Crown Lands of pulpwood, hardwood logs and other forest products.

DIRECTION OF: Cutting methods to promote natural regeneration. Preparation and analysis of plans of Crown and Company management units.

Reforestation Section

PRODUCTION: Responsible for tree seed collections; growing seedlings; experimental planting and seedling distribution.

PROMOTION AND ASSISTANCE: Promotes and gives assistance in maintaining reforestation projects in county and municipal forests, farm woodlots, school forest plots, roadside planting and watershed protection.

Silviculture Section

• **FOREST INVENTORY:** Preparation of maps and forest data from aerial and ground surveys. Sale of aerial photographs and maps.

FOREST MANAGEMENT: Supervision and analysis of plans for management units and Agreement Forests—Advanced Forest Management techniques.

FOREST REGENERATION AND SITES—Supervision of forest regeneration and forest improvement programme—Forest Soil Surveys.

ECONOMICS: Analysis of forest product values.

LAW

Responsible for the legal work of the Department. This includes the preparation and drafting of legislation, regulations, orders-in-Council, timber licences, and other legal documents; the arbitration of claims; giving legal opinions as to the position of the Department in its various dealings; consulting with and advising the Head Office Divisions and District offices in the legal aspects of matters arising in the course of administration, and attending upon the public, other Government departments, and Crown organizations, in matters of a legal nature concerning the administration of the Department.

PERSONNEL

Responsible for selection and placement, appointments, classification and training of staff; investigations; accident prevention; attendance records; workmen's compensation.

DEPARTMENT OF MINES

Minister: THE HONOURABLE J. A. MALONEY, Q.C.

The Department of Mines is responsible for the administration and enforcement of the following statutes and regulations thereunder:

The Mining Act
The Mining Tax Act
The Beach Protection Act
The Damage by Fumes Arbitration Act

Laboratories Branch

PROVINCIAL ASSAY OFFICE

PERSONNEL: Provincial assayer, four laboratory scientists, six laboratory technicians, one clerk, one stenographer.

FUNCTIONS: As an aid to prospecting and mining in Ontario, analytical laboratories are operated under the supervision of the Provincial Assayer. Mineralogical, fire assay, chemical, spectrographic, and allied facilities are provided for the testing of ores, minerals, and rocks.

These facilities are provided under Section 180 of the Mining Act of Ontario.

Mines

TEMISKAMING TESTING LABORATORY COBALT, ONTARIO

PERSONNEL: Manager, assayer, one laboratory technician, one stenographer, two watchmen, casual staff of millmen.

FUNCTIONS: This Laboratory was established and is maintained mainly to provide sampling and marketing service for the complex silver-cobalt ores of the Cobalt, South Lorrain and Gowganda areas, but its usefulness is by no means confined solely to ores of this character, and gold or other ores can be, and are, handled from time to time with equal satisfaction.

In conjunction with the bulk sampling plant, a fully equipped chemical and assay laboratory is maintained wherein all usual determinations on ores or metallurgical products are carried out.

Another function of the Laboratory is the purchase of quantities of gold ore from small producers to make funds readily available to such producers as an assistance in the development of their properties. Such small lots are accumulated until shipment to a smelter in car load quantity is possible, at which time the Laboratory is reimbursed for its outlay in the acquisition of the ores through such sale to the smelter.

Sulphur Fumes Arbitrator

PERSONNEL: Sulphur fumes arbitrator, assistant, one stenographer.

FUNCTIONS: Administers Sulphur Fumes Arbitration Act of 1924 and amendments.

Mining Lands Branch

PERSONNEL: Chief, Chief Recorder, Inspector of Surveys, twelve Mining Recorders, six Mining Claims Inspectors, and surveying, clerical, stenographic and draughting staff totalling sixty-seven.

FUNCTIONS: MINING ACT: General administration of mining lands and laws governing prospecting; the issue of miner's licences and renewals; the issue of patents and other instruments of title to mining lands; the supervision of Mining Recorders' Offices; Mining Recorder for Parry Sound and Eastern Ontario mining divisions; the designing and preparation of legislation, the preparation of claim maps, the examination and approval of claim surveys; control of sand and gravel on Crown lands and the collection of royalty; supervision of preparation of lists and descriptions of all mining lands and mining rights liable to acreage tax and forfeiture. See also under field offices.

BEACH PROTECTION ACT: The licensing of sand and gravel removals from the beds and beaches of the lakes and rivers; the control of dredging operations for sand and gravel, and the removal of sand and gravel from beaches; the fixing of royalty rates; the inspection and study of shore erosion in relation to sand and gravel removals.

PERSONNEL AND FUNCTION

MAIN OFFICE

OFFICE OF THE DEPUTY MINISTER

PERSONNEL: Deputy Minister, Assistant Deputy Minister, Director of Publicity and Assistant, one secretary and one clerk, three printing machine operators.

FUNCTIONS: Overall administration of all phases of the Department including Publicity.

OFFICE OF THE MINING COMMISSIONER

PERSONNEL: Commissioner, secretary, three stenographers, two clerks.

FUNCTIONS: The Commissioner hears and adjudicates upon all disputes affecting mining claims; grants extensions of time for the performance of working conditions and other requirements of The Mining Act; has authority to grant easements and confer rights, where required, for the proper working of a mine, over lands not owned by the mine owner; including the opening of ditches, draining, damming, and diverting of water, rights-of-way for tramways, roads and other means of transportation, transmission of electricity, disposition of tailings, etc. The Commissioner may vest the interest of a co-owner of mining lands who has failed to pay his proportionate share of rentals or taxes in the other co-owner or co-owners, who have paid the same.

OFFICE OF THE CHIEF ACCOUNTANT AND MINE ASSESSOR

PERSONNEL: Chief Accountant and Mine Assessor, Assistant Chief Accountant, accountant, six clerks, cashier, payroll clerk, three accounting machine operators, office appliance operator, stenographer and two typists.

FUNCTIONS: BUDGETARY CONTROL: Prepare estimates of revenues and expenditures. Make monthly forecast of revenue and expenditures based on the estimates approved by parliament. Compile monthly statement to compare actual figures with forecasted figures.

EXPENDITURE: Certify the correctness of all accounts payable by the Department. Keep ledger records of expenditures broken down into proper classification. Maintain balance with the Provincial Auditor and the Provincial Treasurer.

REVENUE: (1) Receipt for all revenue collected by the Department. Deposit all such revenue with the Provincial Treasurer. Keep ledger records broken down into proper classification.

(2) Maintain accounts receivable records covering Acreage Tax, Rentals on Mining Leases, etc.

Mines

(3) Invoice, with combination Addressograph and Accounting machine system, annually for Acreage Taxes and for Lease and License of Occupation rent.

STAFF: Maintain staff records of Department and control record of time, sick leave credits, holidays, etc. Arrange detail of appointments, prepare recommendations to Council and to the Civil Service Commission.

ASSESSMENT AND TAXATION: Administers The Mining Tax Act, R.S.O. 1950, Chapter 237 and Amendments, for the assessment and taxation of mines and natural gas producers as follows:

- (a) Royalty Tax Based on Profits
- (b) Natural Gas Production Tax

PUBLICATIONS OFFICE

PERSONNEL: Chief cartographer, seven cartographers, one draughtsman, editor and assistant, statistician, two clerks and two typists.

FUNCTIONS: The Publications Office is responsible for the publication of all reports, maps, diagrams and illustrations required for the various reports and bulletins issued by the Department.

Distribution of all publications is controlled from the main office, while the necessary equipment for supplying blueprints to the mining public is also located in the same building.

Manuscripts are edited; maps and illustrations compiled for reproduction by approved methods by members of this branch.

Collection of statistical information bearing on Ontario's mineral production.

Compilation and publication of annual statistical report on the mineral industry; publication of monthly Gold Bulletin and special statistical reports.

Geological Branch

PERSONNEL: Provincial Geologist ("ex officio" an Engineer of Mines).

Assistant Provincial Geologist.

Eight geologists attached to the permanent staff.

Several additional geologists and about forty student assistants appointed on a temporary basis for the duration of the field season and five stenographers.

FUNCTIONS: (a) *Headquarters Staff:*

Geological and geophysical surveys.

Examination and mapping of mineral deposits.

Mines

Preparation of reports and maps covering the field work.

Appraisal of geological and geophysical maps and reports submitted for assessment work credit.

Identification of rock and mineral specimens.

Classes of instruction for prospectors.

(b) *Resident Geologists*: stationed at Timmins, Kirkland Lake, Cobalt, Port Arthur and Kenora.

Gathering of data relating to past and current exploration and development in their respective territories and recording of same for public use.

Addition of new geological data to existing maps.

Geological mapping and examination of workings.

Identification of rock and mineral specimens.

Classes of instruction for prospectors.

Mines Inspection Branch

The main function of this branch is the regular examination of all operating mines, quarries, gravel pits and metallurgical works in the enforcement of the detailed rules contained in Part VIII of the Mining Act designed for the health and safety of all workmen employed in the industry.

The supervision of the mine rescue stations established under the authority of Section 154 is also the responsibility of this branch of the Department.

All statutory tests as required by Section 162, rule 280 of The Mining Act are conducted in the Cable Testing Laboratory in addition to which extensive research testing is carried out in studying such factors as safe working life of hoisting ropes and the effects of continued service throughout all parts of the rope. Determinations of the ultimate strength of such ropes are made along with examination of the test pieces for corrosion, fatigue, degree of lubrication, etc.

DEPARTMENT OF MUNICIPAL AFFAIRS

Minister: THE HONOURABLE W. K. WARRENDER, Q.C.

The Department of Municipal Affairs, organized in 1934, functions primarily to administer the system of municipal institutions of Ontario.

The Minister presiding over the Department deals with matters of government and departmental policy. A Deputy Minister assists the Minister in matters of general administration.

BRANCHES

MUNICIPAL ADMINISTRATION BRANCH

This Branch is composed of a Director, four supervisors, one principal clerk and the requisite stenographic and clerical staff.

SUPERVISION: One of the primary functions of this Branch is the supervision of the municipalities within its jurisdiction which come under Part III of The Department of Municipal Affairs Act.

Improvement Districts are the only municipalities under this control and they, by virtue of the Statutes, are under Part III until they have changed their municipal corporate status.

Municipalities under the jurisdiction of this Branch and designated as mining municipalities are required by the regulations issued pursuant to the provisions of The Assessment Act to submit all activities relating to finance to this Branch for departmental approval.

APPROVALS: There are a number of activities of all municipal councils to which the approval of the Department of Municipal Affairs is required. Submissions for these approvals by municipalities are processed by this Branch.

SERVICE: The Department of Municipal Affairs is entrusted with the administration of the majority of Provincial Statutes relating to municipal matters with the result that virtually every phase of municipal administration is referred to this Branch from time to time by both elected and appointed municipal officials for advice and guidance.

MUNICIPAL AUDITING AND ACCOUNTING BRANCH

This Branch is composed of a Director, two Supervisors, five Assistant Supervisors and the requisite stenographic and clerical staff.

AUDITING: This division licenses municipal auditors, reviews the financial reports of all Ontario municipalities, gives advice and instructions on the conduct of municipal auditing and accounting, gives assistance to

Municipal Affairs

improvement districts and newly incorporated municipalities in setting up accounting systems, and prepares financial analyses and reports for specified municipalities which may be for the purposes of this Department, other Departments, or the Ontario Municipal Board.

This Branch also makes surveys to study the financial effects of annexations, amalgamations or formation of metropolitan areas. From time to time it also conducts or participates in special investigations at the direction of the Minister.

STATISTICAL: This office compiles, from the audited financial reports of Ontario municipalities, the information published in the Annual Report of Municipal Statistics.

SUBSIDIES: This Branch administers and processes the payment of all municipal grants under the jurisdiction of the Department.

MUNICIPAL ASSESSMENT BRANCH

This Branch is composed of a Director, ten Supervisors, eighteen Assistant Supervisors and the requisite stenographic and clerical staff.

SERVICE: The primary function of this Branch is to provide advice on assessment procedures to municipal councils and to local and county assessors where requested. Detailed instruction is given on the use of the Manual of Assessment Values compiled by the Department of Municipal Affairs.

This Branch provides a valuation of all government property in which grants are paid under The Municipal Tax Assistance Act. It also provides a valuation on Hydro-Electric Power Commission of Ontario property within the scope of The Power Commission Act.

EQUALIZATION: Equalization of assessment between the municipalities in the districts of northern Ontario is carried out by personnel of this Branch for the purpose of apportioning Home for the Aged costs and to provide an equalization factor used in determining the amount of mining revenue payable to designated mining municipalities.

DEVELOPMENT AND SPECIAL PROJECTS BRANCH

This Branch is composed of a Director, two Supervisors, two Assistants, one principal clerk and the requisite stenographic and clerical staff.

Its basic function is the administration of new municipalities during their development stage and providing advice and guidance to municipalities which have special problems peculiar to a limited region. Such municipalities require a much closer and intensive type of supervision and guidance than is required by the average municipality.

Municipal Affairs

The responsibilities of this Branch parallel those of the Municipal Administration Branch with respect to the municipalities under its jurisdiction.

ONTARIO MUNICIPAL BOARD

The Ontario Municipal Board is composed of the Chairman, two Vice-Chairmen, seven Members, and the requisite stenographic and clerical staff.

The Board's powers and duties extend to a great variety of subjects and are contained in a large number of public, general and special Acts of the Legislature. The main function is to arbitrate between municipalities, and between municipalities and individuals, on matters submitted to the Board for arbitration. Another important function is the approval of the incurrence of debt by municipalities. The function of the Board is essentially judicial.

COMMUNITY PLANNING BRANCH

This Branch assists and advises local communities in all phases of their physical planning—from the recognition of the need for planning through the development of planning organization and the carrying out of the planning programme to the implementation of the plan by the various means available. The objective of this activity is, of course, the creation of communities that are more attractive as places in which to live, more efficient, and more economical to operate.

These are some of the means through which the Community Planning Branch assists in the attaining of this objective:

- Conducting a programme of public education through publications, conferences, local planning workshops, frequent visits to local communities, and other means.
- Working closely with municipal councils and other local agencies in forming logical territorial units for planning and in creating effective planning organizations within these units.
- Offering guidance to local communities, through the administration of The Planning Act, 1955, and through consultation with local planning officials, in respect of planning techniques, official plans of development, zoning, subdivision control, plans of subdivision, urban renewal (including redevelopment), building by-laws, and other aspects of planning and development.
- Co-ordinating local planning with the plans and policies of Provincial and Dominion Government Agencies.

Municipal Affairs

- Conducting studies of areas of the Province such as the St. Lawrence Valley and the Niagara Peninsula, to provide information vital to effective planning programmes of the various local communities in these areas, to enable the Branch to carry out its administrative responsibilities on the basis of greater knowledge of the areas concerned, and to furnish useful information to other agencies of Government that are concerned with the physical and economic development of the Province.
- Planning and design of new townsites to meet the need for satisfactory urban accommodation in conjunction with the development of natural resources.

DEPARTMENT OF PLANNING AND DEVELOPMENT

Minister: THE HONOURABLE WILLIAM M. NICKLE,
M.B.E., M.C., Q.C.

“The Minister of the Development of Planning and Development shall collaborate with the Departments of the Public Service in Ontario, the Dominion and other Provinces, with Municipal Councils, with agricultural, industrial, labour, mining trade and other associations and organizations, and with public and private enterprises with a view to formulating plans to create, assist, develop and maintain productive employment and to develop the human and material resources of the Province and to that end shall co-ordinate the work and functions of the departments of the public service of Ontario.”

BRANCHES

EMERGENCY MEASURES BRANCH

The functions of the Emergency Measures Branch are to administer and carry out plans relating to Wartime Civil Emergency in Ontario; assist and co-ordinate the activities of all organizations necessary to a Wartime Civil Emergency Programme within the Province; and maintain liaison and co-operation with other Wartime Civil Emergency agencies in Canada. In fulfilling its primary role as a co-ordinating nerve centre, the Branch acts in an intermediary capacity between the Government of Canada and Ontario municipalities, whose direct responsibility is to organize for Wartime Civil Emergency and inform their citizens of the importance of participation in Civil Emergency planning.

Planning and Development

To further peacetime planning and training in the event of a Wartime Emergency, the Province has seven Civil Defence Field Officers located in London, St. Catharines, Kitchener, Barrie, Brockville, North Bay and Fort William. These officers assist municipalities in their area with organization and training for Wartime Civil Emergency.

CONSERVATION BRANCH

Administers the Conservation Authorities Act (R.S.O. 1950); assists authorities by carrying out surveys, recommending conservation programmes and provides technical assistance in carrying these out under the following headings:

Flood Control: location and number of conservation reservoirs required, small dams, river channel improvements and related ground water studies.

Land Use: land use and soil erosion, and recommendations for schemes for such work.

Forestry: examines forest conditions, delimits reforestation and natural water storage areas.

Wildlife: its economic value, conditions of streams and replacement where possible.

Recreation: a census of facilities and present and future needs in relation to rural and urban areas of the watershed.

Historical Research: the examination and recording of the history of a watershed under study, with special reference to natural resources.

HOUSING BRANCH

This Branch is responsible for the administration of the Housing Development Act R.S.O. 1950 (Chapter 174) and amendments (1951, 1952, 1955, 1957, 1958) thereto. The Act, together with the amendments, provide that the Government may make grants in aid of any building developments, guarantee housing loans, assist in financing residential building developments, and join with the Federal Government and Municipalities to undertake joint housing projects as provided for in Section 36 of the National Housing Act and Section 6 of the Housing Development Act.

The principal activity of the Branch at the present time is in respect of the aforementioned Federal-Provincial Housing projects. These two projects take two forms:

- (a) Land Assembly, where vacant land is purchased, serviced, and then sold in the form of residential building lots to private persons and to builders.
- (b) Rental Housing, where vacant land is purchased and serviced and low or moderate rental housing accommodation is erected thereon.

Planning and Development

The rental housing may be of two kinds, either full recovery where the rents are such as to ensure that the full investment is recovered over a 50-year period, or subsidized where the rents depend on a percentage of the income of the tenants rather than on the accommodation supplied, or the amounts of the investment.

Rental housing may also be constructed under the Federal-Provincial partnership provisions on land on a redevelopment area which has been purchased and cleared by the Municipality with the aid of a grant under the National Housing Act.

The Branch is also responsible for designing and carrying out research studies to build up a source of information on all aspects of the housing problem in Ontario.

In addition, a Housing Newsletter is published bi-monthly dealing with Federal-Provincial projects throughout the Province and featuring articles of general interest on the housing scene.

ONTARIO HOUSE

This is the United Kingdom office of the Ontario Government which also serves continental Europe. Its primary object is to strengthen every phase of the provincial economy, including the development of natural resources, trade, industry, commerce, agriculture, immigration and public relations.

The functions of Ontario House, although differing considerably from those of the Dominion Government in the U.K., are nevertheless complementary to them. There is continuous and close co-operation between these offices. Ontario House confines itself solely to affairs affecting the Province as defined in the B.N.A. Act. The office also serves as an information and reception centre for visitors from Ontario. The chief officer is the Agent General.

THE TRADE AND INDUSTRY DEPARTMENT is the U.K. counterpart of the Trade and Industry Branch in Toronto. It is designed to promote two-way trade between Ontario and Britain and to assist in the establishment of overseas industries in the Province. Every encouragement is given to financial interests to broaden their investment in Ontario enterprises and resources. Enquiries from continental Europe receive attention and assistance.

THE IMMIGRATION DEPARTMENT is organized to give counsel and direction to those contemplating emigration.

THE PUBLIC RELATIONS DEPARTMENT is the information and press section of Ontario House. It works in daily co-operation with the British and Canadian press. This office distributes descriptive literature

Planning and Development

about Ontario, circulates motion pictures, publishes a monthly "Bulletin" of current provincial news and prepares articles on development in the Province. The department also assists tourists planning visits to Ontario and renders a similar service to visitors from the Province.

ONTARIO-ST. LAWRENCE DEVELOPMENT COMMISSION

This Commission was established under the Ontario-St. Lawrence Development Commission Act, 1955, which Act provides that as the work progresses along the St. Lawrence there will be the re-establishment of municipalities and rehabilitation of people in that section by Hydro. The primary responsibilities of the Commission is to develop, control, manage, operate and maintain provincial parks in the Counties of Dundas, Stormont and Glengarry, Leeds and Grenville, Frontenac, Lennox and Addington.

The Minister of the Department of Planning and Development represents the Commission in any matters to be dealt with by the Legislature or by the Executive Council of the Government.

TRADE AND INDUSTRY BRANCH

The responsibilities of the Trade and Industry Branch divide into four main categories:

- Industrial Development
- Immigration
- Ontario Research Foundation
- Regional Economic Development Programme

Industrial Development

The Branch promotes the economic growth of Ontario through the development of manufacturing industries. Through its offices situated in Toronto, Chicago, New York and in co-operation with the Trade and Industry Department at Ontario House, the Branch is responsible for attracting new manufacturing industries to the Province as well as providing consultative services to existing industry in its expansion.

Information and service is supplied on markets, war materials, labour, transportation, industrial location and other factors pertaining to manufacturing in Ontario.

The Branch provides an educational and advisory field service to encourage and assist municipalities to carry out a planned Municipal Industrial Development Programme. This is accomplished by consultations, meetings and conferences, and the distribution of pertinent factual information.

Planning and Development

Immigration

The Trade and Industry Branch co-ordinates the interests of the Provincial Government in respect to immigration.

Ontario Research Foundation

The grant made by the Ontario Government in support of the work of the Ontario Research Foundation is made through the Trade and Industry Branch. As well, the Branch sponsors the Department of Industrial Research Services of the Foundation; which provides scientific and technical information, based on laboratory research to industries in Ontario.

Regional Economic Development Programme

The Trade and Industry Branch is responsible for carrying out the Government's intentions under this Programme. It is the liaison between Regional Development Associations established under the Programme and the several Departments of the Government. It also makes grants in support of the work of the Associations which promote the balanced economic development of the Province through the co-ordination of the interests of municipalities and business organizations.

Provincial Secretary

DEPARTMENT OF PROVINCIAL SECRETARY

Minister: THE HONOURABLE MACKINNON PHILLIPS, M.D.

The Department of the Provincial Secretary is responsible for the administration of the following Statutes and Regulations thereunder:

The Corporations Act, 1953
The Corporations Information Act, 1953
The Mortmain and Charitable Uses Act
The Corporation Securities Registration Act
The Official Notices Publication Act
The Marriage Act
The Justices of the Peace Act
The Notaries Act
The Commissioners for taking Affidavits Act

The Provincial Secretary, who is responsible for the Department, is assisted by the Deputy Provincial Secretary, who is his executive officer. Under their direction the various branches carry on the work of the Department.

BRANCHES

COMPANIES

The Companies Office has the administration of The Corporations Act, 1953 and other Acts relating to corporations. The work of the office includes not only the issue of letters patent of incorporation but also the issue of supplementary letters patent, orders accepting surrender of charter, licences in mortmain to hold land, extra-provincial licences to carry on business in Ontario, filings, including annual returns and special resolutions, registrations of bond mortgages and many other matters pertaining to corporations.

MARRIAGES

The Marriage Office administers The Marriage Act and its duties include the registration of persons authorized to solemnize marriage in Ontario, supplying local issuers with marriage licences and clergy with bann forms, and issuing special authorizations to marry.

THE QUEEN'S PRINTER

The Queen's Printer purchases supplies of printing, binding, paper and stationery for the Departments of the Government of the Province of Ontario.

CLERK OF THE LEGISLATIVE ASSEMBLY

The Clerk of the Legislative Assembly and the Clerk Assistant are the executive officers of the Assembly and through their hands all the work of the Assembly passes. Petitions, including petitions for Private Bills, are lodged with the Clerk and all Bills introduced for consideration by the Legislature are in the keeping of the Clerk and Clerk Assistant from their introduction until their final disposition. The Bills which become law are certified by the Clerk and are retained in his custody.

All records of the Assembly are the responsibility of the Clerk.

RECORDS

This office indexes and has custody of records of documents issued under the Great Seal of Ontario, the Privy Seal of the Lieutenant-Governor and the Seal of the Provincial Secretary, including:

- (a) Letters Patent of Incorporation and Amalgamation, Supplementary Letters Patent, Licenses in Mortmain, Extra-Provincial Licences, Surrenders and Cancellations.
- (b) Crown Land Patents and Leases, and Mining Patents and Leases.
- (c) Appointment of Queen's Counsels, Notaries Public, Justices of the Peace, and Commissioners for taking Affidavits.

The office prepares certified copies of such records and certificates of notarial authorization. It also prepares quarterly returns to Registrars of Deeds respecting Land Grants.

ACCOUNTS

ACCOUNTING: Maintains and supervises a complete accounting system for each branch of the Department.

REVENUE: Receives all revenues and issues all official receipts.

EXPENDITURES: Checks all accounts payable and issues requisitions for payment of all departmental expenditures.

Provincial Secretary

GENERAL: Prepares budget estimates, financial statements, statistical reports, staff records, and payrolls.

LEGISLATIVE ASSEMBLY: Responsible for maintaining Accounts pertaining to the Legislative Assembly and its Committees.

FILING: Maintains and supervises the filing system for the Department.

SUPPLIES: Orders stationery, printing, equipment and other supplies for the Department.

ONTARIO CITIZENSHIP DIVISION

The Ontario Citizenship Division is charged with assisting in the successful integration of new Canadians into the social and economical structure of Ontario. In its widest sense, this means maintaining or improving relations between the many groups that comprise Ontario's population.

The Division acts as a central co-ordinating office for other Departments of the Government, working either directly or indirectly with the new Canadian and the many Voluntary Agencies concerned with the problems of integration. It provides a counselling and referral service for new Canadians and arranges for free translation and evaluation of trade or educational Certificates.

REGISTRAR-GENERAL BRANCH

The Provincial Secretary is the Registrar-General and is responsible administratively for matters pertaining to the registration of births, marriages and deaths in accordance with the provisions of The Vital Statistics Act. The Minister is assisted by a Deputy Registrar-General. The office of the Registrar-General is located at 70 Lombard Street, Toronto.

All requests concerning certificates relating to births, marriages and deaths, or any other related information required concerning statistics, adoptions, legitimations, changes of names, corrections, or delayed registrations, should be referred to and addressed to the Deputy Registrar-General, 70 Lombard Street, Toronto. The telephone services of the Registrar-General's Branch may be reached through the regular switchboard in Queen's Park.

ALCOHOLISM RESEARCH FOUNDATION OF ONTARIO

The Alcoholism Research Foundation of Ontario is charged with the treatment, research and education in the field of alcoholism.

Public Welfare

DEPARTMENT OF PUBLIC WELFARE

Minister: THE HONOURABLE LOUIS P. CECILE, Q.C.

The Department of Public Welfare administers the various Public Welfare Acts in Ontario and their attendant regulations.

Under the direction of the Minister, assisted by the Deputy Minister, the various Branches, each under the supervision of a Director, carry on the work of the Department.

Statutes under the jurisdiction of the Minister of Public Welfare and the Branches responsible for their administration, where applicable are as follows:

The Blind Persons' Allowances Act, 1951.....	Welfare Allowances
The Charitable Institutions Act, 1956	
(Adults).....	Homes for the Aged
(Children).....	Child Welfare
The Child Welfare Act, 1954.....	Child Welfare
The Children's Boarding Homes Act, 1957.....	Child Welfare
The Day Nurseries Act.....	Day Nurseries
The Disabled Persons' Allowances Act, 1955.....	Welfare Allowances
The Elderly Persons' Housing Aid Act, 1952.....	Homes for the Aged
The General Welfare Assistance Act, 1958.....	General Welfare Assistance
The Homemakers and Nurses Services Act, 1958	
The Homes for the Aged Act, 1955.....	Homes for the Aged
The Indian Welfare Services Act, 1955	
The Mothers' and Dependent Children's Allowances Act, 1957.....	Welfare Allowances
The Old Age Assistance Act, 1951.....	Welfare Allowances
The Rehabilitation Services Act, 1955.....	Welfare Allowances

ADMINISTRATIVE OFFICES

Located on the Third Floor, East Block, Parliament Buildings, unless shown elsewhere.

BRANCHES

WELFARE ALLOWANCES BRANCH

ADMINISTRATION: Authorizes and administers payment of assistance under the following Acts:

The Blind Persons' Allowances Act, 1951
The Disabled Persons' Allowances Act, 1955
The Mothers' and Dependent Children's Allowances Act, 1957
The Old Age Assistance Act, 1951
The Rehabilitation Act, 1955

The Director of Welfare Allowances is the provincial authority responsible for receiving applications under the above Acts. He determines eligibility on the basis of the applications and the reports received from the Field Services Branch. Where applicants are eligible for assistance, the Director determines the amounts to be granted and directs payment accordingly. Recipients' cases are reviewed at least once each year to ensure continuing eligibility for assistance.

MEDICAL ADVISORY BOARD: Advises the Director as to whether an applicant for assistance under The Disabled Persons' Allowances Act is totally and permanently disabled; or whether the husband of an applicant under the Mothers' and Dependent Children's Allowances Act is considered permanently unemployable.

MEDICAL ADVISER, REHABILITATION SERVICES: Advises the Director and the Selection Committee as to whether the applicant is a handicapped person within the meaning of The Rehabilitation Services Act; recommends, where necessary, the type of pre-vocational or pre-employment services that may be required; and, where vocational training is recommended, advises as to whether such training is suitable from a medical viewpoint.

SELECTION COMMITTEE, REHABILITATION SERVICES: Composed of representatives of the provincial Departments of Public Welfare and Education and the Unemployment Insurance Commission of the federal Department of Labour; selects handicapped persons for vocational training, the type of training to be given and the organization which is to provide the training.

FIELD SERVICES BRANCH

ADMINISTRATION: There are seventeen Regional Welfare Offices throughout the Province, each under the supervision of a Regional Administrator who is, in turn, responsible to the Director of Field Services.

Regional Administrators are responsible for verifications respecting eligibility and continuing eligibility of applicants for and recipients of allowances paid by the Welfare Allowances Branch. In addition, they now audit the general welfare assistance rolls of municipalities within their districts and, in unorganized areas, are responsible for the administration of assistance under The General Welfare Assistance Act.

CHILD WELFARE BRANCH

ADMINISTRATION: Administers The Child Welfare Act which provides for the protection and care of neglected children, for children born out of wedlock, and for adoption procedures. Through Supervisors, exercises general supervision over 55 Children's Aid Societies, advising in matters of planning and policy; also supervises 29 Children's Institutions and 11 Homes for Unmarried Mothers operated under The Charitable Institutions Act. Also administers The Children's Boarding Homes Act to ensure that adequate provisions are made for the care of children in private boarding homes. Promotes and encourages the development of child welfare services and functions as a clearing house in all matters relating to children.

INSPECTION: Inspects institutions and homes in which children are cared for; consults with boards and staffs in regard to facilities for safeguarding the health and welfare of the children; and promotes the development of adequate standards of care and service.

GRANTS: Authorizes payment of monthly grants to Children's Aid Societies based on the cost of providing protection services to children in their homes; authorizes payment to municipalities of 40% of the statutory payments for the maintenance of children in the care of Children's Aid Societies. Additional provincial aid may be granted to any municipality in a territorial district, except a city or a provincial county, to relieve, in whole or in part, any such municipality that is unduly burdened in any year by reason of its liabilities for statutory maintenance of children. Provincial grants are also available to Children's Aid Societies and Children's Institutions to assist with the costs of construction. A provincial subsidy is paid monthly to Children's Institutions based on the number of children resident in such homes.

GENERAL WELFARE ASSISTANCE BRANCH

ADMINISTRATION: Under The General Welfare Assistance Act, supervises municipal administration of the various types of public assistance established in the Act for unemployable or unemployed persons in need; assists municipal welfare officials in the administration of the provisions of the Act and Regulations. In unorganized areas, administers assistance directly through the Regional Welfare Offices.

SUPERVISION AND INSPECTION: Examines and verifies municipal accounts of expenditure shareable with the Province; consults with municipal officials; assists and guides in the interpretation and application of the Act and Regulations and in matters of policy; compiles and distributes provincial directives, relevant statistical data and information.

INVESTIGATIONS: Through the Regional Welfare Offices, investigates cases appealed or those involving special problems, and makes recommendations to municipal officials.

SPECIAL AND SUPPLEMENTARY ASSISTANCE: In addition to the regular unemployment assistance, special provisions are made for Post-Sanatorium Allowances, Nursing Home Care, Incapacitation Allowances and prosthetic appliances. Supplementary allowances may also be granted by municipalities to recipients of Old Age Security, Old Age Assistance, Blind and Disabled Persons' Allowances where shelter or drug costs are beyond their means. Assistance to immigrants in needy circumstances is administered under a federal-provincial agreement, where such immigrants have less than one year's residence in Canada.

GRANTS: The Province shares 80% of expenditures incurred by municipalities for all types of assistance rendered to their residents within the terms of The General Welfare Assistance Act and Regulations.

HOMES FOR THE AGED

ADMINISTRATION: Through the Director of Homes for the Aged administers The Homes for the Aged Act, 1955; The Charitable Institutions Act, 1956 (adult institutions); The Elderly Persons' Housing Aid Act, 1952.

Exercises general supervision of municipality owned and operated homes for the aged under The Homes for the Aged Act, as well as the homes owned and operated by private organizations under The Charitable Institutions Act. Promotes and encourages the development of desirable standards of institutional care of the aged; assists and advises boards and staffs in regard to improvement in facilities and methods; inspects homes annually, and submits reports containing comments and recommendations; and consults with boards and staffs.

Public Welfare

SPECIAL HOME CARE: Provided in private dwellings for elderly persons who would otherwise be eligible for admission to a Home for the Aged. The Province contributes 70% of the cost of room and board within a maximum of \$75 per month.

GRANTS: Authorizes payments of provincial grants in the amount of 70% of the net cost to municipalities for the operation of public homes for the aged and the maintenance of residents therein; authorizes the provincial subsidy in respect of the homes for the aged operated by charitable organizations under The Charitable Institutions Act in the amount of 75% of the net cost to the organization for the maintenance of the residents in those homes.

CONSTRUCTION OF BUILDINGS: Examines sites and plans for proposed new buildings and alterations to existing homes, and makes recommendations in accordance with the respective Acts.

Under The Homes for the Aged Act recommends payments of the provincial grant of 50% of the cost of constructing, equipping and furnishing new homes or additions or extensions to existing homes; under The Charitable Institutions Act recommends payment of the provincial grant of up to \$2,500.00 per bed for new construction; and up to \$750.00 per bed for acquired buildings. Recommends payments up to \$500.00 per unit for the construction of low-rental apartments for elderly persons under The Elderly Persons' Housing Aid Act.

HOMEMAKERS AND NURSES SERVICES

ADMINISTRATION: Under The Homemakers and Nurses Services Act municipalities arrange for the provision of the services of a homemaker or nurse to preserve home and family life during the illness or hospitalization of the mother or in other emergencies; or to prevent unnecessary hospital or institutional care.

GRANTS: The Province shares 50% of the expenditures incurred by municipalities in providing these services to persons without the resources to meet the costs themselves within a maximum of \$8.00 per day for the services of a homemaker and \$2.50 for each visit by a registered nurse.

DAY NURSERIES

ADMINISTRATION: This Branch administers The Day Nurseries Act which provides for (a) inspection and licensing of all types of group care by the day given to more than three children below seven years of age and not under a public or separate school board; (b) payment of grants to municipalities amounting to one-half the cost incurred by municipalities for the operation and maintenance of day nurseries.

Public Welfare

LICENSING: Licences are granted to municipalities, organizations, groups of co-operating parents and private individuals to operate day nurseries, kindergartens and nursery schools. The approval of municipal fire and health departments must be secured, and the regulations governing all types of group care for young children must be observed before a licence is issued. Licences are re-issued annually, after periodic visits to ensure that standards are being maintained.

SUPERVISION: The Branch endeavours to assist, through advice, visits and literature, persons wishing to establish nurseries or kindergartens. It also directs interested persons to suitable training courses in pre-school methods of child guidance.

ACCOUNTING BRANCH

BUDGETARY CONTROL: Prepares annual estimates of expenditures and revenue, and monthly statements comparing expenditures with appropriations. Compiles financial statistics.

ACCOUNTING: Checks and prepares for payments by the Treasury Department, accounts payable. Examines claims for Provincial grants under the various sections of The Child Welfare Act, The Homes for the Aged Act, The Charitable Institutions Act, The Elderly Persons' Housing Aid Act, The Day Nurseries Act and The General Welfare Assistance Act. Submits to the Treasury Department authorized expenditures under The Old Age Assistance Act, The Blind Persons' Allowances Act, The Mothers' and Dependent Children's Allowances Act, The Disabled Persons' Allowances Act and The Rehabilitation Services Act. Maintains a full accounting record of all expenditures and prepares claims on the Government of Canada in respect of Old Age Assistance, Blind Persons' Allowances, Disabled Persons' Allowances, Rehabilitation Services, and under the Unemployment Assistance Agreement. Responsible for accountable warrants.

SOLDIERS' AID COMMISSION

ADMINISTRATION: Functions in the interests of veterans (of either World War) and their dependents who are residents of Ontario; operates principally as a clearing house for veterans' services. Administers trust funds accruing from bequests; provides financial assistance to veterans to meet certain emergency needs.

DEPARTMENT OF PUBLIC WORKS

Minister: THE HONOURABLE T. RAY CONNELL

The Department of Public Works is one of the few Provincial Departments, the inception of which dates back to Confederation.

The Department functions under the Public Works Act (R.S.O. 1950, Chapter 323) which places under the control of the Minister all public properties acquired, constructed, extended, enlarged, repaired, equipped or improved at the expense of Ontario by sums voted by the Legislature, excepting Highways, Crown Lands and Provincial Parks.

ARCHITECTURE, ENGINEERING, AND CONSTRUCTION

The Architectural and Architectural Engineering Division of the Department deals with the planning, design and erection of all Ontario Government buildings and additions to buildings, and with the maintenance, operation and fireproofing of existing buildings. These functions are also carried out with respect to the installation of furnishings, mechanical and hospital equipment, as well as power house and laundry equipment, and a large variety of other facilities.

Engineering phases encompass the preparation of plans and specifications for the electrical, mechanical, civil, hydraulic, and sanitary divisions of buildings and works. They also embody the construction of outside sewage and water services, and the construction and maintenance of roads and walks. The Hydraulic Division builds and maintains locks, dams and navigable channels in inland waterways. Grants to municipalities in aid of farm drainage are administered by the Civil Engineering Division in accordance with the provisions of the Provincial Aid to Drainage Act (Ontario Statutes 1954, Chapter 74) including grants for remedial works approved by the Lieutenant-Governor in Council. Reports are also prepared on drainage and water control projects as may be required by the Minister.

The Engineering Division co-ordinates the activities of the Ontario Water Resources Commission with those of other Departments.

The large number of buildings located throughout the province require considerable annual repairs, renovations, fireproofing and alterations to maintain them in a satisfactory condition and to meet the needs of advancing standards.

The Public Works Department collaborates, on building problems, with other Departments of the Government responsible for the administration of Acts which for their purpose require to be housed in buildings provided by Public Works.

Public Works

Many complicated projects are carried out by the Department of Public Works' own construction forces where, for example, the nature of the work makes it difficult to obtain satisfactory tenders, or impractical to execute the contract.

Caretaking services are provided in the legislative and departmental buildings in Toronto, and Branch Office buildings located in various parts of the province.

Properties are purchased or leased as may be required for accommodation of the various Departments throughout the Province.

DEPARTMENT OF REFORM INSTITUTIONS

Minister: THE HON. GEORGE C. WARDROPE

The Department of Reform Institutions has jurisdiction over four Reformatories, three Ontario Training Centres, five Industrial Farms, five Treatment Centres, thirty-five County Jails, eight District Jails, two City Jails, eight Training Schools and two Female Refuges and the responsibility for the administration of:

The Andrew Mercer Reformatory Act
The Extramural Employment of Persons under Sentence Act
The Female Patients' and Prisoners' Protection Act
The Female Refuges Act
The Jails Act
The Industrial Farms Act
The Parole Act
The Penal and Reform Institutions Inspection Act
The Reformatories Act
The Training Schools Act

For many years prisons, reformatories and similar institutions in Ontario were administered by a branch of the Provincial Secretary's Department. Early in 1946 the Department of Reform Institutions was created and commencing April 1st became responsible for the administration of all such institutions in the Province.

SEGREGATION of inmates follows CLASSIFICATION which takes place in two stages. The first step in classification involves moving the inmate from whichever one of the Jails in the Province he was sent from the Court, to the appropriate institution where he is to undergo sentence. This is based on the inmate's age, record and length of sentence imposed by the Court.

The second step in classification takes place at the Reformatories and Industrial Farms, after an appropriate portion of the inmate's sentence has been served. Here classification committees, acting upon the requests of inmates and the advice of Specialists, may recommend some specialized treatment or training.

ADMINISTRATIVE OFFICES

Located Ontario Government Building, 434 University Ave.

THE REFORMATORIES

THE ONTARIO REFORMATORY, GUELPH, in population is the largest Institution under the control of the Department, with an average daily population of over 1000. In the system of classification and segregation

Reform Institutions

Guelph receives first offenders of all ages together with all offenders who are under 21 years of age. It has approximately 1,000 acres of land and arable sections are intensely farmed. Guelph also maintains an outstanding dairy herd.

This is the Department's largest manufacturing centre. On arrival inmates are assigned to their work by an EMPLOYMENT COMMITTEE which takes into consideration their past experience, interests, the length of sentence and the custodial risk involved.

Meat is processed in the abattoir. Fruit and vegetables are canned. Beds and sheet metal products are manufactured, and office furniture is produced in its planing mill.

VOCATIONAL COURSES are provided in bricklaying, carpentry, machine shop practice, auto mechanics, painting and decorating, plumbing and sheet metal. There is also opportunity for the attainment of further academic training.

THE ONTARIO REFORMATORY, MILLBROOK, officially opened June 1, 1957, is designed and staffed to treat with the latest, most effective, scientific methods, those inmates who find their way there by displaying bad conduct in other adult male institutions. These inmates are given an opportunity to earn their way back to the institution from which they came, after treatment and evidence of improved attitude.

Millbrook is a maximum custody institution located approximately 18 miles southwest of Peterborough and has accommodation for 250 prisoners.

Automobile licence plates, previously manufactured at the Ontario Reformatory, Guelph, are made here and a tailor shop manufacturing inmates' clothing is also in operation.

THE ONTARIO REFORMATORY, MIMICO, is located in Mimico, 11 miles west of Toronto, and accepts short-term repeaters over twenty-one years of age, many of whom are alcoholics. The average population is 484. The Institution occupies two hundred acres of land and the main industry is brick and tile making. Many inmates take part in the various stages from the drilling, blasting and loading of raw materials through the grinding, forming, drying and kiln burning to sorting and shipping. Mimico has its own farm and a herd of pedigreed Holsteins. Poultry and hog raising are featured. A modern machine shop is connected with the mill and provides maintenance for the institution. Younger inmates are placed in this shop for training and the skill acquired may enable them to follow this type of work when released. A shoe shop gives employment to from twenty to twenty-five, manufacturing slippers and repairing shoes.

Reform Institutions

THE ANDREW MERCER REFORMATORY FOR WOMEN is situated in Toronto and accepts all women with Reformatory sentences. Accommodation is available for 175. Opportunity for training is provided in the Sewing School, Laundry, Kitchen, Dining-Room, in housework, house-painting, hairdressing and gardening. The Sewing School and Laundry are equipped with up-to-date power machinery. Besides learning to operate sewing machines, button and button-hole machines and serger, the inmates practise laying the patterns and cutting garments with an electric cutter. The Academic Department covers Grade I to X inclusive. In addition there are vocational classes covering shorthand and elementary bookkeeping. Mercer also has a modern and well-equipped Home Economic Unit.

Hobbies and handicraft are given an important place on the Institution programme and good work is being done in oils, pastels and water colours, as well as in shellcraft, artificial flower making and ceramics.

Weekly meetings are held by Alcoholics Anonymous, resulting in much benefit to certain inmates.

TRAINING CENTRES

THE ONTARIO TRAINING CENTRE, BRAMPTON, provides accommodation for a selected group between the ages of sixteen and twenty-four years inclusive. Because it is a selected and youthful group, training is the first consideration, whether it be academic, vocational, or recreational. Emphasis is placed on deportment and proper work habits, and the inmate is closely observed in all phases of his life in the Institution. He spends one-half of each day in the vocational shop while two to five half days are spent in the Academic School, depending on his academic grade. The grades range from Grade V to Grade X and where possible instruction is related to shop training. When the inmate has progressed far enough in his trade, his knowledge is put to practical use in the making of articles for use at Brampton and other institutions. Emphasis is placed on Physical Education with a view to developing a strong, healthy body and a sense of team play.

The Brampton Institution was opened in February, 1947, in a former army camp. There are no cells or bars. Escape is easy but it rarely occurs. The words "prisoner" and "inmate" have been replaced by the designation "student."

THE ONTARIO TRAINING CENTRE, BURTCH, located about 7 miles south of Brantford—Recognizing the need of a group of young inmates, 16-24 years, who are illiterate or near illiterate, the Department established this Special Training Centre. While undergoing sentence

Reform Institutions

here, the student has the opportunity to improve his educational standing and receive semi-skilled trade training. He is also able to secure psychological help with his problem of adjustment.

THE ONTARIO WOMEN'S GUIDANCE CENTRE, BRAMPTON. Opened in July, 1959, is an entirely open institution. There are no surrounding walls or fences, no bars on the windows and the doors are locked only at night time to prevent entrance by intruders. The Centre has a capacity for 24 youthful girls screened and selected from the Mercer Reformatory for specialized training. Housekeeping, including cleaning, cooking, baking, laundry work, etc. is part of the programme and in addition the curriculum includes child care, home nursing, sewing, hairdressing and arts and crafts. Academic classes, shorthand and typing are also available. A psychologist provides regular group therapy discussions and individual counselling. The girls in this institution are designated as "students" rather than as "prisoners" or "inmates."

INDUSTRIAL FARMS

THE INDUSTRIAL FARM, BURWASH, has 35,000 acres of land and accommodates 700 prisoners. Lumbering is the chief industry and a sawmill has been in operation there for many years.

About 4,000 acres are under cultivation. A registered herd of Holsteins is maintained exclusively for milk production and a large herd of Herefords raised for beef. Owing to the fact that the adult inmates of Burwash are repeaters, an adjustment in the **ACADEMIC PROGRAMME** is necessary. Emphasis is given to private study and personal coaching by the teachers, whether by correspondence courses or by the use of text books from the school library. It has been found that most inmates who are interested in study are better able to make progress when the subject is related to vocational training, rather than to pure academic pursuit. **VOCATIONAL TRAINING** is afforded in daily tasks on the farm or in the bush, in the mill, the tailor shop, laundry, construction work, painting, firing high pressure boilers and electrical work. A Vocational Training School has two well-equipped shops for machine shop practice and sheet metal work. Burwash receives repeaters twenty-one years and over.

THE INDUSTRIAL FARM, MONTEITH, is located about 40 miles south of Timmins and receives repeaters with definite sentences up to a year. The Institution has a good farm, a dairy herd and a modern dairy. Selected groups are employed under the supervision of the Department of Lands and Forests at reforestation. Monteith inmates are also engaged in land conservation and the development of tourist camp sites.

THE RIDEAU INDUSTRIAL FARM is situated at Burritt's Rapids about 40 miles from Ottawa. The population is made up of repeaters with

Reform Institutions

definite sentences up to a year. The inmates are employed at farming and reclaiming and conditioning waste land and the development of forestry nurseries. Rideau also maintains a tailor shop.

THE INDUSTRIAL FARM, FORT WILLIAM, accepts repeaters with definite sentences up to a year. The property was formerly used by the Department of Health as an Ontario Hospital but was transferred to this Department in 1955. The chief occupation is farming.

THE INDUSTRIAL FARM, BURTCH, as distinct from the Ontario Training Centre, Burtch, accepts repeaters with definite sentences up to one year. The inmates are employed at farming, tailoring, the manufacture of concrete blocks, snow fencing and the canning of fruit and vegetables.

SPECIAL TREATMENT CENTRES

THE ALEX G. BROWN MEMORIAL CLINIC FOR ALCOHOLICS is operated as a separate unit in a building on the Mimico Reformatory property. There is no age limit and the patients are drawn from the Reformatories and Industrial Farms of the Province. Treatment is provided at the request of alcoholic prisoners, who are then screened before treatment is given. A few are excluded for medical reasons or lack of proper motivation.

Treatment is given during the last 30 days of the prisoner's sentence and involves supplying the patient with an understanding of his alcoholic and personality problems and initiating the medical, psychological, social and spiritual help required for a successful solution to his problem.

THE DRUG ADDICTION CLINIC was opened in January, 1956, at Mimico where male inmates, who are addicted to narcotics, may receive treatment there for their addiction. The Clinic has accommodation for 25 patients and is considered as a pilot unit, capable of expansion, if experience shows the need for a larger unit. For administrative purposes, it is combined with the A. B. Brown Clinic for Alcoholics. In other respects it is self-contained and is a closed unit, in contrast to the open institutions of the Department. The staff consists of a part-time psychiatric specialist with experience in the treatment of addicts, a Senior Department Psychologist, and a Consultant Psychologist. The Chief Psychologist and the Director of Treatment Services of the Department are available for consultations.

Patients are accepted on a voluntary basis and the treatment covers the last three months of the inmate's sentence. There is no age limit.

Post-discharge rehabilitation is the responsibility of the Clinic staff and the Parole and Rehabilitation Officers of the Department.

Reform Institutions

THE NEURO-PSYCHIATRIC CENTRE is located at the Ontario Reformatory, Guelph. There is no age limit but all patients are male. Transfer to the Centre is made after medical and psychiatric examinations have been made. The Centre is used for the investigation and treatment of psychiatric and neurological patients and for research.

RESEARCH AND POST-GRADUATE TEACHING

In April, 1955, in conjunction with the University of Toronto, the Department commenced a programme of research, and the teaching of post-graduate students in psychiatry, psychology and social studies.

Research is chiefly carried out at the hospital at Guelph, at the Drug and Alcoholic Clinics at Mimico, the Millbrook Reformatory and the Training Centres at Brampton and Burtch. One research project, however, is being conducted outside the Departmental institutions. This is a study of sexual offenses against children of both sexes. Surveys have also been made of two of the training schools.

Present research studies are in the fields of juvenile delinquency, the addiction to alcohol and narcotic drugs, sexual deviation and psychopathic personality.

PAROLE AND AFTER-CARE

PAROLE—The Ontario Parole Board consists of nine members and meets at each of the Reformatories and Industrial Farms once each month. The Board interviews prisoners on one or more occasions, as it may decide. It has jurisdiction to grant parole in the indeterminate portion of a sentence. Prisoners are placed on parole under the supervision of Parole Officers.

An AFTER-CARE PROGRAMME was introduced several years ago, whereby former inmates may receive direction and practical assistance to aid in their rehabilitation. During the fiscal year 1958-1959, 6,637 individuals released from Reform Institutions received assistance in securing employment, or were provided with essentials to ensure that they were suitably equipped for employment. The rehabilitation officers devote much time following the progress of men assisted by this programme and the majority of men have shown deep appreciation of the friendly supervision and encouragement.

STAFF TRAINING

STAFF COURSES are conducted in a Staff School at Guelph. The faculty consists of experienced officials from Guelph and other institutions and is augmented by visiting lecturers, each a specialist in his own field.

INSTITUTIONS FOR JUVENILES

The Department maintains three Ontario Training Schools for Boys. One is ideally situated close to the town of Bowmanville and has an average population of 230 boys, fourteen and fifteen years of age.

A second Ontario Training School for Boys is located on the outskirts of Cobourg. It takes care of the younger boys under fourteen and has an average population of 245 boys. The programmes at Bowmanville and Cobourg are divided into Departments, for it is through a healthy vigorous activity-motivated programme that an effort is made to catch the interest of each boy, an interest that is nurtured and enlarged to such a degree that boys strive for success. Many boys when they reach the Training School have lost interest in school and the process of leading them back to their books calls for infinite patience and skill. The curriculum and methods are subject to the same inspection by the Department of Education as any other school in the Province.

The programme for the younger boys at Cobourg is mainly academic, but manual training, gardening, cleaning and cooking provide useful work and opportunities for training. At Bowmanville, where the boys are older, the programme for boys may be full-time academic work, half-day academic and half-day vocational or full-time vocational. The following vocational subjects are available at Bowmanville: woodworking, machine shop, sheet metal, shoe repairing, typing, horticulture, cooking, barbering and laundry work. Both schools stress Recreation and Arts and Crafts.

The third Ontario Training School for Boys is located on the eastern outskirts of Guelph. This School receives boys from other Training Schools, where they are disturbing influences and require stricter disciplinary control. This School has been in operation for several years as a section of the Ontario Reformatory, Guelph, but in February, 1958, a new building was completed and opened for the Training School. It is located separately, some distance from the Reformatory and has accommodation for 48 boys.

The Department operates a Training School for Girls in the City of Galt. The School has a varied programme, designed to meet the needs of the girls who are sent or committed there. The Academic School covers up to Grade X and Home Economics and Commercial Courses. Other activities in the school provide means for performing the work and at the same time instruction in skills expected of young women; the washing and ironing of personal clothing. There is the sewing class and work in the kitchen. All girls receive practical training in housekeeping. Galt has its own beauty shop where girls may receive training in hairdressing. Galt admits girls under sixteen and has an average population of 205.

Reform Institutions

TRAINING SCHOOL, PORT BOLSTER—During the summer of 1959 a new Training School for Girls was opened at “Trelawney House” Port Bolster. The girls at this school are selected and transferred from the Ontario Training School for Girls, Galt and are of the younger, more tractable group, who are likely to benefit from the more homelike atmosphere and surroundings at “Trelawney House.” This school presently has accommodation for 24 girls.

Psychiatric and psychological services are available at all of these schools.

The Roman Catholic Church operates two training schools for Catholic boys and one for girls. The St. Joseph’s Training School for Boys is situated at Alfred, with accommodation for 160 boys, and the St. John’s Training School located at Uxbridge with accommodation for 150 boys. The St. Mary’s Training School for Girls is situated at Downsview, Ontario, with accommodation for 150 girls. The Boys’ Schools are operated and supervised by the Christian Brothers of the Roman Catholic Church and the Girls’ School at Downsview by Sisters of the Good Shepherd. These schools are well managed and over a period of many years a programme has been developed to meet the needs of that group.

Every child sent or committed to a Training School becomes a ward of the School until he or she reaches the age of eighteen or wardship is relinquished.

A Training Schools Advisory Board consisting of five members and appointed by the Lieutenant-Governor-in-Council meets weekly to review reports of the schools regarding progress in training and on placement: recommendations for placement and termination of wardship.

DEPARTMENT OF TRANSPORT

Minister: THE HONOURABLE JOHN YAREMKO, Q.C.

The Department of Transport is responsible for administering all matters relating to motor vehicle traffic in the province of Ontario. This involves King's highways as well as rural roads and municipal streets in accordance with the Highway Traffic Act, The Ontario Highway Transport Board Act, The Public Commercial Vehicles Act and The Public Vehicles Act. This Department is responsible for the licensing and control of all motor vehicles, the enforcement of the provisions of the various Acts assigned, and the development of the comprehensive highway safety programme in co-operation with the Attorney-General's Department, the Department of Highways and the Department of Education.

The development in the use of the motor vehicle, both as a private passenger vehicle and a commercial carrier, requires that the Department maintain up-to-date services and collect adequate revenues to ensure the construction and maintenance of adequate streets and highways.

The Minister of the Department is assisted by a Deputy Minister and Assistant Deputy Minister and Registrar, with the following Branches:

MOTOR VEHICLE LICENSING BRANCH

This Branch is responsible for the issuing of motor vehicle permits, registration plates and drivers' licences and the maintaining of records of permits and licences issued for police and law enforcement agencies. New procedures have been developed to improve the service of this Branch through the opening of additional issuing offices manned by Departmental personnel at Stratford, Hamilton, Port Credit, Toronto and Oshawa. The permits and licences elsewhere are issued by approximately 250 agents of the Branch who are carefully inspected to see that the highest standards of service are maintained.

DRIVER CONTROL BRANCH

The administration of driver control involves examination of new drivers, the re-examination of those who have been convicted of serious offences and the conduct of interviews to assist those with dangerous operating records. This programme is under the Driver Improvement Division of the Branch.

The Financial Responsibility Division is charged with the administration of the Unsatisfied Judgment Fund and as a result of new procedures developed a year ago, payments out of the Fund on the average are made within

Transport

30 days of the receipt of application. This Division also checks to see that people who are required to carry insurance are insured before a licence is issued.

The Driver Control Branch maintains the records of all drivers who have been convicted of offences and is responsible for the administration of the Point System. The records are maintained by the Services Division and it is in this Branch that the major administrative programme to promote safe driving practices is carried out.

HIGHWAY SAFETY BRANCH

This Branch is headed by a Commissioner for Highway Safety and the functions are to support and integrate the work of all Government departments in the field of highway safety, administer advertising and publicity, investigate the causes of accidents, recommend preventive measures and co-ordinate the activities of all interested groups throughout the Province.

The programme is carried out by staff working directly with local organizations and by means of a province wide publicity programme using all suitable media of public information.

RESEARCH BRANCH

The Branch carries out two main functions—special studies concerning motor vehicle taxation, and the provision of a statistical service as an aid to efficient administration.

ENFORCEMENT BRANCH

This Branch is responsible for the administration and enforcement of the Public Vehicles Act, the Public Commercial Vehicles Act and the Motor Vehicle Transport Act (Canada). Enforcement duties include the staffing of highway weighing stations for the checking of all commercial vehicles that they are within their proper load limits, are properly licensed for the goods they carry and, in general, conform with legal procedures. Officers have investigated complaints of undue hours of work in the trucking industry and in some cases charges have been made and convictions registered through the Department of Labour.

In addition, officers of the Branch inspect garages and check to see that persons holding drivers' licences have obtained them in a proper manner. Reports of irregularities are investigated and appropriate steps taken.

TRAFFIC ENGINEERING BRANCH

This new Branch has been constituted to provide engineering advice and assistance throughout the province, particularly as it relates to municipal roads. This will be of great assistance in the preparation of traffic control measures in a town, city, police village, township or county organization. In addition, this branch will provide close liaison with the Ontario Traffic Conference and other Departments in the matter of traffic engineering.

DEPARTMENT OF TRAVEL AND PUBLICITY

Minister: THE HONOURABLE BRYAN L. CATHCART

The Department of Travel and Publicity is responsible for the developing of the tourist industry in Ontario by encouraging and promoting improvement in the standards of accommodation, facilities and services offered to tourists, and by undertaking the publicizing of the tourist industry and of the resources, attractions and advantages of Ontario. The Minister, responsible for the Department, is assisted by a Deputy Minister. Under their direction, various department heads and directors carry on the departmental work.

ACCOUNTANT'S BRANCH

ACCOUNTING: Maintains and supervises a complete accounting system for each Branch of the Department.

REVENUE: Receives all revenue and issues all official receipts.

EXPENDITURES: Checks all accounts payable and issues requisitions for payment.

GENERAL: Prepares budget estimates, financial statements and payrolls.

PERSONNEL: Maintain staff records, sick leave credits, holidays, etc. Arranges details of appointments, prepare recommendations to Council and to the Civil Service Commission.

DIVISION OF PUBLICITY

The Division prepares travel publications and others of a general character, prepares and supervises the Department's travel advertising programme, co-ordinates general advertising of all departments, deals with news services and acts as general contact office on all matters of an information or public relations nature pertaining to the Ontario Government.

TRAVEL PUBLICATIONS: These publications aim at publicizing the resources, attractions and advantages of Ontario from the tourist's standpoint. They include the following: "This Is Ontario—Canada's Variety Vacationland"—"Where To Stay in Ontario" (33 areas)—"Things To Do And See In Ontario"—"Outstanding Attractions"—"Ontario Angling"—"Cruising Ontario Waters"—"Ontario, Famous for Winter Sports"—"Ontario Fact Finder"—"Historic Ontario"—"Ontario History"—"Our Vacation in Ontario," Route I and Route II—"Flying Facts."

GENERAL PUBLICATIONS: The purpose of these publications is to inform on Government administrative setups and services, and on economic conditions in Ontario. They include:

Travel and Publicity

“Ontario Government Services,” published bi-monthly with exception of July and August, reports current administrative developments.

“Directory And Guide To Services of Ontario Government” lists branches and officials of all departments with telephone numbers, and describes services provided by the various divisions of the administration, published yearly.

“Ontario, Heartland of Canada,” and “Today In Ontario”; two publications describing summarily, and the first one mostly pictorially, Ontario’s economic assets and activity.

“The Parliament Buildings”: pictorial pamphlet, with brief description, of the Parliament Buildings in Toronto.

TRAVEL ADVERTISING: The Division prepares the Department’s advertising programmes for Canada and the U.S., and supervises the work of advertising agencies which implement it.

GENERAL ADVERTISING: The Division supervises advertising accounts and writes and prepares advertising of a general character.

NEWS SERVICES: Where essential, the Division acts as general contact for news services, radio stations, writers, representatives of magazines and other publications seeking general information on the Province; does research work on specialized enquiries which might result in advantageous publicity for the Province.

PUBLIC INFORMATION: Where essential, the Division serves as a general contact office for the public on all matters of an information or public relations nature pertaining to the Ontario Government.

DEVELOPMENT BRANCH

ADMINISTRATION: The Development Branch is charged with the administration and enforcement of the Department of Travel and Publicity Act, the Tourist Establishments Act and with “. . . encouraging and promoting improvements in the standards of accommodation, facilities and services offered to tourists. . . .” (Department of Travel and Publicity Act). The Branch, under the guidance of the Director, consists of 2 sections, namely, Licensing and Enforcement, under the immediate supervision of the Chief Inspector, and Research and Planning, under the immediate direction of the Supervisor.

FIELD SERVICES: In order to efficiently carry out the functions and responsibilities of the Branch, 3 Regional and 13 District Offices are located at strategic points throughout the Province. Regional Offices at North Bay and Kitchener co-ordinates the practices of the District Offices under their respective regions. In addition, they maintain co-operative liaison with other Departmental and Municipal jurisdictions.

Travel and Publicity

FUNCTIONS: The responsibilities of the Branch include:

- Licencing of tourist establishments in villages, townships and unorganized municipalities.
- Inspection and report on all types of tourist establishments.
- Counselling operators of tourist establishments and advising and assisting prospective operators.
- Maintaining liaison and co-operating with municipal officials, health units and health officers, law enforcement officers, chambers of commerce, local tourist associations, regional tourist associations, etc. Investigating and, if possible, resolving complaints.
- Promoting local interest in tourist matters.
- Assisting local and regional authorities in the development and promotion of travel in and into Ontario.
- Advising licence-issuers in cities and towns.
- Inspection of tourist establishments which are under construction and perusal of their plans.

DEVELOPMENT AND EDUCATION: In assisting and encouraging local and area organizations to develop and promote their vacation and historic attractions, educational short courses and tourist conferences are conducted in many centres in the Province. The purpose of these functions is to provide tourist operators with constructive methods of operating their establishments with particular emphasis on the services and facilities demanded by today's travelling and vacationing public. Also efforts are made to assist and encourage individuals and local associations and tourist areas to organize in order to become better equipped to develop and promote their local tourist attractions and hence increase traffic into these various areas.

PUBLICATIONS: Some of the publications produced by this Branch are for the direct benefit of people engaged in the tourist industry. Others are designed for the use of prospective guests to Ontario and for the travelling public at large.

SURVEYS: Surveys, which are an integral and essential function of this Branch are conducted in order to give an indication of the scope and potential of the tourist industry. This information is used to assess the significance of travel trends and habits so that promotional efforts will produce the optimum results.

LICENSING: Under the Tourist Establishments Act licences are issued by municipal corporations in cities and towns, and by the district inspector of the Department in all other municipalities and unorganized areas.

Travel and Publicity

The facilities of the Branch are available to any operator of a tourist establishment or to any tourist organization engaged in the promotion of the visitor industry.

HISTORICAL BRANCH

PROTECTION OF SITES: Is responsible for administration relating to the protection of archaeological and historic sites as outlined in the Archaeological and Historic Sites Protection Act (1953).

ERECTION OF PLAQUES: Commemorates important events, persons and structures by the erection of historical plaques.

PUBLICATIONS: Compiles departmental publications and news releases relating to history.

INFORMATION: Answers inquiries regarding the Province's historical attractions.

MUSEUMS: Administers government grants to municipally owned and operated historical museums. Provides technical advice and assistance to local museums throughout Ontario.

ADVISORY BOARD: The director of this Branch acts as secretary of the Archaeological and Historic Sites Advisory Board of Ontario. That Board, consisting of nine private citizens, advises the Minister on matters relating to history and archaeology.

INFORMATION BRANCH

RECEPTION CENTRES: The supervision of the 16 Ontario Tourist Reception Centres, 12 of which are located at Ontario-United States border points, and the training and inspection of their staffs.

TRAVEL AND SPORTSMEN SHOWS: The erection of a booth or information exhibit, if necessary, and the staffing of same. Also the supplying of literature to these shows and exhibits.

DEPARTMENTAL LITERATURE: Distribution of departmental travel publications, and deciding quantities to be allotted to various Travel and Tourist Agencies; Chambers of Commerce; Boards of Trade; Clubs, etc.; throughout the world.

RESORTS, HOTELS, CAMPS, ETC.: Co-operation with all owners in the distribution of their published material.

REGIONAL LISTS: The compiling, printing and mailing of a daily list of potential vacationists to 415 Chambers of Commerce and Boards of Trade; Outfitters Associations and individual operators throughout Ontario.

Travel and Publicity

STATISTICS: The keeping of statistics on the results of advertising for the Department of Travel and Publicity, in daily newspapers, magazines, and periodicals, etc., and also all statistics on the entry of tourists, their interests, and length of stay, etc., in relation to the operation of Ontario Government Tourist Reception Centres.

CORRESPONDENCE OF VACATION PLANNERS: The handling of all direct mail enquiries amounting to about 25,000 per month.

PHOTOGRAPHY BRANCH

STILLS: Black and white stills, colour stills of all tourist areas. Available for free issue to anyone wishing to illustrate article or booklet on any part of Ontario. Issued to newspapers and magazines in U.S. and Canada. Complete darkroom facilities.

MOVIES: Production in 16 mm. colour, sound of tourist areas and attractions. Available for free showing upon application for date.

PHOTO LIBRARY: The Branch provides photographs to newspapers, magazines and independent writers for use with travel stories or stories of a general character on Ontario; also aids resort area organizations in preparing folders.

SPECIAL PROMOTION: Arranges and conducts special tours of U.S. Editors, writers and photographers.

ARCHIVES

ACQUISITION OF RECORDS: Acquires records of enduring value of the Legislative Assembly or any department, branch, or commission of the public service; and historical manuscripts, maps, newspapers, and pictures relating to the history of Ontario.

PRESERVATION OF RECORDS: Keeps records safely under proper physical conditions, and repairs and copies records as required.

SERVICE: Catalogues and indexes records so that their contents may be available for official use and historical research. Maintains a library of books and pamphlets relating to the history of Ontario. Assists students of provincial history. Sends specimens of archival material to schools.

THEATRES BRANCH

This Branch administers The Theatres Act. The principal work of the Branch is the censorship of motion pictures and the inspection of theatres.

The licensing of public halls and dance halls by this Branch was discontinued in 1944, and such licensing is now left to the municipal authorities.

TREASURY DEPARTMENT

Minister: THE HONOURABLE JAMES N. ALLAN

MAIN OFFICE

The Treasury Department issues cheques in payment of accounts as requisitioned by other departments and passed by the Provincial Auditor. Inquiries about Accounts Payable should be addressed to the departments concerned rather than to the Treasury.

The Head Cashier receives all provincial revenues as they are deposited with him by the cashiers of the various departments. Remittances should be drawn in favour of the Treasurer of the Province of Ontario but should be sent to the department concerned, from which the official receipt will be issued.

Loans to township corporations under The Tile Drainage Act are handled directly by the Treasury.

Loans to municipalities for the purposes specified in The Ontario Municipal Improvement Corporation Act 1950 are handled by the corporation established by that Act. Inquiries should be addressed in the first place to the Deputy Minister of Municipal Affairs.

Claims against civil servants for debts are handled by the Treasury under The Public Service Act.

A subdivision of the Main Office, known as the Securities Branch, looks after the issue and redemption of debentures and other provincial securities, the payment of interest and registration of ownership. This branch also holds for safekeeping on behalf of other departments any bonds or other valuable papers that may be deposited as security by persons doing business with such departments.

OFFICE OF COMPTROLLER OF REVENUE

The principal taxing statutes are administered by the Comptroller of Revenue. These include The Corporations Tax Act, The Gasoline Tax Act, The Gasoline Handling Act, The Motor Vehicle Fuel Tax Act, The Hospitals Tax Act, The Land Transfer Tax Act, The Logging Tax Act, The Race Tracks Tax Act, The Security Transfer Tax Act, and The Succession Duty Act.

Law Stamps and Security Transfer Tax Stamps are issued and sold from this office.

SAVINGS OFFICES

The Agricultural Development Finance Act authorizes the Treasurer to accept deposits of money and operate savings accounts. Withdrawals

Treasury

may be made by cheque. This service is operated by the Province of Ontario Savings Office, which has twenty-one branches, as follows:

Aylmer
Brantford
Guelph
Hamilton
Hamilton, East End
London
Ottawa
Owen Sound
Pembroke
Seaforth
St. Catharines
St. Marys

Toronto Branches: Bay and Adelaide Streets
Danforth and Fenwick Avenues
Danforth and Woodbine Avenues
Parliament Buildings
University Avenue and Dundas Street
1556 Yonge Street

Walkerton
Windsor
Woodstock

The Savings Offices also act as agencies of the Department of Labour in the sale and redemption of Vacation-pay Stamps under The Hours-of-work and Vacations-with-Pay Act.

AGRICULTURAL LOANS BRANCH

The Commissioner of Agricultural Loans collects principal and interest on loans secured by mortgage made under The Agricultural Development Act. No new loans have been made for a number of years.

The Commissioner also administers The Farm Loans Act and is commissioner of Settlers' Loans under The Northern Development Act.

HOUSING MORTGAGE BRANCH

This branch administers the affairs of Housing Corporation Limited, a crown corporation established by letters patent in 1948 for the purpose of lending money upon second mortgages to aid in the construction of new houses. The making of such loans has since been discontinued and the corporation now functions only in the collection of repayments and interest on its existent loans.

CIVIL SERVICE COMMISSION

The Civil Service Commission is the central personnel agency for the government service. Established under the terms of the Public Service Act, it consists of the Chairman and two members. There is also a Commission staff which carries out the details of Commission functions assigned under the Act.

The purposes of the Commission are, in general, to provide a service to Departments on personnel matters, to ensure that similar conditions of work apply for all employees and to achieve efficiency and economy through centralization of certain personnel activities. Under the Public Service Act, the Commission is responsible for administering policies concerning such matters as position classification, salaries, promotion, employee appeals relating to promotion and classification, and attendance and vacation credits.

All appointments to the Civil Service are made by means of a certificate, issued by the Commission, which assigns the proper classification and salary to the position and attests to the qualifications of the employee for the work to be performed.

CIVIL SERVICE BOARD OF REVIEW

Civil Servants are protected against unwarranted dismissal through their right to appeal to the Board of Review, established by Regulations under the Public Service Act. The Board consists of three members. Final decision is not made on dismissals which are appealed until the Board has heard the case and delivered its findings to the Minister of the Department concerned.

JOINT ADVISORY COUNCIL

The Joint Advisory Council, on which employees are represented, provides a method for joint discussion of the general provisions governing appointment to the Civil Service, promotion, remuneration, vacations, hours of work, superannuation, discipline, suspension and dismissal. The Council also studies ways to improve administrative methods and to utilize employee suggestions for improvements.

The Council consists of seven members appointed by the Lieutenant Governor in Council, of whom three are recommended for appointment by the Civil Service Association of Ontario. One of the appointees is designated as Chairman and one as Vice-chairman, the latter selected from among the Association representatives.

PUBLIC SERVICE GRIEVANCE BOARD

Provision is made by Regulations under the Public Service Act for a grievance procedure whereby employees may refer complaints regarding working conditions or terms of employment to a successively higher authority. The final stage in the procedure with respect to all matters, other than classification or promotion, is referral to the Public Service Grievance Board whose decision is final. The Chairman and the Vice-Chairman of the Board are from outside the Service, while the two other members are Civil Servants.

PERSONNEL COUNCIL

The Personnel Council, established by Regulations under the Public Service Act, is an advisory body reporting to the Civil Service Commission. Its primary concern is with administrative techniques and procedures relating to the implementation of personnel policy throughout the Service. Membership consists of the Departmental Personnel Officers and representatives of the Civil Service Commission and Public Service Superannuation Board. The Council meets monthly.

ONTARIO WATER RESOURCES COMMISSION

In 1955, the Ontario Government, recognizing the increasing problems surrounding the availability of adequate and safe water supply for all residents of the Province, set up a committee to investigate water supply and sewage disposal. This was followed in 1956 by the creation of the Ontario Water Resources Commission.

At the 1957 session of the Legislature the scope of the Commission was widened considerably, and it began functioning with a program designed to deal effectively with water supplies and wastes disposal. There were further strengthening amendments in 1958.

To carry out its program the Commission employs a technical staff qualified to attend to all details concerning water and water pollution, sewage and its proper disposal, construction of water and sewage systems availability and quality of ground waters and disposal of industrial wastes. In addition there is a laboratory staff of technicians engaged in research, water testing and examination of sewage and industrial wastes.

The Commission's objectives are designed to ensure maintenance of adequate public water supplies in a safe condition for domestic consumption and other uses and to make sure that all wastes are properly treated before being discharged into streams and lakes. These are the keystones of a forceful anti-pollution policy.

Further, the Commission is empowered to assist in the construction and financing of water and sewage works which any municipality may not wish to undertake alone. Even those works projected by municipalities on their own financial responsibility must receive Commission approval.

THE NIAGARA PARKS COMMISSION

Niagara Falls

PERSONNEL: A corporation constituted under The Queen Victoria Niagara Falls Park Act, 1887, and taking its present name under The Niagara Parks Act, 1927, is composed of not more than eleven members appointed by the Lieutenant-Governor in Council, one of whom is designated as Chairman.

OBJECT: To manage, control, and develop the Parks named in The Niagara Parks Act.

APPRENTICE TRAINING: Operates a school for the training of apprentice gardeners.

SIGHT-SEEING FACILITIES: Empowered—(a) to acquire and operate buses and other vehicles and boats for use in connection with the Parks, and (b) to construct and operate incline railways, aerial cars, lifts and works to assist the public in reaching and viewing the points of interest in the Parks.

BUILDINGS: Constructs and operates restaurants, refreshment booths and stands for the sale of souvenirs and other wares.

DEVELOPMENT OF PARKS: Lays out, plants, and encloses the Parks.

SERVICES: Constructs and maintains facilities for the convenience of the public. Makes agreements with persons with respect to the establishment or operation by them of any works or services in connection with the Parks.

ONTARIO RACING COMMISSION

The Commission is charged with the duty of governing, directing, controlling and regulating horse racing in Ontario in all its forms.

The Commission makes an annual report to the Provincial Treasurer and a copy of this report will be mailed on request to anyone interested in the activities of the Commission.

ONTARIO RESEARCH FOUNDATION

A Department of Industrial Research Services is maintained for the purpose of supplying a free technical information and field engineering service for industry in the Province. This service is sponsored by the Trade and Industry Branch of the Department of Planning and Development.

The Ontario Research Council was terminated in 1955 and the Ontario Research Foundation was directed under legislation to undertake certain functions of the Council, namely, to administer funds provided for scholarships and to support scientific research in university laboratories. In addition funds are provided for the bringing together of advisory committees to consider and report upon provincial problems in the fields of science and technology.

Publications

*When copies of more than six different acts or publications are requested, a reasonable explanation as to use should be given.

*When a request is made for more than one copy of an act or publication, an explanation should be given as to the specific use because of possible short supply and in the interests of economy.

*Remittances made payable to the Provincial Treasurer of Ontario should accompany requests for publications for which there is a charge as noted.

DEPARTMENT OF AGRICULTURE

Individual copies of publications of the Ontario Department of Agriculture are available, free of charge, to adult residents of Ontario. Not more than a single copy of each of six different publications can be forwarded to any individual at one time.

These publications may be obtained from the Information Branch, Ontario Department of Agriculture, Parliament Buildings, Toronto, Ontario; also the Ontario Agricultural College, Guelph, Ontario; or the local agricultural representative.

A charge to cover cost of printing is made to persons or firms in the Province of Ontario when more than single copies are requested, and for both individual copies and quantity lots to non-residents of the Province of Ontario.

BEEKEEPING

- ☐ Bulletin 429, Bee Diseases and Pests of the Apiary.
- ☐ Circular 121, Melting Honey for Repacking.
- ☐ Circular 123, Removal of Moisture from Honey.
- ☐ Circular 124, Package Bees.

CONSTITUTION AND GOVERNMENT

LEGISLATIVE POWERS

The corner-stone of the Canadian constitution is the British North America Act of 1867, to which must be added its many amendments, the Statute of Westminster, 1931, and the many rules of British constitutional usage, except in so far as they have been modified by statute in Canada. These rules are known as the conventions of the constitution. With the exception of the rights of disallowance, rarely exercised by the Dominion government, it may be said that the Legislative Assembly of Ontario acting within its legislative field is a sovereign power with absolute authority over its territory and the people and property within it.

Under the British North America Act all subject-matters of legislation are apportioned between the Dominion Parliament and the provincial legislatures. To the provinces are allocated sixteen subjects: The amendment of the constitution of the province; direct taxation within the province (for provincial revenue purposes); the borrowing of money on the sole credit of the province (for provincial revenue purposes); the borrowing of money on the sole credit of the province; the establishment and tenure of provincial offices and the appointment and payment of provincial officers; the management and sale of the public lands belonging to the province; the establishment, maintenance and management of hospitals, asylums, charities and eleemosynary institutions; municipal institutions; shop, saloon, tavern, auctioneer and other licences (to raise a revenue for provincial, local or municipal purposes); local works and undertakings; the incorporation of companies with provincial objects; the solemnization of marriage; property and civil rights; the administration of justice; the imposition of punishment by fine, penalty or imprisonment for enforcing any law of the province made in relation to any matter coming within any of the classes of subjects enumerated in this section; generally all matters of a merely local or private nature in the province. In addition the provinces are given exclusive power over education while certain subject matters, such as agriculture and immigration, may be dealt with concurrently by the Dominion and the provinces.

The Federal Parliament possesses the general residuum of powers and in order to make that residuary aspect clearer but not to restrict its general nature, Parliament is given power over thirty enumerated subjects "notwithstanding anything in the (B.N.A.) Act."

The division of legislative powers has been the subject of a great deal of litigation in the provincial courts, the Supreme Court of Canada and the Judicial Committee of the Privy Council. The resulting judgments for a large part of the constitutional law of Canada and no study of legislative powers can be made without recourse to them.

LEGISLATIVE ASSEMBLY

The Legislative of Ontario is uni-cameral, consisting at the present time of ninety-eight members elected by popular vote, with full authority to make such laws as it sees fit with respect to its rights and privileges and to legislate within its jurisdiction as fully as can the Imperial Parliament itself.

The rules and practice of procedure in the Legislative Assembly are based upon and follow closely the rules evolved during the course of centuries by the House of Commons of the United Kingdom.

GOVERNMENT

Executive authority in Ontario is vested in the Crown represented by the Lieutenant-Governor, who is appointed by the Governor-General in Council and who exercises all functions of the Crown necessary for carrying on the Provincial government.

The Lieutenant-Governor, together with a cabinet of ministers elected from the political party in power and appointed by him on the recommendation of the Prime Minister, form the government of the Province which functions in accordance with British precedent. While the Lieutenant-Governor is the formal and legal executive authority of the Crown, he must act on the advice of his ministers in accordance with the conventions of the constitution.

It is the cabinet or Executive Council that really carries on the government and it remains in power as long as it retains the confidence of the Legislature.

The business of the Province is carried on by a number of government departments, each of which is headed by a cabinet minister, who is responsible to the Legislature.

See page 261, Composition of Government.

COURTS

The Province has power to constitute, organize and maintain courts of both civil and criminal jurisdiction but can regulate the procedure in civil matters only. All aspects of criminal law are retained by the Dominion. The Governor-General in Council has exclusive authority to appoint judges in the Superior, County and District Courts, while minor judicial appointments such as magistrates, justices of the peace, sheriffs, clerks of the peace, crown attorneys and coroners lie within provincial jurisdiction. The salaries of the former group are paid by the Dominion and they hold office during good behaviour. The salaries of the latter are

Courts

paid by the Province or the municipality in which they act and hold office during pleasure, except that magistrates after two years' tenure hold office during good behaviour and capacity.

DIVISION COURTS

The Division Courts are presided over by County Court Judges and have a civil jurisdiction: Money claims on contracts up to \$400 where the amount in question is ascertained; \$200 in unascertained claims; and \$200 in personal actions which may be increased to \$400 where the parties consent. In cases involving more than \$100 an appeal lies to the Court of Appeal for Ontario. These courts are located in both small and large centres throughout Ontario and the procedure therein is designed to adjudicate matters quickly and with a minimum of expense.

COUNTY AND DISTRICT COURTS

The County Courts have a civil jurisdiction in contracts up to \$800, and in other actions, with some few exceptions, up to \$500. Sittings, either with or without jury, are held at least semi-annually in each county and district town.

SURROGATE COURTS

County Court Judges are invariably named by the Lieutenant-Governor in Council as Judges of the Surrogate Courts. They are located in county and district towns and have a wide jurisdiction with respect to the granting and revoking of letters probate of wills and letters of administration of the property of deceased persons.

SUPREME COURT OF ONTARIO

This is the highest Provincial court. It consists of two branches, the High Court of Justice and the Court of Appeal. The High Court has, apart from the Division and County Court fields, original jurisdiction in both civil and criminal matters. Its Judges, with headquarters at Osgoode Hall, Toronto, travel on circuit throughout Ontario holding assizes for criminal matters and both jury and non-jury sittings in civil cases. The Court of Appeal which sits permanently at Osgoode Hall, hears appeals in civil matters from Division Courts, the County Courts and the High Court of Justice and also various types of appeals in criminal cases.

CRIMINAL COURTS

Here may be mentioned the Magistrates' Courts, the County Judges' Criminal Courts, the General Sessions of the Peace, the Supreme Court of Ontario and the Supreme Court of Canada, all of which exercise

original or appellate jurisdiction in criminal matters. Although most criminal charges are tried by a magistrate or judge without a jury, the right of the accused to elect to be tried by a jury in all important cases is a right that is carefully preserved, and even when the accused has elected to be tried without a jury every opportunity is given him to re-elect if he so desires.

FURTHER APPEALS

While the Provincial judicial system ends in the Court of Appeal, it is to be noted that a further appeal may lie to the Supreme Court of Canada in both civil and criminal cases, under statutory regulation of the Dominion Parliament, with which the Province cannot interfere. Then again an appeal may lie from the Supreme Court of Canada or direct from the Court of Appeal for Ontario to the Judicial Committee of the Privy Council in London, England. The appeal from the Supreme Court of Canada is not as of right, but may be taken in every case by special leave of the Privy Council except in criminal matters which are barred by Dominion Statute. The appeal direct from the Court of Appeal for Ontario is by special leave or as of right, the latter being controlled by The Privy Council Appeals Act (Ontario).

—"A Conspectus of the Province of Ontario"

A POLITICAL HISTORY OF ONTARIO FROM CONFEDERATION

Upon the passing the British North America Act, March 29, 1867, and the formation of the Dominion of Canada, the Province of Canada was divided into the Province of Ontario and the Province of Quebec. At Confederation, July 1, 1867, the four original provinces were Ontario and Quebec with the Maritime Provinces of Nova Scotia and New Brunswick.

During the political vicissitudes of those strenuous years which eventually led up to the passing of the British North America Act in 1867 and the formation of the Union, the Hon. John Sandfield Macdonald had taken part largely in the public life of the country, from the time he entered the Parliament of Old Canada in 1841. A reformer of marked independence, he had opposed a federal union of the provinces, when leading men of both parties were struggling toward that end, but being sponsored by Sir John A. Macdonald, the first Prime Minister of the Dominion and the acknowledged leader of that great movement, he had accepted the task of the formation of the first government of the new province of Ontario. It was a coalition government.

MACDONALD MINISTRY, 1867-1871

In order to foster and encourage the building of railroads in the Province, the government passed an act in 1871, 34 Vic., Cap. 2, whereby \$1,500,000 was set apart for this purpose.

Although law stamps had been in use formerly, this Act authorized the first issue of Province of Ontario law stamps which are issued by the Treasury Department upon purchase by the authorized law stamp distributors.

The Ontario Drainage Act was passed by 32 Vic., Cap. 28, in 1868, followed by 33 Vic., Cap. 2, in 1869, the Province being authorized to advance public monies, not to exceed \$200,000, to be expended on drainage.

BLAKE MINISTRY, 1871-1872

The passing of the John Sandfield Macdonald government was followed by Hon. Edward Blake as Premier, with Hon. Alex Mackenzie as Provincial Treasurer. All railway grants were to be ratified by the Legislature. Dual representation was done away with during the Blake administration. Several members of the provincial government left to enter the Dominion Government.

MOWAT MINISTRY, 1872-1896

The Blake Ministry was of short duration, however, as both Blake and Mackenzie, in those days of dual representation, became largely identified with the Dominion Government opposition and there was a reconstruction in the Cabinet, the Hon. Oliver Mowat succeeding as Premier and the Hon. Adam Crooks as Provincial Treasurer in 1872.

OLD PARLIAMENT BUILDINGS, FRONT STREET

The old buildings occupied by the Legislature and government department had long been antiquated and inadequate.

They were located on Front Street West, Toronto, overlooking the Bay, and the Treasury Department occupied a portion of the lower floor of the east wing. This building, a long low red-brick structure, standing in a block of land of some nine or ten acres, bounded by Front, John, Wellington and Simcoe Streets, had been erected as Parliament Buildings in 1832, at a cost of some £10,000.

NEW LEGISLATIVE BUILDINGS

In 1880, an act was passed which provided for the erection of new legislative buildings. A sum of \$500,000 was appropriated and the money received from the sale of the old site and a property of eighty acres were

Political History

to form a building fund. By 48 Vic., Cap. 6, the appropriation was increased to \$750,000 in 1885, and to \$1,050,000 in 1887 by 50 Vic., Cap. 3, and to \$1,250,000 in 1891 by 54 Vic., Cap. 4. Beyond some preliminary work, nothing was done until 1887, when the first large expenditure began. Work continued in 1888 to 1893 when the building was finally completed; the government and departments moved to the new buildings in that year (1893).

Up to December 31, 1893, the cost of the new legislative buildings for construction was \$1,300,017.17, and the interior fittings, elevators, walks, etc., cost \$162,730.56. The total cost of the new legislative buildings is given as \$1,501,446.68 in the "Report of the Royal Commission on the Financial Position of the Province of Ontario."

The site for the new buildings in Queen's Park was obtained from the City of Toronto, in an agreement made with the government, February 18, 1880. Thirty thousand dollars was paid for the purchase of the old asylum premises, which occupied a portion of the site, to the University of Toronto, 1888.

GRANT TO UNIVERSITY OF TORONTO, 1890

A grant of \$160,000 was authorized by 54 Vic., Cap. 73, assented to April 7, 1890, to the University of Toronto, to aid in the reconstruction of the building, which had been partially destroyed by fire.

SUCCESSION DUTIES ACT, 1892

The Succession Duties Act was passed by 56 Vic., Cap. 6, assented to April 14, 1892, the duties to become due within eighteen months from July 1, 1892. The receipts under this Act were by the Act itself allocated to the support of hospitals and asylums. The Act has been amended, since its inception, by various governments and, although a resource that may not well be estimated for any one year, large revenues are received annually.

HARDY MINISTRY, 1896-1899

A number of important changes occurred in the year 1896. Sir Oliver Mowat, who had been Premier of Ontario since 1872, resigned in July, 1896, to become Minister of Justice in the Dominion Cabinet and in 1897 was appointed Lieutenant-Governor of Ontario. He was succeeded by Hon. A. S. Hardy, who had long been identified with the government, having held Cabinet positions since 1877 as Provincial Secretary and later as Minister of Crown Lands.

ACT TO SUPPLEMENT THE REVENUES OF THE CROWN, 1899

An Act to supplement the revenues of the Crown, in the Province of Ontario, was passed by 62 Vic., Cap. 8, assented to April 1, 1899, under

Political History

Premier Hardy. This was to come into force immediately upon the passing thereof. This was an Act imposing a tax upon banks, insurance companies, loan and trust companies, railways, gas and electric companies, etc.

ROSS MINISTRY, 1899-1904

On account of failing health, after a long and severe illness, the Hon. A. S. Hardy retired in 1899. He was appointed Clerk of Process and Surrogate Clerk at Osgoode Hall, October 17, 1899. He held these positions until the year 1901.

In the reconstruction of the Cabinet, the Hon. G. W. Ross, who had been minister of Education since 1883, became Premier and Provincial Treasurer, being sworn in October 21, 1899. The holder of this latter portfolio, the Hon. Richard Harcourt, assumed the portfolio of Minister of Education.

ROYAL COMMISSION ON FINANCE, 1899

The question of the finances of the Province, including the existence of a much-discussed surplus, had become a very sorely disputed topic by this time and, in 1899, a Royal Commission on the financial position of the Province was appointed.

PROVINCIAL DRAINAGE ACT

An Act called the "Provincial Drainage Act," 63 Vic., Cap. 6, was assented to April 30, 1900. The subject of the Act was to supplement the drainage of low-lying lands, by constructing works such as outlets, main channels, trunk-sewers, etc., and to further aid the municipalities which had expended large sums by the issue of debentures.

SUGAR BEET INDUSTRY GRANT

A special fund was set apart in 1901, by 1 Edwd. VII, Cap. 11, for the purpose of encouraging the growth of sugar beets and the establishment of factories in the Province for the manufacture of refined sugar therefrom. In 1904, by Edwd. VII, Cap. 9, the bounty of \$75,000 per annum was extended for two years more, making \$375,000 in all, and the payments to producers was made to read "annually during the first five years' operations of such factory, at the rate of one-half per cent per pound for the product of such factory."

ELECTIONS, MAY 29, 1902

The elections of 1902 were exceedingly close and different figures were given as the result. The published report named 51 Liberals and 44 Conservatives, but there were contested seats and by-elections and

Political History

great uncertainty existed during the remaining sessions, the political atmosphere was most tense, with constant conflict in the House. The government, however, remained in power, though each session was a battle, with slender majorities.

TAX ON AUTOMOBILES, 1903

A tax was imposed on automobiles in 1903, 3 Edwd. VII, Cap. 27, the licence fee being \$2. This revenue was received through the Provincial Secretary's Department. This Act has been amended from time to time, and the revenue, which is very large from this source, is collected by the Highways Department.

MUNICIPAL POWER COMMISSION, 1903

Such legislation was passed, by 3 Edwd. VII, Cap. 25, in 1903, and Adam Beck was included in such Commission of the Municipalities to investigate all such matters.

T. & N.O. RAILWAY ACT, 1902-1903

An Act was passed March 17, 1902, by 2 Edwd. VII, Cap. 9, amended by 3 Edwd. VII, Cap. 4, authorizing the construction of the T. & N.O. Railway, the appointment of a Board of Commissioners, and the issue of bonds to raise the money for such purposes. The road was to be constructed from North Bay to Lake Temiskaming, construction having been started in 1902. A bond issue was attempted, but the offers were unsatisfactory to the government and this was withdrawn. The banks advanced money to the Commission. Up to November 30, 1904, the banks had advanced \$2,295,000 in this way and the government had advanced \$1,693,000 from the Consolidated Revenue Fund. The government then arranged a sale of treasury bills, in London, England, for £1,200,000.

The advances made by the Province and the banks were then paid off, with interest, and there remained the sum of \$1,354,686.02 available for further construction of the railway,

WHITNEY MINISTRY, 1905-1914

Elections, January 25, 1905.

The election of 1905 resulted in the complete overthrow of the Liberal administration, which had been in power for thirty-two years. The return showed: Conservatives, 69, and Liberals, 29.

The Hon. James Pliny Whitney (Sir James in 1908), who had been leader of the Conservative Party in Ontario since 1896, was called upon to form his Cabinet.

HYDRO-ELECTRIC POWER COMMISSION APPOINTED, 1906

The great project of supplying light and power through public ownership had its inception in 1906, by the Act assented to May 14, 6 Edwd. VII, Cap. 15, which was superseded by 7 Edwd. VII, Cap. 19, in 1907.

ELECTIONS, JUNE 8, 1908

The elections of 1908 resulted in the return of 89 Conservatives, 16 Liberals and 1 Independent, being by far the largest majority in the history of the Province up to this period.

FISCAL YEAR TO END OCTOBER THE THIRTY-FIRST

This change was made in 1909 under authority of 9 Edwd. VII, Cap. 11, assented to March 29, the Public Accounts of 1909 were for ten months only, January 1, 1909, to October 31, 1909.

NEW NORTH WING OF LEGISLATIVE BUILDINGS, 1909

By 1909, the demand for increased space was becoming urgent and the government decided to enlarge the buildings by the addition of a north wing suitable for a new library and two departmental flats.

FIRE IN WEST WING OF BUILDING, 1909

On September 1, 1909, a fire took place in the west wing of the Legislative Building. All the upper floors, including the Library, were destroyed.

WORKMEN'S COMPENSATION ACT, 1914

The Workmen's Compensation Act, 4 Geo. V, Cap. 25, was passed in 1914. A board was established to assess and levy upon employers sums sufficient to pay compensation in cases of accident. The fund has proven of inestimable value to the great body of working men, their families and dependents, throughout the Province.

DEATH OF PRIME MINISTER WHITNEY, 1914

The Honourable Sir James Pliny Whitney, K.C., who had been in failing health for some time, died on September 25, 1914.

HEARST MINISTRY, 1914-1919

A reconstruction of the Cabinet followed after the death of Sir James Whitney, and Hon. W. H. Hearst (later Sir William), who had been Minister of Lands, Forests and Mines, succeeded as Prime Minister of the Province.

DEPARTMENT OF PUBLIC HIGHWAYS CREATED IN 1915

In 1915, under an Act, 5 Geo. V, Cap. 17, a Department of Public Highways was created. This was under the Minister of Public Works, and provision was made for the appointment of a Deputy Minister of Highways.

The Provincial Highways Act came into force in 1917.

ONTARIO TEMPERANCE ACT, 1916

The Ontario Temperance Act was assented to, April 27, 1916, by 6 Geo. V, Cap. 50, to come into force at seven o'clock in the afternoon of Saturday, September 16, 1916. This Act removed all liquor licences in Ontario.

AMUSEMENT TAX ACT, 1916

Provincial Treasurer McGarry brought in a Bill, which was assented to April 27, 1916, 6 Geo. V, Cap. 9, wherein a tax was imposed upon patrons of amusement, in theatres, moving picture houses, ball parks, etc., the rates and regulations to be arranged by Council.

PURCHASE OF WATER POWER COMPANIES

A very important act of legislation was passed in 1916, by 6 Geo. V, Cap. 18, whereby the government acquired the assets and undertaking of twenty-two power companies from the Electric Power Company, who had control of the shares and capital stock of these corporations.

TEACHERS' AND INSPECTORS' SUPERANNUATION FUND, 1917

In 1917, the Teachers' and Inspectors' Superannuation Act was passed by 7 Geo. V, Cap. 58. The object of the Act was to establish a fund which was to consist of contributions and payments by school teachers and inspectors throughout Ontario supplemented by an annual grant from the Province.

EXTENSION OF THE DURATION OF THE LEGISLATIVE ASSEMBLY, 1918

An Act was passed by 8 Geo. V, Cap. 4, assented to March 25, 1918, extending the duration of the Legislature and making it unnecessary to hold any general election until after the close of the War, the return of the Canadian forces, and until one year had elapsed and a session of the Legislature held after a date certified by the Minister of Militia and Defence, to be the date of the return of the last of such forces. This Act was passed with the unanimous approval of the whole House.

NORTHERN AND NORTH-WESTERN ONTARIO DEVELOPMENT ACT, 1918

The further sum of \$6,000,000 was set apart, in addition to the same amount in 1912, for Northern and North-Western Ontario development, by 8 Geo. V, Cap. 8.

VOTES EXTENDED TO WOMEN, 1918

An Act was passed, March 26, 1918, by 8 Geo. V, Cap. 3, extending the franchise at general provincial elections to women.

ONTARIO TEMPERANCE ACT AMENDED, 1919

By 9 Geo. V, Cap. 60, assented to April 24, 1919, the Licence Board was empowered to establish and maintain a head office in Toronto and appoint sales agencies in the Province, and provision was made for a central warehouse for the receipt and distribution of liquor, which might under the Act be issued.

The administration of the Ontario Temperance Act, which was passed in 1916, was under the Provincial Secretary until it was afterwards placed under the jurisdiction of the Attorney-General, Hon. W. R. Raney, in 1921, during the U.F.O. regime.

DRURY MINISTRY, 1920-1923

The elections of October 20, 1919, resulted in a complete surprise. While the United Farmers' movement was known to have a considerable following, it was not thought to be of great strength as compared with the two old parties, who had, up to this time, been in control of affairs in the Province. The Hon. E. C. Drury, upon forming his Cabinet, made a considerable number of changes. The Department of Lands, Forests and Mines was divided and a separate Department of Mines constituted, 10-11 Geo. V, Cap. 12.

The Labour Party, in the House, was recognized by the formation of a Department of Labour and Health, this work having been carried on under the Public Works Department and the Provincial Secretary's Department, respectively. Provision had been made for a Minister of Labour and a Department of Labour, during the Hearst Ministry.

MOTHERS' ALLOWANCE ACT, 1920

The previous government under Sir William Hearst had procured the information upon which a Mothers' Allowance Act was based and had made preparations to submit this at the following session of the Legislature, but the change of government occurred and the Act was finally passed by 10-11 Geo. V, Cap. 89, assented to June 4, 1920.

FERGUSON MINISTRY, 1923-1930

Elections, June 25, 1923.

The elections of June 25, 1923, had three parties in the field and resulted in the overthrow of the U.F.O. government and the return to power of the Conservative Party, with a very large majority.

Hon. G. Howard Ferguson, who had been a member of the Legislature for a number of years, Minister of Lands, Forests and Mines during the Hearst regime, and leader of the Conservative Party in Ontario for the four preceding years, was called on to form his Cabinet.

DEPARTMENT OF HEALTH ESTABLISHED, 1924

In 1924, by 14 Geo. V, Cap. 69, the Department of Labour and Health was divided and a separate Department of Health established, to be presided over by the Minister of Health.

RESEARCH FOUNDATION, 1928

An Act of far-reaching importance was passed in 1928, 18 Geo. V, Cap. 57, whereby a corporation was established to be known as the Ontario Research Foundation. The objects were to be the carrying out of research work and investigations into the discovery and improvement of the industries, natural resources, processes, etc., for the general welfare of the Province.

OLD AGE PENSIONS, 1929

In the year 1929 an Act was passed which was of vital importance to a poor and deserving portion of the community in Ontario. This was cited as "The Old Age Pensions Act, 1929," 19 Geo. V, Cap. 73, and was pursuant to an Act of Parliament of Canada in which an option was given to the Province that, upon entering a general scheme of Old Age Pensions, the Dominion government would be liable for payment of one-half of the expenditure.

GENERAL ELECTION, OCTOBER 30, 1929

The result of the general election, 1929, was the return of the Ferguson Administration by the largest majority in the history of the Province. The only comparable instance was the return of the late Prime Minister Whitney, in 1908. The returns showed: Conservatives, 92; Liberals, 13; Progressives, 3; U.F.O., 1, and Labour, 1.

LEGISLATIVE ASSEMBLY ACT, 1930

By 20 Geo. V, Cap. 4, in 1930, the duration of the Legislative Assembly was extended from four years to five years.

NEW DEPARTMENT OF PUBLIC WELFARE CREATED, 1930

The work in the Provincial Secretary's Department was relieved by the transfer of certain services to the Department of Health and by the creation of a new department to be known as the Department of Public Welfare.

HENRY MINISTRY, 1930-1934

The Hon. G. Howard Ferguson, Prime Minister of Ontario, resigned from the government on December 15, 1930, having been appointed High Commissioner for Canada in London, England.

The Hon. Geo. S. Henry, who had been a member of the Legislature for over seventeen consecutive years and had Cabinet rank for many years, was sworn in at Government House as Prime Minister, to succeed Hon. G. Howard Ferguson, on December 16, 1930.

HEPBURN MINISTRY, 1934-1943

The provincial election of June 9, 1934, resulted in the election of the Liberal Party of Ontario to power, under the leadership of Honourable Mitchell F. Hepburn. The results were as follows: Liberals, 71; Conservatives, 17, and Independents, 2.

The Department of Municipal Affairs was established in September of 1934.

One of the most constructive acts of the new government was to change the period of the fiscal year from November 1–October 31, to April 1–March 31.

DOMINION-PROVINCIAL CONFERENCE

The Dominion Government called a conference of all the provinces to meet at Ottawa, December 9, 1935. Six sub-committees were formed to discuss the following agenda: B.N.A. amendments; financial relationships including taxation; unemployment and relief including co-ordination of social services; mining development and taxation; agriculture and marketing and tourist trade promotion.

NEW PERSONAL INCOME TAX

The municipalities lost the right to levy income tax. The provincial Act was modelled after that of the Dominion and Ontario rates were one-half of those levied by the Dominion. Ontario allowed as a deduction the tax payable to the Dominion before computing the Ontario tax. An

Political History

Act to reimburse municipalities in respect to income tax was passed to reimburse them for the loss of revenue incidental to the taking over of the income tax by the Province.

OLD AGE PENSIONS AND MOTHERS' ALLOWANCES

Effective April 1, 1937, the government relieved the municipalities of their ten per cent. share of the cost of Old Age Pensions and also the fifty per cent. cost of Mothers' Allowances.

PENSIONS FOR THE BLIND, 1936

Concurrent legislation was entered into with the Dominion government granting pensions to the blind. This was to become effective as soon as possible.

ELECTION, OCTOBER 12, 1937

The Liberal Party was returned to power. Results: Liberals, 66; Conservatives, 23, and Independents, 1.

DURATION OF LEGISLATURE, 1942

At the 1942 session of the Legislature, a bill was passed extending the duration of the Legislative Assembly until October 19, 1943. The bill was given Royal Assent on April 15, 1942.

DREW MINISTRY, 1943

At the elections for the Provincial Legislature held on August 4, 1943, the Progressive Conservative Party assumed power with 39 out of 90 seats. (C.C.F., 34; Liberal, 14; Labour, 2; Independent Liberal, 1.)

DEPARTMENT OF PLANNING AND DEVELOPMENT, 1944

Its function was to collaborate with the other government departments, in Ontario, the Dominion, the other provinces, municipal councils and public and private enterprise, with a view to formulating plans to create, assist, develop and maintain productive employment and to develop the human and material resources of the Province.

EDUCATION

Provincial grants were increased, which resulted in lower costs for the municipalities and the extension of education.

ELECTION, JUNE 4, 1945

The Progressive Conservatives obtained 66 seats, giving a larger working majority in the Legislature.

TRAVEL AND PUBLICITY, 1946

This Department was created in recognition of the importance of the tourist trade to the Province and to the Dominion.

DOMINION-PROVINCIAL RELATIONS

Interest has been shown in the Dominion-Provincial Conferences, in the meetings of the Co-ordinating Committee and plenary sessions.

MUNICIPAL SUBSIDIES

By amendments to the Highways Improvement Act, it was proposed to pay subsidies to cities, towns and villages, to reimburse them, in part, for their expenditure on municipal roads.

REFORM INSTITUTIONS, 1946

An Act respecting the Department of Reform Institutions came into force April 1, 1946. A department was set up to deal with certain institutions which before came under the administration of the Provincial Secretary. Reform rather than punitive methods is to be stressed in these institutions.

LANDS AND FORESTS, 1947

By an Act amending the Game and Fisheries Act, assented to on April 3, 1947, the administration of the Act is to be under the Department of Lands and Forests.

ELECTION, JUNE 7, 1948

The Progressive Conservatives were returned to power with 53 seats; the C.C.F., 21; Liberals, 14; Labour Progressives, 2. Later, the Progressive Conservative member for Parry Sound, died; a by-election was held December 9 in which the Progressive Conservative was returned. The Progressive Conservative member for Cochrane North died after the general election as a result of injuries in an accident; the standing in February, 1949, being: Progressive Conservatives, 52; C.C.F., 21; Liberals, 14; Labour Progressives, 2; Vacant (Cochrane North) 1.

The programme of Immigration of residents of Britain, commenced in August, 1947, brought 10,000 Britishers to the province up until the programme was concluded in the fall of 1948. Capital grants were made to hospitals aiding in construction of additional hospital beds; grants to school boards were \$34,250,000, which aided construction of new schools;

Political History

new pulp towns were established in Northern Ontario, a forestry inventory was underway; the Cabinet Office was established within the Provincial Secretary's Department.

KENNEDY MINISTRY, 1948-9

Hon. George A. Drew resigned as Prime Minister on October 19, 1948, to assume his new duties as leader of the Dominion Progressive Conservative Party.

Hon. Thomas L. Kennedy, Minister of Agriculture, a member of the Legislature for many years, was sworn in as Prime Minister on the same day by His Honour, Lieutenant-Governor, Ray Lawson.

FROST MINISTRY, 1949

Hon. Leslie M. Frost, Provincial Treasurer and Minister of Mines, who had been chosen Leader of the Progressive Conservative party in Ontario at a convention, held in April, was sworn in as Prime Minister and Treasurer on May 4, 1949. Hon. Thomas L. Kennedy, who had resigned as Prime Minister, continued with the portfolio of Minister of Agriculture. Hon. Welland S. Gemmell was sworn in as Minister of Mines.

A by-election was held in the riding of Cochrane North on June 8, 1949, in which Marcel Leger, Progressive Conservative, was returned as member.

On July 15, 1949, Hon William E. Hamilton was sworn in as Minister of Reform Institutions. Hon. George H. Dunbar, who had been Minister of Reform Institutions, continued as Minister of Municipal Affairs.

A by-election was held in the riding of Leeds on October 31, 1949, in which Hugh A. Reynolds, Progressive Conservative, was returned as member.

On August 8, 1950, Hon. Russell T. Kelley, Minister of Health, resigned due to ill-health. On the same day, Dr. Mackinnon Phillips, member for Grey North, was sworn in as Minister of Health by Hon. Ray Lawson, Lieutenant-Governor. Hon. Mr. Kelley remained as a member of the Executive Council as Minister-without-portfolio, and also continued as member in the Legislature for Hamilton-Wentworth.

On November 16, 1950, Hon. William E. Hamilton, Minister of Reform Institutions, resigned, necessitated by his appointment to the vice-presidency and Canadian general managership of the Paul Revere Life Insurance Co., of Worcester, Mass. Rev. Major John W. Foote, V.C., member for Durham, was sworn in as Minister of Reform Institutions on the same day before Hon. Ray Lawson, Lieutenant-Governor. Mr. Hamilton continued as member for Wellington East and also as Minister-without-portfolio. Premier Frost said that Hon. Mr. Foote

Political History

had retired as deputy chief commissioner of the Liquor Control Board but would continue to do the important work in which he is engaged relating to the cure and rehabilitation of alcoholics.

On Tuesday, October 2, 1951, Premier Leslie M. Frost announced the appointment of Dr. William James Dunlop as Minister of Education, and of Fletcher Stewart Thomas, member for Elgin, as Minister of Public Works. Hon. Dana Porter, Q.C., who had been Minister of Education and Attorney-General, continued in the latter portfolio and Hon. George H. Doucett, who had been Minister of Highways and Public Works, continued to direct the former portfolio. Hon. Mr. Doucett was also named chairman of the Treasury Board, along with Mr. Porter and Mr. William E. Hamilton, Minister-without-portfolio. The new Ministers were sworn into office before Hon. Ray Lawson, Lieutenant-Governor, on the same day.

ELECTION, NOVEMBER 22, 1951

In the general election held Thursday, November 22, 1951, the Progressive Conservative party was returned to power with one of the largest majorities on record in the Province's history. The result by party was (the number of seats by parties prior to the election being shown in parenthesis): Progressive Conservative 79 (53); Liberal 7 (13); C.C.F. 2 (21); Liberal-Labour 1 (1); Labour Progressive 1 (2).

On June 3, 1952, the resignation of Hon. Harold R. Scott, Minister of Lands and Forests, was accepted, Prime Minister Leslie M. Frost announced. Hon. Welland S. Gemmell, Minister of Mines, assumed the portfolio of Minister of Lands and Forests, and Mr. Philip T. Kelly, member for Cochrane North, was sworn in as Minister of Mines before Lieutenant-Governor Louis O. Breithaupt. Mr. Scott continued in the Cabinet as minister-without-portfolio.

CABINET CHANGES, 1953

On Tuesday, January 20, 1953, Premier Leslie M. Frost announced the acceptance of the resignation of Hon. Thomas L. Kennedy as Minister of Agriculture. Mr. Kennedy would remain as member for Peel in the Legislature.

Hon. Fletcher S. Thomas, Minister of Public Works, was appointed Minister of Agriculture; Hon. William Griesinger, Minister of Planning and Development, was appointed Minister of Public Works, and Hon. William K. Warrender (Hamilton Centre) Minister of Planning and Development. All took the oaths of office before Hon. Louis O. Breithaupt, Lieutenant-Governor.

BY-ELECTION, 1953

In a by-election held on October 26, 1953, in the riding of Niagara Falls, Mr. Arthur Jolley, Progressive Conservative candidate, was elected

Political History

with 10,338 votes; Grant Donald, Liberal, 7,205; Pat Spain, C.C.F., 2,768; Mary Price, Lab.-Prog., 286. The by-election was called due to resignation of William L. Houck, Liberal, who had resigned to contest the riding of Niagara Falls in the Federal election. The victory gave the Progressive Conservatives a total of 80 Legislature seats.

BY-ELECTION, FEBRUARY, 1954

On February 8, 1954, a by-election was held in the riding of Simcoe East, due to the death of Dr. John D. McPhee, Progressive Conservative, who had represented the riding for some years. The riding was retained by the Progressive Conservatives with the result being: Lloyd Letherby, Progressive Conservative, 7,715; William Moore, Liberal, 4,929; Wilfred Hoult, C.C.F., 1,444.

CABINET CHANGE, 1954

Due to the death of Hon. Welland S. Gemmell, member for Sudbury and Minister of Lands and Forests, Mr. Clare Mapledoram, member for Fort William, was sworn in as Minister of Lands and Forests before Lieutenant-Governor Louis O. Breithaupt on Wednesday, July 7, 1954.

BY-ELECTIONS, SEPTEMBER, 1954

On September 16, 1954, by-elections were held in the ridings of Leeds, Nipissing and Russell due to the deaths of Chas. G. MacOdrum, Wm. B. Harvey and J. Daniel Nault, all Progressive Conservatives, who represented these ridings in the Legislature. All three ridings were retained by the Progressive Conservative party as follows: James C. Auld, Leeds; John M. Chaput, Nipissing, and Gordon Lavergne, Russell.

CABINET CHANGES, JANUARY, 1955

On January 5, 1955, Premier Leslie M. Frost announced acceptance of the resignation of Hon. George H. Doucette as Minister of Highways and James N. Allan, member for Haldimand-Norfolk was sworn in before Lieutenant-Governor Breithaupt as Minister of Highways. Mr. Doucette retained his seat in the Legislature as member for Lanark.

On January 20, 1955, Premier Leslie M. Frost announced the resignation of Hon. Arthu Welsh as Provincial Secretary and chairman of the Liquor Control Board. Mr. William M. Nickle, M.B.E., M.C., Q.C., member for Kingston, was sworn in before Lieutenant-Governor Breithaupt as Provincial Secretary and William H. Collings, member for Beaches-Toronto, as chairman of the Liquor Control Board. Mr. Robert Herbert, member for Temiskaming, was also sworn in as vice-chairman of the Ontario Northland Railway Commission, succeeding the late William B.

Political History

Harvey. Col. Welsh was sworn in as sheriff of Ontario County, resigning his seat as member for Muskoka-Ontario later.

On January 24, 1955, Premier Leslie M. Frost announced the appointment of Dr. Richard L. Hearn as chairman of the Hydro-Electric Power Commission of Ontario, succeeding the late Robert H. Saunders, C.B.E., Q.C., who had died earlier from injuries sustained in an airplane crash near London, Ont.

REDISTRIBUTION, MAY 22, 1955

Redistribution approved by the Legislature in 1954 became effective as of the above date. Eight seats were added making a total of 98 seats.

GENERAL ELECTION, JUNE 9, 1955

At the general election held June 9, the Progressive Conservative party, headed by Premier Leslie M. Frost, was returned to power with an increased majority. The returns showed the following: Progressive Conservatives, 83; Liberals, 11; C.C.F., 3; Independent Progressive Conservative, 1.

CABINET CHANGES, AUGUST, 1955

On Wednesday, August 17, 1955, Premier Leslie M. Frost announced he was giving up the Treasury portfolio which he had held since 1943. Hon. Dana Porter, Attorney-General, became the new Provincial Treasurer. Succeeding him as Attorney-General was A. Kelso Roberts, Q.C., member for Toronto-St. Patrick. Provincial Secretary William M. Nickle became Minister of Planning and Development, succeeding Hon. William K. Warrender appointed Minister-without-portfolio and 1st Vice-Chairman of the Hydro-Electric Power Commission of Ontario, replacing Hon. William E. Hamilton who had resigned. Municipal Affairs Minister Geo. H. Dunbar became the new Provincial Secretary, being replaced in the Municipal Affairs Department by Public Welfare Minister William A. Goodfellow. The Public Welfare portfolio was assigned to Travel and Publicity Minister Louis P. Cecile, and the new Minister of Travel and Publicity was Bryan L. Cathcart, member for Lambton West. The new Ministers were sworn into office on the same day before Hon. Louis O. Breithaupt, Lieutenant-Governor.

BY-ELECTION, JANUARY, 1956

On January 12, 1956, a by-election was held in the riding of Renfrew South, following the death of James S. Dempsey, Independent Progressive Conservative representative of this riding. The Progressive Conservative

Political History

candidate, James A. Maloney, Q.C., was elected with the vote being: James A. Maloney, Progressive Conservative, 8,444; Nathaniel E. Lindsay, Liberal, 5,994.

CABINET CHANGES, AUGUST, 1956

On August 1, 1956, Premier Leslie M. Frost announced that Hon. William A. Goodfellow, Minister of Municipal Affairs, had been transferred to the post of Minister of Agriculture and sworn in before Lieutenant-Governor Louis O. Breithaupt, succeeding Hon. Fletcher S. Thomas who retired because of ill health but retained his seat in the Legislature for Elgin. Hon. William K. Warrender, Q.C., vice-chairman of the Hydro-Electric Power Commission, was appointed Acting Minister of Municipal Affairs.

BY-ELECTION, OCTOBER, 1956

On October 18, 1956, a by-election was held in the riding of York West to fill the vacancy caused by the death of the riding's representative, W. Elmer Brandon, Progressive Conservative. The riding was retained by the Progressive Conservatives with the vote count being as follows: H. Leslie Rowntree, Progressive Conservative, 11,089; Lynn R. Williams, C.C.F., 6,115; Arthur L. Nagels, Liberal, 4,461.

CABINET CHANGES, OCTOBER, 1956

On October 31, 1956, Premier Leslie M. Frost announced the appointment of Hon William K. Warrender, Q.C., Minister without portfolio and vice-chairman of Hydro, as Minister of Municipal Affairs; Mr. Warrender had been acting Minister for this Department since August 1. Succeeding him as Minister without portfolio and to serve as second vice-chairman of Hydro, was Mr. Ray Connell, member for Hamilton-Wentworth. Mr. Frost also announced the appointment of Mr. James S. Duncan, former president and chairman of the board of Massey-Harris-Ferguson, as new chairman of Hydro to succeed Dr. Richard L. Hearn, who has retired as chairman but is to continue as consultant. Mr. W. Ross Strike, Hydro Commissioner, was appointed first vice-chairman of the Commission; Mr. David P. Cliff, secretary of the Ontario Municipal Electric Association, became non-executive commissioner of Hydro. The new appointees were sworn in the following day, November 1, by Lieutenant-Governor Louis O. Breithaupt.

CABINET CHANGES, JULY, 1957

On July 17, 1957, Premier Leslie M. Frost announced the appointment of two new cabinet members, following the resignation of Reform Institutions Minister John W. Foote and Mines Minister Philip T. Kelly on the

Political History

same day. Dr. Matthew B. Dymond, member for Ontario, was named to succeed Major Foote as Minister of Reform Institutions. Mr. J. Wilfrid Spooner, member for Cochrane South, became Minister of Mines. Both Major Foote and Mr. Kelly retained their seats in the Legislature, respectively Durham and Cochrane North. The new cabinet members were sworn in by Lieutenant-Governor Louis O. Breithaupt on the following day, July 18.

BY-ELECTIONS, SEPTEMBER, 1957

On September 5, 1957, by-elections were held in the ridings of Glengarry and Middlesex North. The vacancy in Glengarry was due to the resignation of its member, Osie F. Villeneuve, to contest a seat in the June federal election. In Middlesex North, the seat had become vacant when Thomas L. Patrick, its representative, had died. Both seats had been held by the Progressive Conservatives and were retained by them, Mr. Fernand Guindon being elected in Glengarry and Mr. William A. Stewart winning in Middlesex North. The vote was as follows in Glengarry: Fernand Guindon, Progressive Conservative, 5,006; John McLennan, Liberal, 2,921. In Middlesex North, the result was: William A. Stewart, Progressive Conservative, 6,023; A. E. Smith, Liberal, 2,907.

BY-ELECTION, OCTOBER, 1957

A by-election was held in the riding of Lanark on October 24, 1957, to fill the vacancy caused by the resignation of the Provincial member, Mr. George H. Doucett, former Minister of Highways, who had resigned to take a seat in the House of Commons. The seat was retained by the Progressive Conservatives, with Dr. J. A. McCue winning over Liberal candidate E. S. Burchell. The vote was as follows: McCue, 9,212; Burchell, 2,453.

HON. JOHN KEILLER MACKAY, LIEUTENANT-GOVERNOR

On November 29, 1957, Prime Minister John Diefenbaker announced the appointment of Ontario Supreme Court Judge John Keiller Mackay as Lieutenant-Governor of Ontario to succeed Hon. Louis O. Breithaupt whose term of office ended on December 31. The new Lieutenant-Governor was sworn in on December 30 and assumed his functions on January 1, 1958.

BY-ELECTION, JANUARY, 1958

On January 30, 1958, a by-election was held in the riding of Elgin to fill the vacancy caused by the death of F. S. Thomas, Progressive Conservative, former Cabinet Minister. The seat was retained by the Progressive

Political History

Conservatives with the vote being as follows: Ronald McNeil, Progressive Conservative, 8,728; Ralph Auckland, Liberal, 5,486; David A. Monteith, Independent Progressive Conservative, 1,836; and Lyl Tait, C.C.F., 1,304.

CABINET CHANGES, FEBRUARY, 1958

On January 30, 1958, Provincial Treasurer and Economics Minister Dana Porter resigned his Cabinet portfolios and his Toronto-St. George seat in the Legislature. On February 1, his appointment to the post of Chief Justice of the Ontario Appeal Court was announced by the Federal Government. On February 3, Premier Leslie M. Frost re-assumed the Treasury portfolio which he had held between 1943 and 1955.

CABINET CHANGES, APRIL, 1958

Cabinet changes were announced by Premier Leslie M. Frost on April 24, 1958. The Premier relinquished the post of Treasurer, appointing Hon. James N. Allan to succeed him. Mr. Allan, who was Minister of Highways and of Transport, was succeeded in the Highways Department by Mr. Fred M. Cass, MPP for Gréville-Dundas; his successor as Minister of Transport was Hon. Matthew B. Dymond, previously Minister of Reform Institutions. The new Minister of Reform Institutions was Hon. T. Ray Connell, who had been Minister without portfolio and second vice-chairman of Hydro. Also brought into the Cabinet were Mr. John Yaremko, MPP for Bellwoods (Toronto), and Mr. Robert Macaulay, MPP for Riverdale (Toronto); Mr. Yaremko as Minister without portfolio; Mr. Macaulay also as Minister without portfolio and succeeding Hon. Mr. Connell as second vice-chairman of Hydro. Premier Frost also announced that Minister without portfolio Harold R. Scott had resigned from the Cabinet.

BY-ELECTIONS, MAY, 1958

By-elections were held in four ridings on May 12, and Progressive Conservatives were victorious in all four: Rene Brunelle in Cochrane North; Maurice Hamilton in Renfrew North; Allan Lawrence in Toronto-St. George; and Charles MacNaughton in Huron. The vacancy in Huron had been caused by the death of the previous incumbent, Thomas Pryde. The vacancies in Cochrane North and Renfrew North had resulted from the previous incumbents resigning to enter federal politics; Philip T. Kelly in Cochrane North and Stanley J. Hunt in Renfrew North. Toronto-St. George had become vacant on January 30 when Hon. Dana Porter had resigned to become Chief Justice of the Ontario Appeal Court.

CABINET CHANGE, MAY, 1958

Following the resignation of Hon. William Griesinger from the Cabinet, Premier Leslie M. Frost announced on May 14 that Hon. James N. Allan was assuming the portfolio of Minister of Public Works along with that of Provincial Treasurer.

CABINET CHANGE, JULY, 1958

Following the resignation of Lands and Forests Minister Clare E. Mapledoram from the Cabinet, Premier Leslie M. Frost announced on July 23 that Hon. J. W. Spooner was assuming the duties of Minister of Lands and Forests along with those of Minister of Mines.

BY-ELECTIONS, AUGUST, 1958

Two new members of the Legislature were elected by acclamation on August 28, 1958. They were Lloyd H. Price for Hastings East and George E. Gomme for Lanark, both Progressive Conservatives. The vacancy in Lanark had been caused by the death of Dr. J. A. McCue, P.C. In Hastings East, the vacancy had resulted when Mr. Roscoe Robson, P.C., had resigned.

CABINET CHANGES, DECEMBER, 1958

On December 22, 1958, Premier Leslie M. Frost announced cabinet changes, involving the retirement of one minister, some portfolio changes and the elevation of four members of the Legislature to the Executive Council. Provincial Secretary George H. Dunbar retired from the Cabinet to become a member of the Ontario-St. Lawrence Development Commission. His successor as Provincial Secretary was Hon. Mackinnon Phillips who had held the Health portfolio. Transferring from Transport to the Health Department was Hon. M. B. Dymond. The new Minister of Transport was Hon. John Yaremko, previously Minister without portfolio. Hon. Ray Connell transferred from Reform Institutions to Public Works, a department which had been headed by Hon. James N. Allan jointly with the Provincial Treasury. The new Minister of Reform Institutions was George C. Wardrope, member for Port Arthur. James A. Maloney, member for Renfrew South, was given the portfolio of Mines which had been held by Hon. J. W. Spooner, jointly with that of Land and Forests. New Ministers without portfolio were John P. Robarts, member for London North, and John H. Root, member for Wellington-Dufferin. The new ministers were sworn into office before Hon. J. Keiller Mackay, Lieutenant-Governor, on the same day.

GENERAL ELECTION, JUNE 11, 1959

A general election was held on June 11, 1959, and the Progressive-Conservative party headed by Premier Leslie M. Frost was returned to power. The result was as follows: Progressive-Conservatives, 71; Liberals, 21, C.C.F., 5; and Liberal Labour 1.

NEW DEPARTMENT, SEPTEMBER 1, 1959

On May 5, 1959, R. W. Macaulay, Q.C. Toronto-Riverdale, was sworn in before Lieutenant-Governor Keiller MacKay as Minister of Energy Resources, a new portfolio. Mr. Macaulay was also appointed second Vice-Chairman of The Hydro-Electric Power Commission of Ontario on May 26, 1958. The Department of Energy Resources commenced operations on September 1, 1959.

CABINET CHANGE, DECEMBER, 1959

On December 16, Premier Leslie M. Frost announced the resignation of Hon. Dr. W. J. Dunlop as Minister of Education due to ill health, and that he would remain in the Cabinet as Minister-without-portfolio. Dr. Dunlop would also serve on the University Co-ordinating Committee under the chairmanship of the Director of Education, Dr. C. F. Cannon. Hon. Robert Macaulay, Q.C., Minister of Energy Resources was appointed acting Minister of Education.

DEPARTMENTAL CHANGES, JANUARY 21, 1960

On January 21, 1960, Premier Leslie M. Frost announced that Hon. the Rev. A. W. Downer, Speaker of the Legislature, member for Dufferin-Simcoe, was appointed a member of the Liquor Control Board.

A revamping of the Department of Municipal Affairs was announced in which Lorne R. Cumming, chairman of the Ontario Municipal Board, became Deputy Minister, and Charles Yates, now vice-chairman of the Board, became general counsel and executive assistant to Mr. Cumming. J. A. Kennedy, vice-chairman of the Board became chairman. The Department continues under Hon. W. K. Warrender, with the Community Planning Branch of the Department of Planning and Development transferred to the Department of Municipal Affairs.

It was also announced that Hon. John Robarts, Minister of Education resigned from the Water Resources Commission and was replaced by C. S. McNaughton, member for Huron.

The Ontario Water Resources Commission was transferred to the Department of Municipal Affairs and the Ontario Northland Commission was transferred to the Department of Planning and Development for administrative purposes.

COMPOSITION OF GOVERNMENT

The Government of Ontario, as of all British Dominions, is based on a two-fold authority and responsibility:

1. The Queen, through her appointed Ministers, governs the country, initiates legislation and propounds policies.

2. The people, through their elected representatives, provide the appropriations of revenue necessary to implement the actions of the Queen and her Cabinet, consider the laws submitted by the Queen's representatives and either give or withhold their sanction and also have the final say in defining the policy of the country.

Ontario was the only province which set out in 1867 with a single-chamber legislature.

Section 70 of the British North America Act provided for eighty-two electoral districts.

See page 238, Government

THE LEGISLATIVE ASSEMBLY

The British North America Act, 1867 (Sections 69 and 70), made provision for a legislative assembly for the Province of Ontario.

First session of the first administration of the Legislative Assembly of Ontario met December 27, 1867, at Toronto in the building on Front Street, then facing Toronto Bay. This building was built in Simcoe Place, a square containing six acres extending in front of Government House and bounded by Simcoe, Front, John and Wellington Streets. It was a long, low, red-brick structure, and had been first used in 1832 by the Legislative Council and the Legislative Assembly of Upper Canada.

For a period in Canada's history the ambulatory system was used. The seat of government changed from time to time. The Act of Union, 1840, united Upper Canada and Lower Canada as the Province of Canada (Canada West and Canada East). The Parliament of the Province of Canada opened at Kingston, June 14, 1841; at Montreal, November 28, 1844; at Toronto, May 14, 1850; at Quebec, August 19, 1852; at Toronto, February 15, 1856; at Quebec, February 28, 1860, and at Ottawa, June 8, 1866.

This building on Front Street was used for the sessions of the Parliament of the Province of Canada which were held in Canada West from Union to Confederation.

Between the opening of the first session in 1832 and the prorogation of the last held in the Front Street building, scores of important questions and subjects were dealt with. The struggle for responsible government found victory, the secularization of the clergy reserves was consummated under its roof, the bill being passed in 1858.

POPULATION

At the beginning of 1960 Canada's population was estimated at close to $17\frac{3}{4}$ million and Ontario's at over 6 million.

The population of Canada was estimated at 17,442,000 in June 1959, 394,000 more than in the previous year and nearly 4 million more than in June, 1949. The rate of increase had slackened to 2.3 per cent in 1958-59 compared with 2.8 per cent the previous year and 3.2 per cent in 1956-57.

Ontario's population reached 5,952,000 in June, 1959 and passed the 6 million mark at the beginning of October. Between 1958 and 1959 the population increased by 149,000 or 2.6 per cent, as against 3.2 per cent in 1957-58 and 4.0 per cent the year before that. Thus, Ontario was increasing at a faster rate than Canada, although the rate was declining in both cases. In the last ten years over $1\frac{1}{2}$ million people have been added to the population of Ontario.

Nearly two-thirds of Canada's population live in Ontario and Quebec which have 34 and 29 per cent of the total respectively. A further 17 per cent live on the Prairies, 11 per cent in the Maritimes and 9 per cent in British Columbia. In the whole of the Yukon and the North West Territories there are only 34,000 people.

As a result of the exceptionally high birthrates since the war the number of children in Ontario continues to increase; in 1959 there were close to 2 million children under 15 years of age. In 1949 they comprised 25.9 per cent of the total but by 1959 they had risen to 31.2 per cent. The working population (15-64 years) showed a relative decline from 65.4 per cent in 1949 to 60.7 per cent in 1959 but the actual numbers have increased by three-quarters of a million. The 65 and over age group declined slightly from 8.7 per cent in 1949 to 8.2 per cent in 1959 but the actual numbers have increased by 100,000.

The preponderance of males over females continues in Canada, as in all young countries, and also in Ontario. In the last ten years, the margin has fallen slightly in Ontario from 102.0 males per hundred females in 1949 to 101.6 in 1959, but there has been no definite trend and little change during the last three years. For all age groups under 60 years of age there are more men than women, except between 35 and 39 years where war casualties have reduced the number of men. In every age group over 60 there are more women than men because of the considerably higher death rates for men at these ages.

The population increases naturally when there are more births than deaths. A record number of 486,000 babies were born in Canada in 1959—nearly 16,000 more than in the previous year—representing an increase

Population

in the birth rate from 27.6 in 1958 to 27.9 per thousand population in 1959; in 1949 the birth rate was 27.3. Birth registrations in Ontario in 1959 were also a record at 160,881 compared with 153,801 in 1958, an increase in the birth rate (which has always been below that for Canada as a whole) from 26.5 to 27.0 per thousand population, compared with 24.3 in 1949.

Deaths in Canada increased, from 135,201 in 1958 to 141,000 in 1959. The death rate rose slightly from the record low level of 7.9 in 1958 to 8.1 in 1959, but still showed a decrease from the 1949 figure of 9.3. Registrations of deaths in Ontario rose from 49,146 in 1958 to 51,528 in 1959 and the death rate rose from the low point of 8.5 to 8.7 per thousand, compared with 9.9 in 1949.

The natural increase in the Canadian population was 345,000 in 1959 compared with 334,917 in 1958, the rate having risen from 19.7 to 19.8 per thousand. Ontario's population increased naturally by 109,353 in 1959 compared with 104,655 in 1958, a rise from 18.0 to 18.4.

The number of marriages in Canada, which has been declining since 1957, fell to 127,000 in 1959, the lowest figure since 1950. The marriage rate declined from 7.7 in 1958 to 7.3 per thousand in 1959—the lowest rate for twenty years. In Ontario, however, marriages rose in 1959, to an all time high of nearly 47,000 compared with 45,894 the previous year, but the rate remained stationary at 7.9 per thousand population.

The number of divorces in Canada, which was fairly steady around 6,000 between 1953 and 1956, rose sharply in 1957 to 6,688. The largest number, 2,873, were granted in Ontario, and British Columbia was second with 1,559. The divorce rate per 100,000 population was 40.4 in Canada during 1957, having varied between 38 and 42 since 1950. The rates in the different provinces varied tremendously from 1.4 in Newfoundland to 104.8 per 100,000 population in British Columbia. The rate was 51.1 per 100,000 in Ontario in 1957, the highest level since 1949, with the exception of 1953 when it went up to 57.2.

During 1958, 84,183 people became Canadian citizens, over ten thousand fewer than in the previous year. Over 46 thousand of these people were resident in Ontario or 55 per cent of the total compared with 58 per cent the previous year. Of the remainder, over 13,000 were resident in Quebec, over 9,000 in British Columbia and over 8,000 in Alberta. Ignoring the Maritimes, the Yukon and North West Territories, where the numbers were negligible, decreases took place everywhere except on the Prairies. There were slight rises in Manitoba and Saskatchewan and a marked increase in Alberta from 5,873 to 8,371 in 1958. Over 10,000 of these new citizens came from British Commonwealth countries and nearly 69,000 from Europe (excluding the U.K.). Under 4,000 came originally from Asia including about 2,000 from China.

Population

The Canadian labour force was 6,231,000 in the middle of December, 1959 compared with 6,120,000 a year before. During 1959 it varied between 6,076,000 in mid-January and 6,434,000 in mid-July. Ontario's labour force at 2,310,000 in December was also higher than the December 1958 level, which was 2,253,000; it varied between 2,244,000, in mid-January and 2,358,000 in mid-July, 1959. Thus, over one-third of Canada's work force and population live in Ontario.

GEOLOGY AND GEOGRAPHY

AREA

The total area of Ontario is 412,582 square miles, of which 344,092 square miles, or 83 per cent, is land and 68,490 square miles, or 17 per cent, is lakes and rivers. The Province extends 1,000 miles from east to west and 1,050 miles from south to north. About eight per cent of the total area lies south of the isotherm of 60 degrees F. July mean temperature, which is generally considered to be the northern limit for the economic production of cereals.

Located in the heart of the North American continent, Ontario is half as large again as Texas and exceeds the combined areas of the United Kingdom, France and West Germany.

BOUNDARIES

Ontario is that vast section of the Dominion contained between the Great Lakes and Hudson Bay and between the western boundary of Quebec and the eastern limits of Manitoba. Most of the boundary lines consist of lakes and rivers, e.g. the Ottawa River forms much of the eastern border while the southern line follows the St. Lawrence River, the Great Lakes and a series of smaller bodies of water including Pigeon River and Lake of the Woods. Ontario's immediate neighbours are the provinces of Quebec and Manitoba and the states of New York, Pennsylvania, Ohio, Michigan, Wisconsin and Minnesota.

ELEVATION

The height of land which runs in a general east-west direction just north of Lake Superior reaches an elevation of 1,000 feet and over. Here at the northeastern corner of the lake, at a height of 2,120 feet, is Tip Top Mountain, the highest point in Ontario. From the height of land the terrain slopes gently northward to an extensive area of low, swampy land bordering on the south and west shores of James and Hudson Bays.

A striking topographical feature in the southern portion of the Province is the Niagara Escarpment, which extends for 250 miles from Niagara Falls to the Bruce Peninsula. The highest part is found in the counties of Dufferin, Grey and western Simcoe, where the elevation ranges from 1,400 to 1,700 feet. Wellington and Waterloo Counties have elevations of from 1,000 to 1,300 feet.

The eastern portion of Ontario is relatively low and level and drains into the Ottawa or St. Lawrence Rivers. Most of this area is between 200 and 300 feet above sea level, but rises to 400-500 feet in the western section north of Lake Ontario.

FORMATION

There are four types of rock formation in Ontario: (1) Precambrian, 250,000 square miles; (2) Silurian, 70,000 square miles; (3) Devonian, 33,000 square miles, and (4) Ordovician, over 19,000 square miles. These figures (which are approximate) aggregate 372,000 square miles.

The great area in Eastern Canada which is underlain by rocks of Precambrian age is known as the Canadian (or Precambrian) Shield or the Laurentian Plateau. In Ontario, the Shield covers all the northern part of the Province except the coastal plain around Hudson and James Bays and extends into Southern Ontario north of a line drawn from Georgian Bay to the eastern end of Lake Ontario. It extends southward into New York State, crossing the St. Lawrence between Kingston and Brockville. The surface of the Shield is generally rugged, with successions of rocky hills 100 to 200 feet high. The area has been heavily glaciated and is dotted with lakes, large and small, of irregular outline. The Canadian Shield is a great storehouse of mineral wealth.

The Ordovician formations extend from Kingston to the Niagara Escarpment and northwest to Georgian Bay and into Manitoulin Island. They also underlie that section of the Province which lies east of the Shield. The Silurian formations are exposed in the Niagara Escarpment and westward in a belt 20 to 50 miles wide which extends north-west from the Niagara Peninsula also into Manitoulin Island. West of this, nearly the whole of the area between Lake Erie and Lake Huron is underlain by Devonian limestones and shales.

Southern Ontario, except that portion occupied by the Laurentian Plateau, is part of the St. Lawrence lowlands. These plains are covered with silt deposits left in ancient lakes which were formed when the St. Lawrence outlet was blocked with ice at the end of the glacial period. On the shore of one of these old glacial lakes, Lake Iroquois, are the sites of some of our cities such as Toronto, St. Catharines and Hamilton. It is this part of the Province which contains most of Ontario's heavy industries, large cities and the developed farming areas.

The Clay Belt of Northern Ontario which lies along the southerly part of the coastal plain surrounding Hudson Bay gives promise of becoming a great agricultural area.

POSITION

Ontario falls within the following approximate position:

North: 56 degrees 50" N. latitude

South: 41 degrees 41" N. latitude

East: 74 degrees 25" longitude

West: 95 degrees 9" longitude

SHORELINE

Lakes and rivers are plentiful in Ontario, as may be surmised from the total estimated shoreline of the important bodies of water:

Fresh water shoreline — 2,362 miles

Salt water shoreline — 680 miles

There are many areas in Ontario that have not been surveyed as yet. Each year the unsurveyed area diminishes and the estimate of fresh water shoreline grows more accurate. Many years will pass, however, before the Province will have a complete survey.

The salt water shoreline refers to the shores of James Bay and Hudson Bay, although it is to be noted that the waters of these two bays are not considered as part of Ontario's area.

The Great Lakes and St. Lawrence Waterway constitute a large part of the surveyed fresh water shoreline indicated above. Because the Great Lakes are the most important inland waterway in the world and have had a great economic influence on Ontario's development, they deserve an important place in any discussion of Ontario's geography.

Their total drainage basin consists of about 300,000 square miles, about 60 per cent of which lies within the United States. The following table gives some pertinent information regarding these lakes.

<i>Lakes</i>	<i>Length</i> <i>Miles</i>	<i>Width</i> <i>Miles</i>	<i>Area of</i> <i>Water</i> <i>Surface</i> <i>Sq. Miles</i>	<i>Area of</i> <i>Drainage</i> <i>Basin</i> <i>Sq. Miles</i>	<i>Maximum</i> <i>Recorded</i> <i>Depth</i> <i>Feet</i>	<i>Elevation</i> <i>above</i> <i>Sea-Level</i> <i>Feet</i>
Superior.....	383	160	31,820	80,700	1,302	602.2
Michigan*.....	321	118	22,400	69,040	923	580.8
Huron.....	247	101	23,010	72,600	750	580.8
St. Clair.....	26	24	460	6,420	23	575.3
Erie.....	241	57	9,940	34,690	210	572.4
Ontario.....	193	53	7,540	34,640	774	245.9

**Although Lake Michigan does not form part of Ontario's boundary, it has been included because it is one of the Great Lakes.*

Lake Superior is the largest body of fresh water in the world. Particularly noteworthy is its depth of 1,302 feet, which stands out in strong contrast to the shallowness of Lake St. Clair and Lake Erie.

The largest lake in Ontario not contained in the Great Lakes is Lake Nipigon, situated north of Lake Superior. This lake is 70 miles long and 50 miles wide and is 852 feet above the sea.

CLIMATE

In 1957, temperatures in Toronto ranged from 92 degrees to —10 degrees Fahrenheit. The long-term average for the city is 46 degrees and for other parts of the Province is: north 37 degrees; south 47 degrees; east 42 degrees; and west 45 degrees. July is usually the warmest month, January the coldest.

Mean annual precipitation in Southern Ontario varies from 25 inches to 40 inches and in Northern Ontario from 15 to 40 inches. The highest precipitation occurs on the slopes facing the east coast of Lake Huron, Georgian Bay and Lake Superior. A band of heavy snowfall extends from London in the southwest to Owen Sound and then into the districts of Muskoka and Parry Sound.

On the average, more hours of bright sunshine are recorded at Toronto (2,047 hours) than at any other weather station in the Province. In the northern sector, New Liskeard and Moosonee have averages of 1,579 hours and 1,545 hours, respectively.

The Great Lakes exert a considerable influence on the climate of Ontario, particularly that of the southern section. They provide moisture in the summer, lengthen the frost-free period and moderate the winters.

HISTORICAL SUMMARY

THE FRENCH REGIME

What is now the Province of Ontario once formed part of New France. Among the chivalrous souls of that period, the names of Champlain, Frontenac and La Salle are inseparably linked with our early history. The lustre of their deeds and their devotion remains undimmed, and to them Canada owes a grateful and an enduring memory.

TREATY OF PARIS, 1763

Canada, including the area which comprises the present Province of Ontario, was ceded by France to Great Britain by the Treaty of Paris, signed on February 10, 1763. Great Britain expected little from the change, for at that time the total population of Canada was not 65,000. The western part was settled only around a few forts which had been built to keep open communication with the West.

QUEBEC ACT, 1774

Under this Act the colony was governed by a governor, sent from England, with French civil law and British criminal law. The first governor was Sir Guy Carleton.

AMERICAN REVOLUTION, 1775-1783

The American colonies, then colonies of Great Britain, revolted and won their independence.

TREATY OF VERSAILLES, 1783

The Treaty of Versailles gave the United States their independence.

FIRST SETTLEMENT, 1780-1784

The first actual English settlement in Ontario was on the shore of the Niagara River in 1780, when Governor Haldimand proposed that persons should be encouraged to settle around the forts there. His aim was to produce for the use of the garrison. By December, 1780, four or five families had settled and built themselves houses. The large immigration did not come until 1784, but by the end of that year ten thousand United Empire Loyalists had entered that part of Canada which lay west of Montreal. A new British colony had been formed. The American Revolution and resultant Loyalist immigration changed the official attitude. The sacrifices of these first immigrants laid the foundations of the present Province of Ontario.

Historical Summary

UNITED EMPIRE LOYALISTS

Feeling in the revolting thirteen colonies had not been unanimous in opposition to British rule, and with the victory of revolutionary arms the lot of the loyal element was not an enviable one. Thousands of loyalists were driven from their homes and were forced to leave behind any wealth and property which they might have accumulated, in seeking a new living in the backwoods of Canada or New Brunswick. The loyalists who came to Canada settled on the north shore of the St. Lawrence River and at Niagara.

THE CONSTITUTIONAL ACT, 1791

The United Empire Loyalists were English-speaking and had been accustomed to a large measure of self-government and they could not be content under the French system of land holding and the methods of government which prevailed in their new home. In 1791 the Constitutional Act, as it is now called, provided a new form of government for Canada and on December 26, 1791, the western part of the country was set up as a separate province with the name Upper Canada.

THE FIRST LEGISLATURE OF UPPER CANADA AT NEWARK, NOW NIAGARA-ON-THE-LAKE, 1792

The government was put in the hands of a Lieutenant-Governor, an Executive Council, a Legislative Council of not less than seven members, and an elected Assembly of sixteen. To Lieutenant-Colonel John Graves Simcoe, the first Lieutenant-Governor, was entrusted the task of setting up the new machinery of government and placing it in motion, which he did at the first meeting of the Legislature at Newark, now Niagara-on-the-Lake, on September 17, 1792. In 1797 the Legislature was moved to York (now Toronto), which had been made the capital of Upper Canada. English laws and English methods of land holding, provided by the Constitutional Act, attracted many immigrants from the United States. By 1812 the population had increased to 77,000.

THE WAR OF 1812-14

The demands of the citizens of the frontier states, who coveted the rich farm lands and virgin timber of Canada, forced the United States to declare war on Great Britain on June 18, 1812. Other causes based on British policy are given, but so far as Upper Canada was concerned the War of 1812 was a frontier struggle.

THE TREATY OF GHENT, 1814

The Treaty of Ghent, signed December 24, 1814, and ratified at Washington on February 18, 1815, ended the war.

Historical Summary

RUSH-BAGOT CONVENTION, 1817

This Agreement limited the number and size of naval vessels on the Great Lakes and thus laid the foundation for a lasting peace between the United States and Canada.

IMMIGRATION FROM BRITISH ISLES

Following the Treaty of Ghent, the type of immigration into Upper Canada changed. It is true that many Americans continued to come into the country but greater numbers came from the British Isles.

DEVELOPMENT OF UPPER CANADA

Upper Canada continued to be a pioneer community, but improved roads and the development of waterways indicated that the country was progressing. York increased in population and importance and in 1834 was incorporated as a city and the name changed to Toronto. At the same time small and scattered settlements were to be found in the whole area of what is now southern Ontario.

REBELLION OF 1837

The rise of reform in England and the democratic movement in the United States, combined with certain local conditions, had their effect. The reform groups demanded responsible government. The final outcome was an uprising on December 5, 1837, led by William Lyon Mackenzie.

LORD DURHAM'S REPORT, 1839

To cope with the critical situation the Home Government appointed the Earl of Durham as Governor-in-Chief of all five British North American provinces and as a special commissioner. In his report he recommended that the Home Government should grant responsible government to the provinces and that Upper and Lower Canada should be united.

ACT OF UNION, 1841

The provinces of Upper and Lower Canada were united on February 10, 1841, with Kingston as the capital.

SIGNING OF REBELLION LOSSES BILL— RESPONSIBLE GOVERNMENT

The principle of responsibility of the Executive to the will of the majority was not recognized until Lord Elgin became Governor of the united provinces. The question of indemnification of those in Lower Canada who had suffered loss during the rebellion of 1837 brought about

Historical Summary

the concession of Durham's first recommendation. The "Rebellion Losses Bill" was strongly denounced by many groups but the legislature supported the measure with a large majority. In spite of the representations made to him to dissolve parliament or to refer the Bill to the imperial authorities, Lord Elgin signed it on April 25, 1849. The principle of responsible government had been established.

THE BRITISH NORTH AMERICA ACT, 1867

The Act of Union was satisfactory for some years but deadlock between the various political parties and the unfair situation which gave Lower Canada, with a population of 30,000 less than that of Upper Canada, equal representation, combined to force political leaders to seek a more adequate organization. The development of railways and postal and telegraph services had overcome the isolation of the separate British North American provinces. A further influence on Canadian political development in the sixties was the American Civil War. The political leaders realized that union of the scattered provinces was necessary to protect their borders against invaders.

After much study and many political sacrifices the new Dominion of Canada was created on July 1, 1867. On that day Ontario, with Quebec, New Brunswick and Nova Scotia, began a new and greater existence.

In 1867 Ontario had a population of 1,500,000. The years which followed were marked by a quiet development which has maintained the position of Ontario as one of the leading provinces in the Dominion. Population now is estimated at approximately 5,890,000.

IMPERIAL CONFERENCE, 1926, "THE BALFOUR DECLARATION"

The Conference opened in London, England, on October 19 and continued until November 23. It was attended by governmental representatives and technical experts from all parts of the Empire.

All the questions on the Agenda affecting Inter-Imperial Relations were referred by the Conference to a Committee of Prime Ministers and Heads of Delegations, of which Lord Balfour was asked to be Chairman.

The status of Great Britain and the Dominions was defined as follows: "They are autonomous Communities within the British Empire, equal in status, in no way subordinate one to another in any aspect of their domestic or external affairs, though united by a common allegiance to the Crown, and freely associated as members of the British Commonwealth of Nations."

Historical Summary

The Committee also stated that "Equality of status so far as Britain and the Dominions are concerned is thus the root principle governing our Inter-Imperial Relations. But the principles of equality and similarity, appropriate to 'status,' do not universally extend to function. Here we require something more than immutable dogmas. For example, to deal with questions of diplomacy and questions of defence, we require also flexible machinery — machinery which can, from time to time, be adapted to the changing circumstances of the world."

IMPERIAL CONFERENCE, 1930

The Conference opened in London, England, on October 1 and continued until November 14. Governmental representatives and technical experts from all parts of the Empire were in attendance. The Prime Minister of the United Kingdom (The Right Hon. J. Ramsay MacDonald, M.P.), was asked to take the Chair at the meetings of the Conference and of the Heads of Delegations.

The first concern of the Conference was the relations of the Members of the British Commonwealth with one another in the political and constitutional field, the general principles of which were laid down in the report on the Conference of 1926.

The task of the 1930 Conference was to consider and give practical effect to the declarations of 1926. Other matters considered were Foreign and Economic conditions.

THE STATUTE OF WESTMINSTER, 1931

The Statute was passed December 11, 1931, and is designated as "An Act to give effect to certain resolutions passed by Imperial Conference held in the years 1926 and 1930."

Terms of the Statute are:

(1) The Colonial Law Validity Act, 1865, shall not apply to any law made after the commencement of this Act by the Parliament of a Dominion.

(2) No law and no provision of any law made after the commencement of this Act by the Parliament of a Dominion shall be void or inoperative on the ground that it is repugnant to a law of England, or to the provisions of any existing or future Act of Parliament of the United Kingdom, or to any order, rule or regulation made under any such Act, and the powers of the Parliament of a Dominion shall include the power to repeal or amend any such Act, order, rule or regulation in so far as the same is part of the law of the Dominion. The above provision extends in Canada to laws made by any of the Provinces of Canada and to the powers of the legislatures of the Provinces respectively.

Historical Summary

(3) Full power is given to the Parliament of a Dominion to make laws having extra-territorial operation. This provision does not extend to the Provinces of Canada and thus much conflict of laws is avoided.

(4) The Parliament of the United Kingdom may not legislate for a Dominion except by the request and consent of that Dominion.

(5) Certain provisions relating to merchant shipping.

(6) Certain powers of Dominion Parliaments in relation to Courts of Admiralty.
